<b>Introduction</b>	1
<b>I. General Requirements</b>	3
<b>A. Student Performance Standards and Student Assessment Program</b>	3
Student Performance Standards	3
Student Assessment Program	3
Participation of Student with Disabilities in the Student Assessment Program	5
Florida’s New Assessment for English Language Learners	6
<b>B. Entrance Requirements, Grade Placement Requirements, and Attendance</b>	6
Initial Entry	6
Health and Immunization Requirements	6
Age of Mandatory Attendance	6
Kindergarten Entrance	7
Grade 1 Entrance	7
Promotion of Students That Have Satisfactorily Completed Kindergarten	7
Outside of M-DCPS to Grade 1	7
Attendance	8
<b>C. Student Transfers and Registration</b>	8
Student Transfers within the District	8
Student Registration from within the State, Other States, Non-Public Schools, Home Education Programs, Military Families or Other Countries	8
Grade Placement	8
Age Discrepancy	8
Assessing Students	9
Students of Military Families	9
Evaluating Courses on a Student’s Record	9
Uniform Transfer of High School Credits	9
Out-of-State Students	10
Out-of-Country Students	10
Special Education Students	12
Section 504 Students	12
Students Other States or Countries Entering Grades 11 or 12	12
<b>D. Florida Home Education Program</b>	12
<b>E. Alternative Education and Dropout Prevention Programs</b>	13
<b>F. Placement into an Extended School Year Program for Students with Disabilities</b>	13
<b>G. Optional Participation in Other Educational Opportunities</b>	13

<b>H. Promotion and Retention Policies</b>	14
Promotion	14
Promotion of English Language Learners	14
Promotion of Students with Disabilities	14
Mid-Year Promotion for K-8 Students	14
Mid-Year Promotion for Retained Third Grade Students	14
Retention	15
Elementary School Retentions	16
Retention of English Language Learners in the Elementary School Grades	16
Retention of Third Grade Students	16
Identification of Students Not Meeting Satisfactory Student Performance Levels on State and District Assessments	17
The Role of Teacher Judgment	17
<b>I. Progress Monitoring</b>	17
Intervention and Intensive Courses for Elementary, Middle, Senior High Schools	18
<b>J. K-12 Acceleration Options for High Academic Achievement</b>	20
Academically Challenging Curriculum to Enhance Learning (ACCEL) Options	20
Credit Acceleration Program (CAP)	21
K-8 Assignment to Higher Grade or Higher Level Class	21
Middle School Acceleration Options	21
High School Acceleration Options	22
<b>K. Parental Notification</b>	25
Written Notification to Parents	25
Interim Progress Reports	25
Notification of Student Progress to Parents by Schools	26
Notification to Parents of Students with Disabilities	27
Reading Deficiency in Grades K-3 and Parental Notification	27
Notification to Parents of the Requirements for a Standard High School Diploma	27
Notification to Parents of Students in Grades 9-12 for Students Not Meeting Requirements	27
Notification to Parents of Students in Grades 9-12 Who Meet Early Graduation Requirements	28
<b>L. Grading and Reporting Student Progress K-12</b>	28
Kindergarten	28
Grades 1-12	29
Grade Forgiveness for Secondary Grades/Attendance and Grading	33
Conduct Grades	34
Effort Grades	35
Preparing Report Cards	35
▪ Grade Change Procedures	36
▪ Report Card Comments	37
▪ Academic Recognition of High School Graduates	38
<b>M. Special Provisions for the Grading of English Language Learners</b>	39

<b>N. Special Provisions for Students with Disabilities (SWD)</b>	44
<b>O. Establishment of Increased Requirements</b>	46
<b>II. ELEMENTARY SCHOOL REQUIREMENTS</b>	47
<b>A. Required Program of Study</b>	47
<b>B. Virtual or Blended Programs</b>	51
<b>C. Required Topics of Study for Elementary Grades</b>	51
<b>D. Reading Deficiency and Parental Notification</b>	51
<b>E. Good Cause Exemptions for Grade 3 Students</b>	53
<b>F. Successful Progression for Retained Third Grade Students</b>	54
<b>G. Student Performance Expectations and Monitoring Student Progress</b>	56
<b>III. MIDDLE GRADES REQUIREMENTS</b>	59
<b>A. Required Program of Study</b>	59
<b>B. Promotion, Retention and Academic Support for Students</b>	62
<b>C. Required Topics of Study for Middle Grades</b>	65
<b>D. Acceleration for High Achievement</b>	66
<b>IV. SENIOR HIGH SCHOOL REQUIREMENTS</b>	67
<b>A. Planning for High School and Postsecondary Experiences</b>	67
<b>B. High School Graduation Diploma Options, Designations and Certificates</b>	68
<b>C. Graduation Requirements for High School Students</b>	73
<b>D. Students with Disabilities: Statewide, Standardized Assessments and Course Accommodations</b>	81
<b>E. Concordant and Comparative Scores for the Statewide, Standardized Graduation Assessment</b>	85
<b>F. Senior High School Placement, Grade Promotion and Academic Support</b>	86

<b>G. Required Topics of Study</b>	88

<b>Second Language Proficiency</b>	
<b>Appendix I: Comparison of Individual Student Plans</b>	129
<b>Appendix J: End of Course Assessment Waiver for SWD</b>	133

## Introduction

Miami-Dade County Public Schools (M-DCPS) is committed to providing all students with a quality education, inclusive of academic support and enrichment opportunities, as determined by the needs of each student for successful K-12 progression and high school graduation. The District's mission defined in [School Board Policy 2105- Mission of the District](#) further explains the commitment to our students.

Furthermore, the District's 2015-2020 Strategic Blueprint, [Vision 20/20](#) guides the work of the District, in support of its singular goal, student achievement, as articulated through the:

**Vision:** We provide a world class education for every student.

**Mission:** To be the preeminent provider of the highest quality education that empowers all students to be productive lifelong learners and responsible global citizens.

### Values

- **Excellence:** We pursue the highest standards in academic achievement and organizational performance.
- **Equity:** We foster an environment that serves all students and aspires to eliminate the achievement gap.
- **Student Focus:** We singularly focus on meeting our students' needs and supporting them in fulfilling their potential.
- **Innovation:** We encourage creativity and adaptability to new ideas and methods that will support and improve student learning.
- **Accountability:** We accept responsibility for our successes and challenges and seek to transparently share our work in an ethical manner, as we strive toward continuous improvement.

### Singular Goal: Student Achievement

Each student succeeds academically, personally, and civically as measured by:

- Demonstrating age/grade level appropriate knowledge mastery,
- Having a post-secondary plan,
- Graduating, and
- Successfully entering higher education arena and/or the workforce.

The guidelines for student progression are delineated in this *2015-2016 Student Progression Plan for Miami-Dade County Public Schools*, [School Board Policy 5410](#), which provides guidance to teachers, school and district administrators, parents and other stakeholders regarding the requirements and procedures for students to progress from one grade to the next, kindergarten through grade 12 and adult education. The information presented in this document is derived from requirements set forth by Florida Statutes, State Board of Education Rules and policies established by The School Board of Miami-Dade County.

The *Student Progression Plan for Miami-Dade County Public Schools* is updated annually to reflect actions taken by the Florida Legislature, The Florida Board Of Education, the Florida Department of Education and The School Board of Miami-Dade County. The Florida Legislature requires that each district school board establish a comprehensive plan for student progression, as outlined in [1008.25, F.S. \(2\)](#). Any subsequent changes that would have an impact on this *Student Progression Plan* will be communicated through administrative directives or technical assistance memoranda.

## I. GENERAL REQUIREMENTS

### A. Student Performance Standards and Student Assessment Program

**Student Performance Standards:** The Florida Department of Education (FL-DOE) has developed student performance standards in language arts, mathematics, science, social science, the arts, health and physical education, and foreign language that define the skills and competencies for each subject. Pursuant to [s. 1008.25, F.S.](#), a student's progression from one grade to another is based on a student's mastery of the standards in English language arts, mathematics, science and social studies. The Next Generation Sunshine State Standards (NGSSS) and the Florida Standards (FS) have been adopted under section [1003.41](#), F. S. Grade progression for Miami-Dade County Public Schools' (M-DCPS) students is based, in part, on a student's mastery of the State's Standards. These grade level standards are included in the *Miami-Dade County Public Schools' District Pacing Guides* that support classroom instruction.

The FL-DOE has also created the NGSSS and FS Access Points for students with significant cognitive disabilities who are unable to access the standards for NGSSS and FS with allowable accommodations. The use of this modified curriculum is determined by the Individual Education Plan (IEP) teams. Students who are instructed using the NGSSS and FS Access Points must meet the criteria for exemption from the general statewide testing programs based on [State Board Rule 6A-1.0943](#).

**Student Assessment Program:** In Florida, each student must participate in statewide standardized assessments at designated grade levels and for designated courses, as required by [s. 1008.22](#), F.S. and School Board Policies 2605 and 2623. The primary purpose of the student assessment program is to provide student academic achievement and learning gains data to students, parents, teachers, school administrators and school district staff. This data is to be used by districts to improve instruction and by students, parents, and teachers to guide learning objectives.

The table on the following page, *Florida's Statewide Standardized Assessments for Public Schools*, lists the statewide assessments required by the Florida Department of Education for Florida's students to assess students' progress on the NGSSS and FS.

## Florida's Statewide Standardized Assessments for Public Schools

State Assessments Required for Florida Students	Subjects Assessed	Grades	Standards Assessed	Computer or Paper Based
Florida Standards Assessment English Language Arts (FSA ELA)	Reading, Language	3-10	FS ELA	Grade 3, paper based
	Writing, Listening	4-10		Grades 4-10, computer based
Florida Standards Assessment (FSA) Mathematics	Mathematics	3-8	FS Mathematics	Grades 3-4, paper based
				Grades 5-8, computer based
Florida Comprehensive Assessment Test (FCAT) 2.0 Science	Science	5 and 8	NGSSS	Paper based
FSA End of Course Assessments (EOC)	Algebra 1 Geometry Algebra 2	6-12  Eligible Students	FS Mathematics	Computer based
NGSSS EOC Assessments	Biology 1 Civics History	6-12  Eligible Students	NGSSS Science NGSSS Social Science	Computer based
Florida Standards Alternate Assessment (FSAA)	ELA Mathematics <u>NGSSS</u> Science Algebra Biology 1 Geometry	3 – 12  Eligible Students	Access Points for: FS ELA FS Mathematics NGSSS Science	Paper based
ACCESS 2.0 for ELL students Kindergarten ACCESS for ELLs ACCESS for ELLs 2.0 Alternate ACCESS for ELLs	English Language Proficiency	K-12 ELL Students	WIDA	K-12, Paper based
<p>*Paper-based accommodations are provided for eligible students with disabilities whose IEP or Section 504 indicates that online administration of these assessments will significantly impact the student's ability to perform.</p> <p>Note: The State expects all FSA assessments to be administered by computer by the 2017-2018 school year.</p>				

### **Participation of Students with Disabilities in the Student Assessment Program:**

Each district school board must provide instruction to prepare students with disabilities in the core content knowledge and skills necessary for successful grade-to-grade progression and high school graduation as explained in s. [1008.22](#), F.S. Each student with a disability has the opportunity to participate in the statewide assessment program and any districtwide assessment of student achievement with allowable accommodations, if determined appropriate by the IEP team and recorded on the student's IEP. Students with significant cognitive disabilities, who are receiving instruction in the FSA/NGSSS Access Points, will be assessed with the Florida Standards Alternate Assessment (FSAA).

The [Exceptional Student Education Policies and Procedures](#) (SP&P), explains the requirements for the participation of students with disabilities in state and district assessments and should be reviewed for guidance.

**Waivers and Exemptions:** Information regarding assessment waivers for students with disabilities is explained in the [SP&P](#), to include the following:

- **Waiver of Statewide, Standardized Assessment Results for Students with Disabilities:** Per s. [1008.22\(3\)\(c\)\(2\)](#), F.S., criteria for eligibility for an EOC waiver is explained in the [SP&P](#). As determined by the IEP Team, students with disabilities who have taken the EOC at least once and/or FSA once or taken the FCAT at least twice may be eligible for an EOC waiver and a statewide standardized assessment waiver found on the Special Education Educational Management System (SPED EMS) [FM 6624](#). Beginning with students entering the 2014-2015 school year, the parent must approve the waiver requirements determined by the IEP Team; and is subject to verification for appropriateness by an independent reviewer selected by the parent as provided for in s. [1003.572](#).
- **Extraordinary Exemptions for Students with Disabilities:** In accordance with s. [1008.212](#), F.S., a student with a disability may be eligible for an extraordinary exemption from participation in a statewide standardized assessment or FSAA if the IEP team determines that a circumstance or condition prevents the student from physically demonstrating the mastery of skills that have been acquired and are measured by these assessments. The criteria for these exemptions are explained in the [SP&P](#) and in State Board Rule [6A-1.0943](#).
- **Child With Medical Complexity:** Pursuant to s. [1008.22](#),(10) F.S, in addition to the exemption option effective July 1, 2014, a child with a medical complexity may be exempt from participating in statewide, standardized assessments, including the Florida Standards Alternate Assessment. For a child who meets the definition of "medical complexity", if the parent consents in writing, and the IEP team determines that the child should not be assessed based upon medical documentation that the child meets the definition of a child with medical complexity, then the parent may choose one of three assessment exemption options. These include a one year exemption, a one-to-three year exemption, or a permanent exemption as explained in s. [1008.22](#),(10)(b). The criteria for these exemptions are explained in the [SP&P](#).

**Florida's New Assessment for English Language Learners:** Beginning with the 2015-2016 school year, a new assessment for English Language Learners (ELLs) will replace the *Comprehensive English Language Learning Assessment (CELLA)*. The *Assessing Comprehension and Communication in English State-to-State for English Language Learners (ACCESS 2.0 for ELLs)* is the new, annual summative English language proficiency assessment that will be administered to all Kindergarten through 12th grade ELL students. The assessment is aligned with the World-class Instructional Design and Assessment (WIDA) English Language Development Standards and assesses each of the four language domains of Listening, Speaking, Reading, and Writing. ACCESS for ELLs 2.0 monitors students' progress in acquiring academic English. The Kindergarten ACCESS for ELLs, ACCESS for ELLs 2.0 (grades 1-12), and Alternate ACCESS for ELLs, an assessment for English language learners with significant cognitive disabilities (grades 1-12) will be administered as a paper-based assessment during the 2015-2016 school year.

## **B. Entrance Requirements, Grade Placement Requirements, and Attendance**

**Initial Entry:** School Board Policy 5112 - *Entrance Requirements* establishes the admission and registration requirements for students entering school to include specific information regarding initial entry, proof of age, birth certificate, and verification of residence, health and immunization requirements, etc. The documents required for registration may be viewed at: [Admission, Registration and Immunization Requirements](#). The [2015-2016 Initial Entry Registration Procedures Handbook](#) is an important guide for following the proper initial entry procedures.

Students enrolling from out of state, other districts in Florida, or who are foreign born, must adhere to the same admission, and entrance requirements for registration. All students are assigned to attend the school in the district where their parents/legal guardians reside, unless the child has received an assignment to another school through a Parent Choice Student Transfer, or through Miami-Dade County Public Schools' School Choice & Parental Options.

**Health and Immunization Requirements:** All children are required to present tangible immunization and health examination documentation prior to admittance to a Florida public school for the first time. As required by s. [1003.22](#), F.S., district school boards must implement the requirements for health and immunizations outlined in this statute. For M-DCPS the health and immunization requirements are specified in the [Comprehensive Health Services](#) website.

**Age of Mandatory Attendance:** Per s. [1003.21](#), F.S., all children who have attained the age of six (6) years or who will have attained the age of six (6) years by February 1st of any school year or who are older than six (6) years of age but have not attained the age of sixteen (16) years, except as otherwise provided in Florida law, are required to attend school regularly during the entire school term. All children enrolling in a District school shall meet the immunization requirements in F.S. [1003.22](#) and provide evidence

of a physical examination. The documents required for registration may be viewed at: [Admission, Registration and Immunization Requirements](#). The [2015-2016 Initial Entry Registration Procedures Handbook](#) is an important guide for following the proper initial entry procedures.

**Kindergarten Entrance:** Children who will attain the age of five years on or before September 1st of the school year shall be eligible for admission to public kindergarten during that school year. Per [1002.69\(1\)](#), F.S., entering kindergarten students are to participate in the Florida Kindergarten Readiness Screener (FLKRS) within the first thirty (30) days of each school year to assess their readiness for school.

**Grade 1 Entrance:** Any child who will attain the age of six years on or before September 1st of the school year shall be admitted to grade 1 at any time during the school year if the child has successfully completed the kindergarten program or has otherwise met the criteria for admission or transfer in a manner similar to that applicable to other grades. The completion of kindergarten is defined as satisfactory completion in a public school, non-public school, or home education program from which M-DCPS accepts transfer of credit.

**Promotion of students that have satisfactorily completed Kindergarten outside of M-DCPS to Grade 1:** The assignment of a student to a higher grade should be made on the basis of the student's achievement and/or evidence that the student will benefit more from the instructional program at the advanced grade level. The probable long-range academic, social, and emotional effect of the decision should also be considered. Social promotion is prohibited per [1008.25, F.S.](#)

M-DCPS' procedures for promotion of a student from kindergarten to first grade, whose birth date falls after September 1, and whose parent presents documentation stating successful completion of kindergarten and promotion to first grade from a private institution, out-of-country or out-of-state are:

- Enrollment of the child into kindergarten for a maximum of ten (10) school days for a period of observation and assessment by the kindergarten teacher to determine readiness for grade 1;
- Recommendation by the kindergarten teacher for student promotion (if appropriate) to first grade;
- Approval by the school site principal for placement into first grade;
- Completion of Region Center Authorization for Promotion Form - Kindergarten to First Grade ([FM-6626](#));
- Formal notification to the parent that his/her child is receiving an accelerated grade placement;
- Placement of a copy of the parent's notification in the child's cumulative record folder; and
- The completed Region Center Authorization for Promotion Form - Kindergarten to First Grade ([FM-6626](#)), must be forwarded to Attendance Services so that the

necessary grade change may be entered into District Student Information System (DSIS).

**Attendance:** Regular and punctual school attendance are important to successful student progression. Students who are tardy or absent excessively from the instructional program will fall behind in academic achievement. Excessive school absenteeism precedes grade failure, loss of interest, and may result in students withdrawing from school. M-DCPS' attendance requirements are outlined in SB Policy 5200: *Attendance*. Furthermore, the Federal and State Compliance Office's [Student Attendance Reporting Procedures](#) should be consulted by school site personnel to ensure compliance with all required guidelines. It is also important to note that s. [1003.02\(1\) \(b\)](#), F.S. authorizes district school boards to establish policies that allow accumulated unexcused tardies and early departures from school to be recorded as unexcused absences.

### **C. Student Transfers and Registration**

**Student Transfers within the District:** When transferring a student from one school to another within the district, it is the sending school's responsibility to ensure that all student records are complete prior to withdrawing the student.

#### **Student Registration from within the State, Other States, Non-Public Schools, Home Education Programs, Military Families or Other Countries**

**Grade Placement:** The grade placement of students registering in M-DCPS from within the state, other states, non-public schools, home education programs, or other countries, will be determined by the principal of the receiving school, after an evaluation of the student's record has been made. For high school students, please refer to the [6A-1.09941 State Uniform Transfer of High School Credits](#), F.A.C. and additional information beginning on page 9. Credits should be interpreted so that the requirements for promotion and graduation are not retroactive, provided the student has met all requirements for the grade placement in the school or home education program from which the student is transferring.

**Age Discrepancy:** In the absence of educational records or if a student's records reflect an age discrepancy of two years or more, placement will be according to chronological age as indicated in the following chart:

## Student Chronological Age Assignment

Ages	Grade Level Assignment
5-10	Elementary School
11	Elementary school or middle school depending on grade configuration of the school
12-13	Middle School
14	Middle school or high school depending on the grade configuration of the school
15 or older	Senior high school

**Assessing students:** Students registering into the district should be immediately assessed for reading proficiency to determine if intervention is appropriate. This is especially important for grade 3 students. If a student registers after the administration of the statewide, standardized assessment (Florida Standards Assessment for English Language Arts) in grade 3, then, prior to the end of the school year, the school must determine whether the student is reading at a level of proficiency. That determination should be made utilizing previous school records, classwork, the M-DCPS [Grade 3 Reading Student Portfolio](#) and other assessments.

**Students of Military Families:** Miami Dade County Public Schools recognizes the importance of removing barriers to educational success imposed on children of military families. Furthermore, per [1003.05\(3\), F.S.](#), enrollment priority is given to students whose parents are on active military duty. The [2015-2016 Initial Entry Registration Procedures Handbook](#) provides the guidelines for enrolling students of military families. The [Interstate Compact on Educational Opportunity for Military Children](#), which has been adopted by many states, including Florida is another useful resource. This compact addresses common problems that affect military-connected children as a result of frequent moves and deployments. In support of this compact, the Local Action Plan was developed in partnership with the U.S. Army Garrison-Miami, U.S. Southern Command, and Miami-Dade County Public Schools. The Local Action Plan addresses issues of the timely transfer of records to ease student transition, practices which foster access to extracurricular programs, and procedures to lessen the adverse impact of moves. Additional information and assistance is available through the [Local Action Plan](#) and the [Division of Student Services](#) website.

**Evaluating Courses on a Student's Record:** When evaluating a student's record to determine the remaining credits needed for a high school diploma, retroactive requirements should not be imposed on the student. The [Transcript Review and Course Evaluation \(TRACE\)](#) is a system in the District Student Information System (DSIS) that records both secondary courses taken outside of the M-DCPS regular school day (PK-12) and EOC assessments that students pass for purposes of graduation and acceleration.

**Uniform Transfer of High School Credits:** Uniform procedures must be adhered to as delineated in s. [1003.4282](#), (7) F.S. and [F.A.C. 6-A.1.09941](#), for acceptance of transfer work and credits. If a student enrolls in a Florida public high school from out of

country, out of state, a private school, or a home education program and the student's transcript shows:

- A credit in Algebra 1, the student must pass the statewide, standardized Algebra 1 EOC assessment in order to earn a standard high school diploma unless the student earned a comparative score, passed a statewide assessment in Algebra 1 administered by the transferring entity, or passed the statewide mathematics assessment the transferring entity uses to satisfy the requirements of the Elementary and Secondary Education Act, 20 U.S.C. s. 6301.
- A credit in high school reading or English Language Arts II or III, in order to earn a standard high school diploma, the student must take and pass the statewide, standardized grade 10 ELA assessment, or earn a concordant score.
- If a student's transcript shows a final course grade and course credit in Algebra 1, Geometry, Algebra 2, Biology I, or United States History, the transferring course final grade and credit shall be honored without the student taking the requisite statewide, standardized EOC assessment and without the assessment results constituting 30 percent of the student's final course grade. [1003.4282,\(7\), F.S.](#)

**Out-of-State Students:** In order to be admitted to a M-DCPS school, a student enrolling from an out-of-state school or home education program must provide all required documentation as indicated by the Federal and State Compliance Office as indicated on the Initial Entry section of this document.

Entry by out-of-state students will be in accordance with the following guidelines:

- Any student who enrolls from an out-of-state public school or home education program and who does not meet regular age requirements for admission to Florida public schools shall be admitted upon presentation of the data required. However, if a student's records reflect an age discrepancy of two years or more, placement will be according to chronological age as indicated on the *Student Chronological Age Assignment* table on page 9.
- Any student who registers from out-of-state, a non-public school, or a home education program and who does not meet regular age requirements for admission to Florida public schools may be admitted if the student meets the age requirements for public schools or home education program within the state from which he or she is transferring and if the transfer of the student's academic credit is acceptable under the policies of the School Board. However, if a student's records reflect an age discrepancy of two years or more, placement will be according to chronological age as indicated on the *Student Chronological Age Assignment* table on page 9. Prior to admission, the parent must also provide the data required below.

**Out-of-Country Students:** Applicants with school records from out-of-country will be considered for admission under the same provisions as out-of-state students. All out-of-country students shall register at an elementary, middle, or senior high school serving the attendance area approved by the School Board for the actual residence of the parent.

**Out-of-Country Students-Placement:** Programmatic assessment of out-of-country students takes place at the school, with staff seeking to document what prior school experiences each new student possesses, by using the student's school records, transcripts, and other evidence of educational experiences to determine a recommended grade level placement. Students who have educational records from their home country must be placed in grade level/courses based on these records. However, if a student's records reflect an age discrepancy of two years or more, placement will be according to chronological age as indicated on the *Student Chronological Age Assignment* table found on page 9. Any adjustment resulting in lowering of grade level placement must be thoroughly documented with home language assessment data, e.g., tests, and class work. Any such lower grade level placement for English Language Learners (ELL) must be reviewed and approved by an ELL committee and submitted for district review to the Chief Academic Officer, Office Academics and Transformation, or designee. The parent must be informed prior to the grade level adjustment.

**Out-of-Country Students-Interpreting Educational Records:** In those instances where school site personnel are unable to interpret a transcript from a foreign country, the Foreign Records Department at the Federal and State Compliance Office will provide a detailed interpretation, translation, and conversion of all coursework taken at each grade level in the foreign country, along with the equivalent grade earned in each subject area. However, the student's enrollment in school shall not be delayed while the records are being evaluated by the Federal and State Compliance Office.

**Out-of-Country Students Without Educational Records:** Out-of-country students without educational records shall be placed according to the student's age. The student's age as of September 1<sup>st</sup> of the school year shall be the official age used to determine the appropriate grade level for placement. *The Student Chronological Age Assignment* table on page 9 should be consulted for placement.

Out-of-country students registering at the middle or senior high school level cannot be automatically placed in the lowest grade at that level. Principals shall take appropriate steps, in cooperation with the faculty, to assess the student's level of learning in the core content areas and recommend the most appropriate placement for the student. Principals will use testing, faculty interviews, and/or the advice of proper placement given by the [Foreign Records Department](#) at the Federal and State Compliance Office. For additional information, refer to the document entitled, [Foreign Student Placement and Student Visa Guidelines](#), Foreign Records Department.

A notarized statement indicating completion of a particular grade level from the student's parent, a school official from the student's native country, or from the student, if an adult, may be submitted to the principal of the receiving school. Upon receipt of the notarized statement, the principal of the school shall take appropriate steps, in cooperation with the faculty, to verify the student's level of learning in each of the courses identified on the statement. Principals will use testing, faculty interviews, or other professional procedures for the verification process.

Special care should be exercised to ensure that a student's limitation in his/her ability to communicate in English is not a factor to be considered in determining grade placement. Ultimately, grade placement is the responsibility of the principal in cooperation with the professional staff of the school. Once the most appropriate grade placement has been determined, credit and subject requirements associated with grades below the student's grade assignment are to be waived. In such cases, credit requirements shall not be retroactive.

Students who have not completed high school in their home country must be scheduled to attend courses at the high school level. Adult center placement should not be the primary alternative offered to these students.

**Special Education Students:** A Special Education (SPED) student is one who was previously enrolled as a SPED student in any other school district or agency and who is enrolling in a different Florida school district or in an educational program operated by the Department of Education through grants or contractual agreements in accordance with s. [1003.57](#), F.S. For information about SPED students, see the [SP&P](#), which is incorporated into Board Policy 2460, *Exceptional Student Education*.

**Section 504 Students:** A 504 student is a student who was previously enrolled in any other school or agency with an active Section 504 Accommodation Plan and who is enrolling in a Florida school district. Upon notification that a student is one with an active 504 Plan, the receiving school must review the existing 504 Plan and must revise it as needed.

**Students from Another State or a Foreign Country who Enter Grade 11 or 12:** Per s. [1003.433](#), F.S., students who enter a Florida public school at the 11th or 12th grade from out of state or out of country shall not be required to spend additional time in a Florida public school in order to meet the high school course requirements if the student has met all requirements of the school district, state, or country from which the student is relocating from. An out-of-state student who is enrolled in a Florida high school and has less than one academic year remaining in high school is exempt for the virtual course graduation requirement.

#### **D. Florida Home Education Program (FHEP)**

In Florida, home education programs are defined in [1002.41, F.S.](#) and in School Board Policy 9270 *Home Education*, as the sequentially progressive instruction of a student directed by the parent. Within M-DCPS, the Federal and State Compliance Office provides information and guidance to parents who home school their children. The [Home Education website](#) is an important resource for families in Miami-Dade County who are interested in a home education program.

Students in grades K through 11, who may enter M-DCPS at any time throughout the year from the FHEP, are to be scheduled in sequential and rigorous academic courses based on the transcript, grades or portfolio presented at the time of enrollment.

Students in grade 12 from the FHEP may enroll in the corresponding M-DCPS school up until the end of the first semester of their senior year, exclusively. No 12<sup>th</sup> grade FHEP student will be accepted during the second semester of the senior year. Course credits, as presented in the FHEP portfolio at the time of enrollment at the receiving school, shall be officially validated exclusively at the completion of the 12<sup>th</sup> grade (second semester), based on the current student course performance at the receiving school.

If the student completes course credits in the assigned sequential classes during the second semester of the current year with a final passing grade, the FHEP course credits, as presented in the portfolio, are to be entered into TRACE with the letter grade of 'P' for pass; however, if the student completes course credit of the current year with a final failing grade, the FHEP course credits, as presented in the portfolio, are to be entered into TRACE with the letter grade of 'F' for fail.

### **E. Alternative Education and Dropout Prevention Programs**

Students who have the potential to overcome those deficits which are inhibiting progress, including those students who have been retained for two or more years, may be given an assignment to a special program, e.g., alternative education/dropout prevention program, or special class within the regular school. These students are to be provided instruction designed to continue their progress toward age appropriate proficiency level objectives and competencies.

A student with disabilities referred for placement into an alternative education program shall have an IEP review prior to that placement. A staff representative of Alternative Education shall participate in that review. This requirement shall not apply to a student served in a youth services program, an agency-based substance abuse program, or an in-school suspension program.

ELLs meeting the eligibility criteria for individual dropout prevention program categories shall be considered for placement and enrollment in the appropriate alternative education program based on student needs. Limited English proficiency shall not be used as a criterion for placement.

### **F. Placement into an Extended School Year (ESY) Program for Students with Disabilities**

For information about the Extended School Year (ESY) Program for students with disabilities, see [SP&P](#), which is incorporated by reference into Board Policy 2460 *Exceptional Student Education*.

### **G. Optional Participation in Other Educational Opportunities**

Parents have the option of allowing their child to take virtual courses in lieu of courses offered at a student's school. Placement in other educational opportunities, such as

Florida Virtual School, Miami-Dade Online Academy, magnet programs, and other Schools of Choice programs, is subject to School Board policies and established procedures governing participation in the particular program. In all such cases students are required to meet the minimum standards established for students in the regular program.

## H. Promotion and Retention Policies

**Promotion:** State and district requirements for promotion are established in this *Student Progression Plan*. Section [1008.25\(6\), F.S.](#) prohibits social promotion indicating that no student may be assigned to a grade level based solely on age or other factors that constitute social promotion. A student's progression from one grade to another is based on a student's mastery of the state standards in English language arts, mathematics, science and social sciences. This state statute also requires M-DCPS to set standards that students must meet for promotion to the next grade. The basis for making the determination to promote a student will reflect teacher judgment based on the following: progress tests, classroom assignments, daily observation, standardized tests, state assessments, and other objective data. The primary responsibility for determining each student's level of performance and ability to function academically, socially, and emotionally at the next proficiency level is that of the classroom teacher, subject to review and approval of the principal.

**Promotion of English Language Learners (ELLs):** Promotion for ELLs and ELLs with disabilities is to be based on the student's performance in the dominant language while the student is in the process of becoming independent in English. Promotion should be based on teachers' judgment of academic performance as reflected by report card grades and not on diagnostic assessments that require proficiency in English.

**Promotion of Students with Disabilities:** The established policy on student promotion is the same for students with disabilities as it is for the general education population. The IEP team does not have the authority to make promotion or retention decisions. ELLs with disabilities follow the promotion and retention procedures established for non-disabled ELLs. IEP/ELL committees have the obligation to convene and review the students' progress and to make recommendations. Florida statutes related to promotion supersede the authority of the IEP/ELL Committee.

**Mid-Year Promotion for K-8 Students:** Any student in grades K-8, with the exception of grade 3, who has been retained, may be assigned at any time during the next school year to the next higher grade upon teacher recommendation, if the principal determines that conditions for promotion have been met and that the student will be able to benefit from instruction at the higher grade.

**Mid-Year Promotion for Retained Third Grade Students:** Effective with the 2004-2005 school year, district school boards are required to adopt and implement a policy for the mid-year promotion of any student retained in third grade due to a reading deficiency as required by Section [1008.25\(5\)\(b\), F.S.](#) As per SBE [6A-1.094222](#), F.A.C.,

such mid-year promotions of retained third grade students should occur during the first semester of the academic year.

1. To be eligible for mid-year promotion, a student must demonstrate that he or she:
  - a. Is a successful and independent reader as demonstrated by reading at or above grade level;
  - b. Has met any additional requirements, such as satisfactory achievement in other curriculum areas, as determined by School Board policy.

For retained third grade students in M-DCPS, the Grade 3 Mid-Year Promotion assessment is used to determine reading proficiency for this purpose. Retained third grade students who receive at least the required minimum raw score and meet the requirements of 1 (a) and (b) may be eligible for the midyear promotion to fourth grade during the first semester of the academic year. Any retained third grade student who has been promoted mid-year to fourth grade must continue to be included in the schoolwide system of progress monitoring for the entire academic year and if necessary for additional school years.

**Retention:** Research indicates that grade retention should not be used as a widespread strategy or remedial action. While most of the research does not support retention, there are instances when a student who does not meet the levels of performance for student progression may be retained. This will provide the student with additional time to master the District and State standards in ELA, mathematics, science, and social science that are required for success in the next higher grade. Student progress toward achieving the levels of performance are measured through State assessments, District assessments, and other selected indicators, such as, classroom work, observations, tests, homework, and portfolios. The level of mastery of each objective and competency will vary from student to student, and all students should demonstrate growth toward mastery of objectives and competencies. Per s. [1008.25](#), F.S., third grade students who do not score a Level 2 or above on the statewide, standardized reading assessment, the FSA ELA, may not be promoted to grade 4 unless eligible for a good cause promotion. The good cause promotions for grade three students are explained in the *Elementary Requirements* section of this document beginning on page 52.

In order for a student to be retained, the academic grades in core subjects on a student's report card must reflect the student's inability to meet appropriate levels of performance even when interventions have been delivered and monitored with fidelity. The student should also have been included in the school's system of progress monitoring and parents should be aware of the student's academic deficiencies and the academic support provided by the school. Teachers and administrators have an obligation to provide timely intervention in an effort to prevent retention of students who have the potential to overcome academic deficits in selected areas without repeating an entire year of study. All students, and especially those in primary grades, who exhibit significant risk, must be given intensive intervention as soon as that risk is identified, in order to avoid retention. Students who meet all criteria for grade promotion should not be retained for other reasons that are beyond the scope of academic progress. Final

decisions regarding student promotion and retention are the responsibility of the principal.

**Elementary School Retentions:** If an elementary school student is to be retained, the retention intervention strategies must be completed as explained in Appendix B. If the school has an extraordinary reason for the inability to complete the required intervention strategies, a *Request for Waiver*, FM [4370](#), must be submitted to the Region Superintendent for any student to be retained.

**Retention of English Language Learners (ELLs) in the Elementary School Grades:** Retention recommendations for ELLs, with the exception of students in grade 3 with more than two years of participation in the ESOL program, require the review and approval by the ELL Committee. Progress monitoring and interventions, as well as ELL Committee recommendations, must be documented in the student's Individual ELL Plan.

Retention recommendations for ELLs in grades K-3 who have participated in the ESOL program for less than two years must be reviewed by the Department of Bilingual Education and World Languages, using [FM 7369](#). These retention recommendations must have documentation that indicates no progress in reading, writing, and mathematics in either English or the student's home language.

ELLs in grade 3 who have been in the ESOL program for less than two years may be exempted from the mandatory retention as provided in Section [1008.25\(6\)\(b\)](#), F. S. Promotion for ELLs in third grade with less than two years in an ESOL program is to be based on good cause #1 as defined on page 53 and the student's performance in the dominant language. These students may be retained if they are not making appropriate progress in their dominant language. Retention recommendations for third grade ELLs with less than two years in an ESOL program requires the review and recommendation of the ELL Committee, and must have documentation that indicates no progress in reading, writing, and mathematics in either English or the student's home language. The retention must be reviewed by the Department of Bilingual Education and World Languages using [FM 7369](#).

Third grade ELLs with more than two years in an ESOL program must meet grade level performance standards as provided in Section [1008.25\(6\)\(b\), F.S.](#), and are eligible for all other exemptions, including good cause #3, alternative assessments, and good cause # 4, student portfolio. Retention for ELLs in third grade with more than two years in an ESOL program must be based on the student's performance in English. The ELL Committee is to be convened for those students recommended for retention only to review each student's progress and to make recommendations for remediation activities. For these students the above-mentioned Florida statute supersedes the authority of the ELL Committee.

For the purpose of exemption from mandatory retention of third grade ELLs, under good cause #1, two years means no less than a total of two full calendar years as measured from the date the student entered a U.S. school, *Date Entered U.S. School* (DEUSS) to the date when the statewide standardized assessment scores from the grade three FSA

ELA are released. The criteria for making this determination should not include interruption of instructional services when ELLs withdraws from the school district and leaves the state or the country for 30 continuous days or more. DEUSS date must be used regardless of interruption of instructional services.

Retention recommendations for elementary ELLs in grades other than grade three require the review and recommendations of the ELL Committee regardless of the time in the ESOL program and must include documentation that indicates no academic progress in reading, writing, and mathematics in English or the student's home language as reflected by report card grades. It should not be based on diagnostic assessments that require proficiency in English.

**Retention of Third Grade Students:** As per [1008.25](#), F.S., to be promoted to grade 4, a student must score a Level 2 or higher on the required statewide, standardized English Language Arts assessment. If a student's reading deficiency is not remedied by the end of grade 3, the student must be retained unless eligible for a good cause promotion. The good cause promotions for grade three students are explained in the Elementary Requirements section of this document beginning on page 52.

## **Additional Promotion and Retention Information**

**Identification of Students Not Meeting Satisfactory Student Performance Levels on State and District Assessments:** The District provides school-site personnel with access to various reports on student performance data to assist in the identification of students who are not meeting district or state standards in reading, writing, mathematics, science and social science. School personnel may use these reports, as well as other relevant information, to identify students who need to be part of the school-wide system of progress monitoring.

**The Role of Teacher Judgment:** The teacher's judgment and the student's work portfolio play a critical role in the evaluation of a student's satisfactory performance and in the identification of a student's area(s) of academic need. Pertinent factors, such as teacher observation, classroom assessment results, and classroom performance, must be considered by the teacher in order to identify the intervention(s) and/or intensive instructional strategies that will assist that student in meeting district and state performance levels.

### **I. Progress Monitoring**

The academic progress of students must be monitored to ensure that students are mastering the standards for a grade level or course. In accordance with the requirements of s. [1008.25](#), F.S., each student who does not achieve a Level 3 or above on the statewide, standardized English Language Arts assessment (FSA ELA), the statewide, standardized Mathematics assessment (FSA Mathematics), or the Algebra 1 EOC must be evaluated to determine the nature of the student's difficulty, the

areas of academic need, and strategies for providing academic supports to improve the student's performance.

A student who does not achieve a Level 3 or above on the aforementioned standardized, State assessments must either be covered by an IEP or be included in a school's system of progress monitoring. The student's progress resulting from the academic support (interventions, tutoring, intensive reading/mathematics courses, etc., as applicable) must be monitored using the following assessments:

- Grades K-8: iReady Diagnostic Test (Reading and Mathematics)
- Grades 3-10: Midyear Assessments (ELA, Mathematics, Algebra 1)
- Grades 9-12: FAIR and assessments in reading courses and Edgenuity Virtual Tutor Diagnostic Test (Mathematics)

As a function of the schoolwide system of progress monitoring, instruction and interventions should be adjusted, as necessary, depending upon the student's academic growth and attainment of the grade level/course standards. As part of progress monitoring, parents must be informed of the student's areas of academic need. Please refer to the *Parental Notification* section of this document beginning on page 25 for additional information.

**Intervention and Intensive Courses:** Intervention and intensive courses are used to provide academic support to students who score below a Level 3 on the statewide, standardized assessments. For ELL students, placement into an intervention course requires the review and recommendation of the ELL Committee and the use of the appropriate ESAP code. The courses for elementary, middle and high school are listed in the following charts:

### Elementary Reading Interventions

Students/ Program	Reading Intervention Requirements	ESAP Programs
General Education	30 minutes daily of intervention should be allocated within the schedule	19
ESE	30 minutes daily of intervention should be allocated within the schedule	32
ELL	30 minutes daily of intervention should be allocated within the schedule	29
Intensive Acceleration Course	90 minutes daily intervention should be allocated with the schedule including Science and Social Studies	59

**Intensive Acceleration Course:** Senate Bill 7069 requires that school districts establish an intensive acceleration class for retained third grade students who scored in the lowest quintile (lowest 20%) on the required statewide, standardized assessment and for fourth grade students who were promoted due to Good Cause #6. The bill also requires districts to provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the Grade 4 Next Generation Sunshine State Standards in other core subject areas. The Intensive Acceleration class shall have a reduced teacher-student ratio, use a reading program that is scientifically research-based and be served by a "highly effective" teacher per s. [1008.25](#) (7)(b)4, F.S.

Students will continue receiving a 90-minute uninterrupted English Language Arts block, 30 minutes of writing, 60 minutes of mathematics, special area classes, and a 90-Minute Intensive Acceleration Class that will incorporate social science and science.

### **Middle School Intensive Mathematics and Reading Courses**

Middle schools may convert the following annual courses to semester courses for academic support purposes.

Number	Title	Repeatability	Credit	Certification
100001006	M/J Intensive Reading– Gr. 6	Yes	Annual: Elective	Reading
100001007	M/J Intensive Reading– Gr. 7	Yes	Annual: Elective	Reading
100001008	M/J Intensive Reading– Gr. 8	Yes	Annual: Elective	Reading
1000010E6	M/J Intensive Reading Enrichment - Gr. 6	Yes	Annual: Elective	Reading
1000010E7	M/J Intensive Reading Enrichment - Gr. 7	Yes	Annual: Elective	Reading
1000010E8	M/J Intensive Reading Enrichment - Gr. 8	Yes	Annual: Elective	Reading
1000010PL	M/J Intensive Reading Plus – Gr. 6-8	Yes	Annual: Elective	Reading
120400006	M/J Intensive Mathematics – Gr. 6	Yes	Annual: Elective	Any appropriate mathematics
120400007	M/J Intensive Mathematics – Gr. 7	Yes	Annual: Elective	Any appropriate mathematics
120400008	M/J Intensive Mathematics – Gr. 8	Yes	Annual: Elective	Any appropriate mathematics

## High School Intensive Mathematics, Reading and Science Courses

Senior high schools may convert the following annual courses to semester courses for academic support purpose:

Number	Title	Repeatability	Credit	Certification
100041001	Intensive Reading - Gr. 9-10	Yes	Annual: Elective	Reading
100041002	Intensive Reading Plus - Gr. 9-10	Yes	Annual: Elective	Reading
1000410EN	Intensive Reading Enrichment - Gr. 9-10	Yes	Annual: Elective	Reading
1000410RT	Intensive Reading Gr. 11 and 12 Retakers	Yes	Annual: Elective	Reading
1000410RP	Intensive Reading Gr. 11 and 12 Retakers	Yes	Annual: Elective	Reading
120040009	Intensive Mathematics – Gr. 9	Yes	Annual: Elective	Any appropriate mathematics
120040010	Intensive Mathematics – Gr. 10	Yes	Annual: Elective	Any appropriate mathematics
120040011	Intensive Mathematics – Gr. 11-12	Yes	Annual: Elective	Any appropriate mathematics
200030002	Intensive Science	Yes	Annual: Elective	Any Appropriate Science

### J. K-12 Acceleration Options for High Academic Achievement

In order to address the needs of students with high academic achievement at the elementary, middle and high school level, M-DCPS provides options for academically challenging curriculum and academic acceleration. These options, published annually in this document, are routinely communicated to schools and parents.

#### Acceleration Options for Grades K-12

**Academically Challenging Curriculum to Enhance Learning (ACCEL) Options:** As per [1002.3105, F.S.](#), ACCEL options are educational options that provide academically challenging curriculum or accelerated instruction to eligible public school students in kindergarten through grade 12. At a minimum, each school must offer the following ACCEL options: whole-grade and midyear promotion; subject-matter acceleration; virtual instruction in higher grade level subjects; and the Credit Acceleration Program

under s. [1003.4295](#). Additional ACCEL options may include, but are not limited to, enriched science, technology, engineering, and mathematics coursework; enrichment programs; flexible grouping; advanced academic courses; combined classes; self-paced instruction; rigorous industry certifications that are articulated to college credit and approved pursuant to ss. [1003.492](#) and [1008.44](#); work-related internships or apprenticeships; curriculum compacting; advanced-content instruction; and telescoping curriculum. Parents may make a request to the school principal for their child to be considered for an ACCEL option. Students must meet specified eligibility requirements. Appendix A *ACCEL Options* explains these requirements as well as procedural requirements for schools.

**Credit Acceleration Program (CAP):** As per Section [1003.4295](#), F.S., the CAP is created for the purpose of allowing a student to earn high school credit in Algebra 1, Algebra 2, Geometry, United States History, and/or Biology 1 if the student passes the EOC assessment. A student who is not enrolled in the course, or who has not completed the course, but attains a passing score on the corresponding EOC assessment will be awarded credit. The student's passing scores on the EOC may be "banked" for the accumulation of high school credit. The school district shall permit a student who is not enrolled in the course, or who has not completed the course, to take the assessment during the regular administration of the assessment.

**K-8 Assignment to Higher Grade or Higher Level Class:** Students in grades K-8 who meet academic performance criteria may be eligible for assignment to a higher level class or grade. The assignment of a K-8 student to a higher level class or grade which results in the student's skipping a prerequisite class or grade or part of a grade should be made on the basis of exceptionally high achievement by the student and evidence that the student will benefit more from the instructional program at the advanced class or grade level. The probable long-range academic, social, and emotional effect of the decision should be considered. The principal has the responsibility for assessing and recommending such assignments, but a child will not be accelerated without parental consent. [FM-2228](#) outlines criteria for promotion. It must be signed by a core academic area teacher, school counselor, principal, region and parent in order to advance the student. Once [FM-2228](#) is completed and signed by all parties, the grade level change is a school level function that can be implemented through DSIS. This form must be maintained in the student's cumulative folder.

### **Middle School Acceleration Options**

Students in grades 6, 7, and 8 may enroll in selected senior high school courses for the purposes of pursuing a more challenging program of study. Such courses are considered when computing grade point averages and rank in class. Up to six credits may be earned (with parental permission) in grades 6, 7, and/or 8, for courses taken, which may be applied toward the total credits needed for graduation, college admission, or for the Florida Bright Futures Scholarship requirements. The recommended courses are listed in the table, *Recommended Courses High School Courses for Middle School Students* on page 22. There are other options for courses that students may take through Florida Virtual School as explained on page 13. If a middle grades student

wishes to enroll in more than six high school credits, then the request should be made in accordance with the ACCEL option, beginning on page 20 and in Appendix A, *ACCEL Options*. School counselors should advise students of the potential benefits and risks of taking multiple high school level courses and monitor the high school courses taken at the middle school.

During the time students are enrolled in designated high school courses, they are considered to be grade 9 students for those class periods. Students and their parents shall be informed that all high school credit courses taken in the middle school will be included in their high school transcript. Factors to be considered in taking high school courses while in middle school include the impact on the students' GPA and subsequent rank in class, the possible lack of recognition by the National Collegiate Athletic Association (NCAA) for senior high school courses taken in a grade below grade 9, and the benefit of retaking a course in which skills have not been mastered. Courses taken will remain a part of a student's middle school record, as well as the student's senior high school record.

### **Recommended Courses High School Courses for Middle School Students**

<b>High School Courses for Middle School Acceleration</b>	<b>Additional Information</b>
Algebra 1 Honors, Pre-AICE Mathematics 1, or IB Middle Years Algebra 1	<ul style="list-style-type: none"> <li>▪ Courses offered by Florida Virtual School</li> <li>▪ Credit is contingent upon meeting EOC assessment grade requirement.</li> <li>▪ Passing the Algebra 1 EOC is a graduation requirement.</li> </ul>
Geometry Honors, Pre-AICE Mathematics 2, or IB Middle Years Geometry	<ul style="list-style-type: none"> <li>▪ Courses offered by Florida Virtual School</li> <li>▪ Credit is contingent upon meeting EOC assessment grade requirement.</li> </ul>
Physical Science Honors, Pre-AICE Physical Science	<ul style="list-style-type: none"> <li>▪ Courses offered by Florida Virtual School.</li> <li>▪ Must meet science lab requirements</li> </ul>
Biology 1 Honors, Pre-AICE Biology, or IB Middle Years Biology	<ul style="list-style-type: none"> <li>▪ Courses offered by Florida Virtual School</li> <li>▪ Credit is credit is contingent upon meeting EOC assessment grade requirement.</li> <li>▪ Must meet science lab requirements</li> </ul>
Any high school level Foreign Language 1 & above	<ul style="list-style-type: none"> <li>▪ Courses offered by Florida Virtual School.</li> </ul>

### **High School Acceleration Options**

Each high school shall advise each student of courses through which a high school student can earn college credit, including Advanced Placement, International Baccalaureate, Advanced International Certificate of Education, dual enrollment, early admission, and career academy courses and courses that lead to industry certification, as well as the availability of course offerings through virtual instruction. Students shall also be advised of the early graduation options under s. [1003.4281](#).

**Advanced Placement (AP):** AP is an acceleration mechanism administered by the College Board providing for college level instruction in high school. Postsecondary credit for an AP course may be awarded to students who earn a minimum of a 3 on a 5 point scale on the corresponding AP exam.

**Career and Technical Education:** Any career education course authorized for grades 13 or higher may be taken for credit by students in grades 9 - 12, based on the career objectives of the students. M-DCPS adheres to a policy of nondiscrimination in requirements for admission to and graduation from programs offered at postsecondary area technical centers operated by the district. The district will provide (on a case-by-case basis), waivers, accommodations, and reasonable substitutions in meeting the admission and graduation requirements for students with disabilities at postsecondary area technical centers.

**Career Pathway:** Career Pathway is a senior high school transition initiative that allows students to obtain a sequential program of study which leads to a postsecondary career. Career Pathway students typically select general programs of study; show interest in career technical fields; earn an industry certification, earn articulated post-secondary credits at select institutions; transition on to a two-year certificate program; or pursue an associate or baccalaureate degree. The Career Pathway program of study provides students with skills and knowledge through a variety of curriculum choices and college credits. The list of authorized Career Pathway courses is included in the [M-DCPS Course Code Directory](#).

**Credit by Examination:** Credit by examination is a method by which postsecondary credit is earned based on the receipt of a specified minimum score on a nationally standardized general or subject area examination.

**Dual Enrollment:** Dual Enrollment is an articulated acceleration mechanism open to eligible secondary students in Florida public schools. To enroll in dual enrollment academic courses, students must demonstrate a readiness to successfully complete college-level course work and have attained a qualifying grade point average. In order to determine the high school equivalency and the high school credit awarded for postsecondary courses completed through dual enrollment, please refer to the most current *FL-DOE Dual Enrollment Course – High School Subject Area Equivalency List*. The district must weigh college-level dual enrollment courses the same as Advanced Placement, International Baccalaureate, and Advanced International Certification of Education courses when grade point averages are calculated. The list of currently active and authorized courses for dual enrollment is printed in Curriculum Bulletin-I, which is published annually.

All high schools must follow the Dual Enrollment master scheduling protocols established by the Office of Information Technology Services (ITS) Systems Programming in order to ensure the capturing of Dual Enrollment data for students participating in both on-high school campus and off-high school campus dual enrollment courses. School Board Policy 2271-*Dual Enrollment Programs* outlines the District's policy.

**Early Admission:** Early admission is a form of dual enrollment through which eligible secondary students may enroll in a college or university on a full-time basis in courses that are creditable toward a high school diploma and the associate or baccalaureate degree. In order to be considered a full-time dual enrollment, early admission student, the student must enroll in a minimum of twelve (12) college credit hours but may not be required to enroll in more than fifteen (15) college credit hours.

**Early High School Graduation:** Students may qualify for early graduation, fewer than eight semesters, as per [1003.4281](#) F.S., if they meet specific requirements that include completing a minimum of 24 credits, achieving a cumulative grade point average of 2.0 on a 4.0 scale, and earning passing scores on all applicable state assessments meeting the graduation requirements set forth in [1003.4282](#) F. S. Schools shall notify parents of students who are eligible to graduate early. A student who graduates early may continue to participate in school activities and social events and attend and participate in graduation events with the student's cohort, as if the student were still enrolled in high school. A student who graduates early will be included in class ranking, honors, and award determinations for the student's cohort. A student who graduates early must comply with district school board rules and policies regarding access to the school facilities and grounds during normal operating hours.

If eligible for a Florida Bright Futures Scholarship Program award under ss. [1009.53-1009.538](#), a student who graduates from high school midyear may receive an initial award in the spring term following the student's graduation.

**ACCEL Eighteen (18) Credit High School Graduation Option:** As per s. [1002.3105](#), F.S., an 18 credit graduation option is available for a student who meets the applicable grade 9 cohort graduation requirements for a standard high school diploma as per [1003.4282](#), F.S. For the 18 credit graduation option:

- There are 3 elective credits instead of the 8 elective credits,
- Physical Education is not required, and
- The online course is not required.

**Florida Virtual School (FLVS):** Secondary students are eligible to enroll in the FLVS on a part-time basis. The courses offered are teacher-facilitated and are available throughout the state. Courses are based upon the NGSSS/FS or the requirements of The College Board. The courses have been assigned [Florida Course Code Directory](#) numbers and generate full middle and/or high school credit upon successful completion. Schools may view student enrollment online at [FLVS's web site](#) through a school account. A complete list of courses is available through FLVS's web site. For high school courses that may be available to middle school students, refer to the list of senior high school courses that may be taken by students in middle school. Parents have the right to choose the FLVS option for their children. A student's full-time school may not deny access to courses offered by FLVS assuming that the desired online course(s) is an appropriate course placement based on the student's academic history, grade level, and age. School counselors should provide academic advisement to ensure that students select appropriate courses and understand all implications for graduation and

postsecondary plans. These courses can be scheduled as part of or in addition to the student's regular school day.

**International Baccalaureate, Advanced International Certificate of Education and International Studies Programs:** The International Baccalaureate (IB) Diploma Program, the Advanced International Certificate of Education Program (AICE), and the International Studies (IS) are programs for which eligible high school students may receive postsecondary credit at community colleges and universities. In addition, successful completions of the IB curriculum or the AICE curriculum are two options to earn a standard high school diploma.

#### **K. Parental Notification**

Communication between the school and the parent is essential and parental notification of student academic progress is a requirement as indicted in s. [1008.25](#), F.S. For students from homes where a language other than English is spoken, every effort should be made for communication to take place in the parent's language. Guidance for communication with parents is provided in the following sections.

**Written Notification to Parents:** The parent or adult student must be notified in writing at any time during a grading period when it is apparent that the student may fail or is doing unsatisfactory work in any course or grade assignment. Parents should also be notified in writing when a student is receiving instruction in an accelerated class or grade placement to include courses taken with Florida Virtual School and/or other district-approved online courses. A copy of this notification should be placed in the cumulative record folder. An acknowledgment of the receipt of such notification should be obtained.

Report card grades must clearly reflect the student's level of achievement. The parent must be able to assume that students earning satisfactory grades in the regular program are achieving within the range appropriate or acceptable for their grade or the course in which they are enrolled. Any exceptions must be made clear through comments entered on the report card. The parent of any child who is to be retained shall be requested to attend a conference with the principal or designee.

**Interim Progress Reports:** An interim progress report must be sent home by the teacher to the parent at any time during the grading period when it becomes evident that the student is performing unsatisfactorily in academics, conduct, or effort. Interim progress reports will be disseminated to all students at mid-grading period that will reflect earned grade/performance evaluation to this point. Prior to the end of the grading period, if the student shows a decline in performance, a second interim progress report will be issued. It is the teacher's responsibility to award a grade commensurate with the student's performance. Additionally, the teacher shall send an interim progress report to the parents of students whose performance shows a decline prior to the end of each grading period to inform the parents of their child's status. In order to minimize paperwork, the interim progress report shall be transmitted on a standardized checklist type form.

The interim progress report form will include a place for the teacher to indicate that a parent conference is requested. The signature of a middle or senior high school student on the progress report form will not by itself constitute a comprehensive attempt to achieve contact with the parent. When, in the teacher's judgment, a conference with the parent is necessary, further attempts by mail or telephone are encouraged. However, if the parent does not respond to the request for a parent conference, it shall be the responsibility of school personnel to take, within reason, action to initiate a parent conference. If these actions fail, a conference cannot be forced upon the parent. The form will constitute verification of the original request.

Additionally, at the discretion of the teacher, the parent may be notified by a coded comment on the student report card that a teacher-parent conference is requested. Also, a teacher may issue an incomplete grade in place of the student's academic grade (which must still be reported to the principal) until such time as the parent responds to the request for the teacher-parent conference or until the student transfers or the course is completed.

When a parent has failed to respond to a previous request for a conference, a principal may elect to withhold issuing a report card for one grading period pending a conference with the parent.

**Notification of Student Progress to Parents by Schools:** Schools are to utilize a collaborative process to notify the parent when it is apparent that a student is not able to achieve at the minimum level expected of the grade. In cooperation with the parent, the teacher shall attempt to provide special assistance for the student. When students are from homes where a language other than English is spoken, such notification (written and oral), as well as important school documents, must be provided in the home language to the extent possible.

In order to assure consistency in reporting unsatisfactory progress to the parent, each school principal shall implement the following procedures:

- Each school will publish in its opening of school bulletin, school newspaper, student handbook, or other communiqués to parents and students the methods and procedures utilized to notify the parent of a student's unsatisfactory progress. The responsibility of the parent in this entire process should be specifically stated. Once the notification of unsatisfactory progress has been provided to the parent through interim reports during the grading period, it is incumbent upon the parent to contact school officials for further assessment of the student's performance.
- Teacher-parent conferences should take place when students are in need of academic improvement and when students are judged to possess unique academic potential. Teacher-parent conferences are recommended when students display a consistent pattern of disruption or demonstrate unacceptable academic achievement through failure to exert sufficient effort. Teachers shall afford the parent of every student an opportunity for a teacher-parent conference. Teacher-parent conferences must be conducted in the home language of the parents to the extent possible.

**Notification to Parents of Students with Disabilities:** Students with disabilities shall continue to receive the report card and a standardized interim progress report form that is received by general education students. In addition, the SPED EMS Status Report on Goals must be provided to the parent concurrent with the issuance of report cards. The report card provides parents with specific information regarding the students' mastery of the NGSSS/FS. The SPED EMS Status Report on Goals provides parents with specific information regarding the student's progress toward mastery of IEP goals.

**Reading Deficiency in Grades K-3 and Parental Notification:** Per the requirements in Section [1008.25, F.S.](#), the parent of any student, who exhibits a substantial deficiency in reading must be notified of specific information related to the student's deficiency and the academic support provided by the school, as explained in the *Elementary Requirements* beginning on page 52 of this document.

**Notification To Parents of the Requirements for a Standard High School Diploma:** In accordance with [1003.4282, F.S.](#), school districts must notify students and parents, in writing, of the requirements for a standard high school diploma, available diplomas designations, and eligibility requirements for state scholarship programs and postsecondary admissions.

**Notification To Parents of Students in Grades 9-12 for Students Not Meeting Requirements:** At the end of each semester, the parent of each student in grades 9-12, who is enrolled in the four-year, 24-credit standard graduation program, who has a cumulative grade point average of less than 2.5 must be notified that the student is at risk of not meeting the requirements for graduation. This notice shall contain an explanation of the strategies that can be implemented to assist the student in meeting the grade point average required for graduation.

Notification to the parent may explain that while a GPA between 2.0 and 2.5 has in the past represented satisfactory student progress, new higher standards assessed by the statewide, standardized assessments may require that the student and the parent be informed that continued good work is necessary to ensure that high school graduation requirements are met. The notice must contain an explanation of the policies and interventions the district has in place to assist the student in meeting the GPA requirement, which may include:

- grade forgiveness policies;
- academic advisement and counseling;
- volunteer and/or peer tutors; and
- school-sponsored help sessions.

Pursuant to district-adopted procedures, assessments of student achievement are required, as necessary, to accurately measure student progress and to report this progress to the parent. Student performance standards for each course in grades 9-12 for which credit toward high school graduation is awarded must correlate to the course requirements of state-adopted course descriptions. Teacher observations, classroom

assignments, and examinations may be considered appropriate methods of assessing student mastery.

**Notification to Parents of Students in Grades 9-12 Who Meet Early Graduation Requirements:** Students may qualify for early graduation, fewer than eight semesters, as per [1003.4281 F.S.](#), if they meet specific requirements that include completing a minimum of 24 credits, achieving a cumulative grade point average of 2.0 on a 4.0 scale, and earning passing scores on all applicable state assessments meeting the graduation requirements set forth in [1003.4282 F. S.](#) Schools shall notify parents of students who are eligible to graduate early. Students who graduate early may continue to participate in school activities and graduation and will be included in class ranking, honors, and award determinations for their cohort. A student who graduates from high school midyear may receive an initial Bright Futures Scholarship award during the spring term following graduation if the student applies for the scholarship award no later than August 31 of the graduation year.

#### **L. Grading and Reporting Student Progress K-12**

**Kindergarten:** Instructional staff should use such evaluative devices and techniques, as the electronic grade book, to communicate individual student growth and development without student comparison to the progress of others. Symbols stated in the Code of Development and parent conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion. A student's developmental progress should reflect the teacher's most objective assessment of the student's social, emotional, and academic achievement.

#### **Code of Development:**

**E = Excellent progress:** Code "E" (90-100%) indicates that the kindergarten student has demonstrated mastery of instructional objectives appropriate for the kindergarten program. The student consistently performs at a level above that which is expected in the kindergarten program.

**G = Good progress:** Code "G" (80-89%) indicates that the kindergarten student has demonstrated above average mastery of instructional objectives appropriate for the kindergarten program. The student consistently performs at a high level in the kindergarten program.

**S = Satisfactory progress: Progressing toward grade level expectations:** Code "S" (70-79%) indicates that the kindergarten student has made satisfactory progress in mastering instructional objectives appropriate for the kindergarten program. The student is performing at a level which will permit him/her to successfully complete the essential objectives of the kindergarten program.

**M = Minimal progress:** Code "M" (60-69%) indicates that the kindergarten student has mastered the minimal instructional objectives for the kindergarten program. The student consistently performs at the lowest acceptable level in the kindergarten program.

**U = Unsatisfactory progress:** Code “U” (59% and below) indicates that the kindergarten student has not mastered the minimal instructional objectives for the kindergarten program. The student consistently performs below acceptable levels in the kindergarten program.

When a numerical equivalent to an assigned letter grade of “E,” “G,” “S,” “M,” or “U” is used, the following apply and shall be communicated to the student and his/her parents:

GRADE	NUMERICAL VALUE	VERBAL INTERPRETATION	GRADE POINT VALUE
E	90-100%	Outstanding progress	4
G	80-89%	Above average progress	3
S	70-79%	Average progress	2
M	60-69%	Lowest acceptable progress	1
U	0-59%	Failure	0

**Grades 1–12:** Instructional staff is to use such evaluative devices and techniques as may be needed to report individual achievement in relation to school goals, acceptance norms, and student potential. Student grades, unsatisfactory work notices, parent reports on state assessment and/or the standardized testing, parent conferences, and adult student conferences should serve as the primary means of communicating student progress and achievement of the standards for promotion.

A student's academic grade should reflect the teacher's most objective assessment of the student's academic achievement. Students have the right to receive a conduct and an effort grade consistent with their overall behavior and effort.

Specific guidelines for grading student performance and for reporting student progress are provided below:

**Academic Grades:** Academic grades are to reflect the student's academic progress based on the standards for the grade level/course in which the student is enrolled. The grade must not be based upon the student's effort and/or conduct. The grade must provide for both students and parents a clear indication of each student's academic performance as compared with norms which would be appropriate for the grade or subject. As per Section [1003.437, F.S.](#), letter grades shall be used to measure student success in grade 6 through grade 12 courses with each letter grade corresponding to a specific percentile from zero to one hundred percent. The academic grades of “A,” “B,” “C,” “D,” “F,” or “I” are not related to the student's effort, conduct, attendance or tardiness. The letter grade of “I” will be reserved for middle and senior high school use

only. Grades in all subjects are to be based on the student's degree of mastery of the instructional objectives and competencies for the subject based on grade level competencies. The determination of the specific grade a student receives must be based on the teacher's best judgment after careful consideration of all aspects of each student's performance during a grading period.

In grades 1-12, a common report card grading system is to be used. Academic grades for students shall be "A," "B," "C," "D," "F," or "I" (I for secondary only). A brief explanation of the grades used in grades 1-12 follows:

**A** --A grade of "A" (90-100%) indicates that the student has demonstrated outstanding progress in the subject and/or the skills area. The student consistently performs academically at a level which is considerably higher than that of the typical student in the same program or course. The student has mastered skills well above those required for successful completion of the instructional program and has demonstrated an understanding of and an ability to utilize the content of the program effectively. An "A" student will have achieved and exceeded all of the instructional objectives and competencies established for the subject/course during the grading period.

**B** --A grade of "B" (80-89%) indicates that the student has demonstrated above average but not outstanding progress in the academic area. The student consistently performs at a level above that which is expected of the typical student in the same program or subject. The student has mastered content skills beyond those required for successful completion of the instructional program. The "B" student will be progressing at a rate that will enable him/her to have achieved virtually all of the instructional objectives and competencies established for the subject being graded.

**C** --A grade of "C" (70-79%) indicates average progress. The student performs at an average level in terms of mastery of skills/performance standards and/or content of the program. The student's rate of progress permits mastery of more than the minimal instructional objectives and competencies of the program.

**D** --A grade of "D" (60-69%) indicates the lowest acceptable progress in the mastery of skills and other course content and indicates that improvement is needed to achieve a satisfactory level of academic performance. The student's rate of progress is such that the minimal instructional objectives and competencies for the program will be mastered.

**F** --A grade of "F" (0-59%) indicates failure. Students functioning at this level are not mastering the minimal objectives and competencies required in the regular instructional program.

**I** --A grade of "I" (0) indicates performance insufficient to permit an evaluation. Secondary school students performing at this level may have their grade adjusted upon presentation of the required assignments. An incomplete grade for an annual or semester course must be resolved no later than two grading periods following the issuance of the incomplete grade. Extenuating circumstances may be approved by the principal.

When a numerical equivalent to an assigned letter grade of “A,” “B,” “C,” “D,” “F,” or “I” is used, the following apply and shall be communicated to students:

<b>GRADE</b>	<b>NUMERICAL VALUE</b>	<b>VERBAL INTERPRETATION</b>	<b>GRADE POINT VALUE</b>
<b>A</b>	<b>90-100%</b>	<b>Outstanding progress</b>	<b>4</b>
<b>B</b>	<b>80-89%</b>	<b>Above average progress</b>	<b>3</b>
<b>C</b>	<b>70-79%</b>	<b>Average progress</b>	<b>2</b>
<b>D</b>	<b>60-69%</b>	<b>Lowest acceptable progress</b>	<b>1</b>
<b>F</b>	<b>0-59%</b>	<b>Failure</b>	<b>0</b>
<b>I</b>	<b>0</b>	<b>Incomplete (secondary only)</b>	<b>0</b>

In grading students these numerical or letter grades are to be averaged to determine a student’s grade for a nine-week grading period. To determine an elementary student’s course grade, the letter grades for each of the nine-week grading periods are averaged for a given subject. To determine a secondary student’s course grade, the letter grades for the nine-week grading periods are averaged. If a teacher opts to provide an assessment at the end of nine-weeks, the value should not exceed five percent of the grade for annual courses or ten percent of the grade for semester courses.

In grades 1-12, when calculating the grade for a semester or annual course, the following grade point averages are to be used:

<b>Grade</b>	<b>Grade Point Average Range</b>
<b>A</b>	<b>3.50 and above</b>
<b>B</b>	<b>2.50 - 3.49</b>
<b>C</b>	<b>1.50 - 2.49</b>
<b>D</b>	<b>1.00 - 1.49</b>
<b>F</b>	<b>0 - .99</b>

**Grading Students with Disabilities:** Grading Students with Disabilities - Grades K-12. All teachers, regardless of a student's exceptionality, must assign grades utilizing the same report card as general education students.

The following statements apply to grading students with disabilities who are accessing the NGSSS/FS whose IEP indicates that the student does not meet exemption criteria from state and district tests:

- Grades are to reflect the student's academic progress based on the NGSSS/FS with the use of accommodations for the grade level/course in which the student is enrolled.
- The grade must not be based upon the student's IEP goals, effort or conduct.
- The grade must provide, for both students and parents, a clear indication of each student's academic performance as compared with norms which would be appropriate for the grade or subject, with appropriate accommodations if indicated on the IEP or section 504 plan.
- No student with disabilities shall be denied the opportunity to earn above average grades because of the provision of accommodations that were deemed appropriate by an IEP/Section 504 team.
- Receiving appropriate accommodations does not ensure average/above average grades.
- Specific information regarding the student's progress toward mastery of the IEP goals is not integrated into the academic grade.

The following statements apply to grading students with significant cognitive disabilities who are accessing the NGSSS/FS Access Points and whose IEP states that the student meets exemption criteria from the statewide standardized assessment and state and district tests:

- Grades are to reflect the student's academic progress on the NGSSS/FS Access Points.
- The grade must not be based upon the student's effort or conduct.
- Specific information regarding the student's progress toward mastery of the IEP goals is not integrated into the academic grade.
- The grade must provide, for both students and parents, a clear indication of each student's academic performance.
- Specific information regarding a student's progress toward mastery of IEP goals must be provided to the parent four times a year, concurrent with the issuance of report cards using the SPED EMS Status Report of Goals.

Students with disabilities who are ELL and are enrolled in basic courses, i.e., language arts, reading, mathematics, social science, and science taught by exceptional student teachers, shall be provided with appropriate second language strategies. Provisions for grading ELL exceptional students are delineated on the chart, Grading English Language Learners with Disabilities. (See Appendix F)

**Determining Final Academic Grades for Secondary Students:** In authorized annual courses, the student's final grade shall be determined by the teacher as follows: 25 percent value for each of four nine-week grading periods, with a provision for teacher override. A teacher may administer an assessment at the end of each nine-week grading period. The value of the assessment may not exceed 5 percent of the grade for each nine-week grading period. This equates to ten points required to pass an annual course using a 4.0 scale. In secondary courses with mandatory Florida End of Course (EOC) assessments, the EOC score must be included as 30% of the final course grade.

Students in grades 9-12, in order to pass an annual course must earn a minimum of 10 grade points, five of which must be earned in the second semester. Students in grades 6-8 must also earn a minimum of 10 grade points, but earning five points in the second semester does not apply. Teacher override (either up or down) can be used. A teacher exercising the override rule must have documentation for such a decision. See Appendix D for an explanation of teacher override. In secondary courses with mandatory Florida End of Course (EOC) assessments, the EOC score must be included as 30% of the final course grade.

### **Grade Forgiveness Policy for Secondary Grades/Attendance and Grading**

In grades 6-12, teachers may override the final grade of a semester or an annual course on the electronic gradebook, thus overriding the computation of the grade point average. The override option applies to raising a grade to a higher grade or lowering it. The grade forgiveness policy is addressed in [1003.4282, \(5\) F.S.](#)

**Grade Forgiveness in Grades 9-12:** For students in grades 9-12 the forgiveness policy for required courses is limited to replacing a grade of "D" or "F" with a grade of "C" or higher earned subsequently in the same or comparable course. The forgiveness policy for elective courses is limited to replacing a grade of "D" or "F" with a grade of "C" or higher earned subsequently in another course. In either situation when a student attempts forgiveness for a grade, only the new grade will be used to compute the student's GPA, but the lower grade will remain on the student's transcript and in the student's permanent record. Any course not replaced according to this policy shall be included in the calculation of the cumulative grade point average required for graduation.

**Grade Forgiveness in Middle Grades:** The only exception to these forgiveness policies shall be made for a student in the middle grades who takes a high school course for high school credit beginning and earns a grade of "C," "D," or "F." In such case, the forgiveness policy must allow the replacement of the grade with a grade of "C" or higher, earned subsequently in the same course or comparable course.

**Attendance and Grading:** Students in grades 6-12 who have 10 or more unexcused absences in an annual course or five or more unexcused absences in a semester course will be subject to the withholding of passing final grade(s) ("A" – "D"), pending a student/parent-requested administrative screening and/or review of all absences by the attendance review committee. If all course objectives and competencies have been appropriately mastered by the student, he/she may receive a passing final grade within

acceptable grade definitions. For additional information, as well as how attendance affects the grades of K-5 students, refer to School Board Policy 5200, *Attendance*.

Schools shall not exempt students from academic performance requirements, such as exams, based on practices or policies designed to encourage student attendance. A student's attendance record may not be used in whole or in part to provide an exemption from any academic performance requirement.

## **Conduct Grades**

Conduct grades are to be used to communicate clearly to both students and their parents the teacher's evaluation of a student's behavior and citizenship development. These grades are independent of academic and effort grades. The conduct grade must be consistent with the student's overall behavior in class and should not be based on a single criterion. The conduct grading system is as follows:

**Kindergarten:** Kindergarten conduct grades should be reported in the subject *Conduct* of the grade book on a weekly basis to be averaged each reporting period.

**Code E** indicates excellent conduct on the part of the student. The student consistently behaves in a manner acceptable for kindergarten age children and in accordance with classroom, school, and district standards.

**Code G** indicates good conduct. The student's overall conduct is nondisruptive and meets established classroom, school, and district standards.

**Code S** indicates satisfactory conduct. The student's overall conduct is generally nondisruptive and within an acceptable range with regard to classroom, school, and district standards.

**Code M** indicates some improvement is needed. The student occasionally demonstrates unacceptable behavior for kindergarten-age children in accordance with classroom, school, and district standards.

**Code U** reflects student behavior which needs improvement. The student consistently behaves in a manner unacceptable for kindergarten age children in accordance with classroom, school, and district standards.

## **Grades 1-12: Conduct Grade Codes and Descriptions**

**A** --A conduct grade of "A" reflects excellent behavior on the part of the student. The student consistently demonstrates outstanding behavior consistent with classroom, school, and district standards.

**B** --A conduct grade of "B" reflects consistently good behavior. The student meets established standards for student conduct.

**C** --A conduct grade of "C" reflects satisfactory behavior. The student's overall behavior is generally acceptable according to established standards of conduct.

**D** --A conduct grade of "D" shows that improvement is needed in the student's overall behavior. The student does not consistently demonstrate behavior which is acceptable.

**F** --A conduct grade of "F" reflects unsatisfactory behavior overall. The student regularly violates established classroom, school, or district standards of behavior.

### **Effort Grades**

Effort grades are utilized to convey both to students and their parents the teacher's evaluation of a student's effort as related to the instructional program. These grades are independent of academic and conduct grades. In assigning an effort grade, the teacher must consider the student's potential, study habits, and attitude.

**Kindergarten:** The level of effort may be indicated through various comments on the report card.

**Grades 1-12:** Three numerical grades are used to reflect effort in grades 1-12.

**1** --An effort grade of "1" indicates outstanding effort on the part of the student. The student will, when necessary, complete a task again in order to improve the results. The student consistently attends to assigned tasks until completed and generally exerts maximum effort on all tasks. The student consistently works to the best of his/her ability.

**2** --An effort grade of "2" indicates satisfactory effort on the part of the student. All work is approached with an appropriate degree of seriousness. The student usually finishes assignments on time and usually stays on task. The student usually works at a level commensurate with his/her ability.

**3** --An effort grade of "3" reflects insufficient effort on the part of the student. Little attention is paid to completing assignments well and/or on time or to completing them in a manner commensurate with the student's ability.

### **Preparing Report Cards**

All schools shall use a standard computer-generated report card appropriate for the school level as the primary means of reporting student progress. With the approval of the Regional Superintendent, schools may develop additional or supplementary reporting instruments which may be used in conjunction with the standard report card. Report cards are to be issued for all students, K-12, four times a year according to the schedule established in *Opening of Schools-Procedures and Schedules*.

In conjunction with the above requirements, the following guidelines should be adhered to:

- Report card grades are to provide the student and/or student's parent with an objective evaluation of the student's scholastic achievement, effort, and conduct, as well as the student's attendance, including absences and tardiness.

- Students' academic grades are to reflect their academic achievement. Students who receive passing grades on their report cards can be assumed to be working within a range acceptable for the grade or course.
- If a student in grades 1-5 is functioning below grade level in language arts/reading and/or mathematics, the student will receive the appropriate letter grade(s) and the teacher must enter Comment No. 21, "Working below grade level." Separate grades must be awarded by the teacher(s) for the subjects of language arts and reading. The assignment of the "Below Grade Level" indicator will be associated with language arts, reading, and mathematics. The appropriate letter grade for working below grade level in reading is "D" or "F."
- Students are to be advised of the grading criteria employed in the school and in each class prior to the beginning of the grading period. Students and their parents are also to be advised of district-wide standards for promotion and graduation as applied to the students' grade placement.
- For students with disabilities, accommodations and supports are to facilitate an accurate demonstration of what the student knows and can do. They should not provide the student with an unfair advantage or change the underlying skills of what is being measured. Furthermore, providing specially designed instruction, accommodations and support do not guarantee a student's success. However, they provide equal access to public education and FAPE.
- Grades in conduct and effort are to reflect objectively the student's progress independent of academic achievement. Standards for grading in these areas are to be explained to the students.
- CONDUCT implies the degree to which a student relates to others in socially acceptable ways; EFFORT implies the degree to which students have demonstrated a desire to learn or to engage in learning tasks which should lead to a mastery of educational goals.
- Students are to receive grades in all approved programs in the elementary school with the exception of students enrolled in Elementary Reading Intervention who will receive comment No. 23, "Intervention grade included in reading grade." If a student has not been enrolled in a program for a sufficient length of time for the teacher to evaluate the student's performance, Comment No. 31, "Insufficient attendance for grade," should be entered on the report card.
- The final report card for the school year shall contain a statement indicating end-of-year status or performance or nonperformance at grade level, acceptable or unacceptable behavior, attendance, and promotion or non-promotion.
- Students in full-time virtual school programs will not earn conduct or effort grades and will not receive comments on their report card.

**Grade Change Procedures:** M-DCPS has standardized procedures in the event that a teacher or a principal finds it necessary to change a student's grade. These procedures are to be followed by all schools and apply to all academic, effort, and conduct grades.

- The *M-DCPS Grade Change Request Form, Elementary Schools* (grades K-5), [FM-5650](#) and *Secondary Schools* (grades 6-12), [FM-6029](#), must be used for all grade changes. Specific procedures for initiating and processing requests for grade

changes are delineated on the *M-DCPS Grade Change Request Form, elementary and secondary*.

- If the principal of a school finds it is necessary to change a student's grade in any subject at the end of a grading period, the principal shall consult with the teacher who issued the original grade, give reasons in writing for the necessary change to the teacher, and place a copy of the reasons in the student's cumulative record folder.
- If a change in grade is made, as described above, it shall be recorded as the principal's grade and not the teacher's grade. Students and their parents shall be notified of all such changes.

**Report Card Comments:** Teachers are to utilize the teacher comments section of the report card to enhance communication with the parent. Comments may be added, deleted, or modified at the discretion of the Superintendent, and/or designee.

Report card codes and comments are as follow:

<b>CODE</b>	<b>COMMENT</b>
01	Receiving bilingual instruction in this subject
02*	Language Arts/Reading grade received within the ESOL grade (ESOL Level 1 only)
03	Please arrange for a parent/teacher conference
04	Understands and accepts responsibility
05	Receiving instruction in English using ESOL strategies
06	Demonstrates qualities of a model student
07	Puts forth maximum effort; very cooperative
08	Requires close supervision
09	Requires special help in following directions
10	Needs improvement in classroom behavior
11	Absences/tardies have seriously affected progress
12	Possesses leadership qualities
13	Is very self-directed; can work independently
14	Fails to complete required assignments
15	Shows excellent class attitude
16	Much improvement shown this grading period
17	Well prepared for class
18	Does not participate
19	Unprepared for class
20**	Working below proficiency level in this class
21*	Working below grade level
22*	Working above grade level
23*	Intervention grade included in reading grade
24**	Credit withheld due to excessive unexcused absences
25	Dual language instruction is provided in this subject
26	No grade awarded due to student's alternate assignment

27**	Dual enrollment course grade will only be posted at the end of the semester
28	Not used
29	Grade withheld pending parent/teacher conference
30	Online course provided by Florida Virtual: Grade posted at semester end
31	Insufficient attendance for grade
32**	Summer school recommended
33***	Requires Progress Monitoring for this academic year
34	Not used
35**	Met community service requirement
36**	Demonstrates exemplary community service
37	Not used
38	Not used
39**	No grade received because of limitations in evaluating progress
40	Override comment 45
41	Receiving academic assistance in this subject
42	Needs to be supervised when completing homework
43*	Has progressed beyond this level of instruction
44*	Has not progressed to this level of instruction
45	Low academic performance could cause retention in this grade
46	No longer taking this subject
47	Requires assistance and/or prompting to complete tasks
48	Curriculum has been modified
49**	No final grade assigned due to limited time of enrollment
50	Grade earned at other location

---

Symbols	Report Card Comment Use
*	elementary grades only
**	secondary grades only
***	elementary and secondary: reading and mathematics only

---

**Academic Recognition of High School Graduates:** The following honor designations are used by Miami-Dade County Public Schools for academic recognition of high school graduates. The criteria for academic recognition are based on a weighted GPA.

- **Cum Laude:** the upper 15% of the graduating class, excluding the Summa and Magna Cum Laude students, using a weighted GPA or students who have a 4.0 GPA or higher.

- **Magna Cum Laude:** the upper 10% of the graduating class, excluding the Summa Cum Laude students, using a weighted GPA.
- **Summa Cum Laude:** the upper 5% of the graduating class using a weighted GPA.

## **M. Special Provisions for the Grading of English Language Learners**

**Monitoring of Academic Progress:** All students who are not meeting grade level expectations should be monitored for academic progress by their teacher and in consultation with the parent. However, ELLs should be provided an opportunity to acquire some basic English language proficiency before inclusion in the schoolwide system of progress monitoring. The following guidelines should be used to determine the timelines for including ELLs in the schoolwide system of progress monitoring:

- All ELLs will participate in the assessments for monitoring progress.
- ELLs who have participated in the ESOL program for less than two years may be included in the schoolwide system of progress monitoring.
- ELLs who have participated in the ESOL program for more than two consecutive years and are not making any progress should follow the same guidelines for progress monitoring as general curriculum students.

In order to ensure ELLs' progress toward meeting grade level expectation in all five areas of reading (phonemic awareness, phonics, fluency, comprehension, and vocabulary), recently classified ELLs must be assessed following procedures stipulated in the District's K-12 [Comprehensive Research-Based Reading Plan](#) (CRRP) by the end of the first nine-weeks in an approved ESOL program

**Meeting Performance Standards:** ELLs, including ELLs with disabilities following standard curriculum, are required to meet student performance standards for the appropriate grade level. However, ELLs who have been in an approved program for less than two complete school years are exempt from having to demonstrate the standards in English for accountability purposes. The statutory requirement is to measure the student's ability toward attainment of the standards, regardless of whether that ability is demonstrated in English or the student's home language.

Even though mastery of standards can be demonstrated in the student's home language during the first two years, all ELLs must participate in statewide and district assessment programs, e.g., statewide standardized assessments, EOC, FAIR, as applicable, and ACCESS 2.0 for ELLs.

**Language Arts Through ESOL:** Instructional time for ELLs must be equal to the time non-ELLs are required to participate in the regular English language arts/reading program. The courses M/J Language Arts (1, 2, and 3) Through ESOL mirror the course descriptions for regular middle school Language Arts. In addition, all secondary ELLs, i.e., ESOL Levels 1-4 are required to take a second period of Developmental Language Arts Through ESOL.

**Home Language Arts (HLA)** HLA is the appropriate intervention for all ELLs. HLA teachers should monitor academic progress in the home language. ELLs who are not making progress in their home language, and are having difficulties in either ESOL or HLA, and do not seem to respond to a change in strategy or program model, should be assessed in Spanish, Haitian-Creole or in their native language, if possible. An ELL committee must be convened to determine alternative strategies or referral to School Support Team (SST). Please refer to the [Framework for Intervention for English Language Learners](#) (ELLs).

### **Grading of ELL Students**

**Kindergarten:** ELLs will follow the same grading codes as non-ELLs. For all marking periods the Code of Development specified in the report card should be followed, i.e., E - excellent progress; G - good progress; S - satisfactory progress; M - minimal progress; or U - unsatisfactory progress.

- **Language Arts/ESOL Development:** For students receiving the two hours of daily instruction from a combination of the ESOL teacher and the regular classroom teacher, grading is to reflect students' progress within Language Arts/ESOL, provided in accordance with their special language needs, whether in the ESOL classroom or in the regular classroom. This situation may require that more than one teacher grade the language arts component. For a student classified Level 1, Comment No. 02, Language Arts/Reading grade received within the ESOL grade, needs to be entered. This comment does not apply to a student who was retained and drops to an ESOL Level 1 on the language proficiency test.
- **Content (Mathematics, Social Science, and Science):** For ESOL Level 1 and Level 2 students receiving instruction in the home language, Comment No. 01, "Receiving bilingual instruction in this subject," is to be entered. Students who are receiving content area instruction in English using ESOL strategies from a regular classroom teacher must be given an evaluation that realistically reflects their achievement in this area, without interference from their lack of English proficiency. For such students, Comment No. 05, "Receiving instruction in English using ESOL strategies," is to be entered.
- **Fine Arts and Physical Education:** The Code of Development specified in the report card, i.e., code E, G, S, M, or U is to be given when it reflects the students' progress as a result of instruction provided in such a way that the students' lack of command of the English language does not affect progress.
- **Home Language Arts, i.e., Spanish-S, Haitian Creole Language Arts:** The Code of Development code E, G, S, M, or U that reflects the students' progress is to be given in oral communication, pre-reading, reading, and writing skills developed in the home language.
- **Elementary World Languages:** The Code of Development code E, G, S, M, or U is to be given which reflects students' development in oral communication and pre-reading skills in the second language.

## Grades 1-5:

- **Language Arts/Reading.** For newcomer ELL students (classified as ESOL Level 1), instruction is to be provided in Language Arts/Reading/ESOL; however, report card Comment Number 02 “Language Arts/Reading grade received within the ESOL grade” is to be given in Reading/Language Arts with an N/G on the report card. The ESOL grade is a combination of the ESOL, Reading and Language Arts grades.

All other ELL students (Levels 1-4, excluding Level 1 newcomers) receiving two or more hours of daily instruction, grading is to reflect the students' performance in Language Arts/Reading/ESOL and is to be provided in accordance with the students' special language needs, whether they are in the ESOL classroom or in the regular classroom.

ELLs, ESOL Levels 2- 4, in grades 1-5, receive an ESOL grade, as well as a reading grade and a language arts grade. The ESOL grade should reflect progress in English language development, i.e., vocabulary, listening, and speaking. The reading grade should be based on FS e.g., grade level basals, phonemic awareness, phonics, and reading comprehension. The language arts grade should reflect skills in grammar, spelling, and effective writing. If ELLs are not meeting grade level expectations in reading, the teacher must enter Comment No. 21, “Working below grade level,” and a grade of a “D” or “F” must be given in reading. (See Appendix F *Grading English Language Learners*.) ELLs whose ESOL Level dropped to Level 1 due to 2015 CELLA scores, should continue to receive an ESOL grade, as well as a reading and language arts grade. Note that full-time virtual school students will not receive a separate ESOL grade.

If the regular classroom teacher assigns a letter grade of "A"-“F,” the grade must reflect a level of performance consistent with the definition of these letter grades.

- **Mathematics.** For ESOL Levels 1 and 2 students receiving instruction in the home language, letter grades "A"-“F” with appropriate comments, if necessary, are to be given. Grades reflect the students' progress made in the students' home language. If the instruction is in the home language, then the assessment must be in the home language. Comment No. 01, "Receiving bilingual instruction in this subject," is to be entered. Students who are receiving mathematics instruction in English using ESOL strategies from a regular classroom teacher must be given a grade that realistically reflects their achievement in mathematics without interference from their lack of English proficiency. For such students, Comment No. 05, "Receiving instruction in English using ESOL strategies," is entered.

Students in grades 1-5 who are functioning below grade level in mathematics will receive the appropriate letter grade(s) and the teacher must enter Comment No. 21, “Working below grade level.”

- **Social Science and Science.** For ESOL Levels 1 and 2 students receiving instruction in the home language, letter grades of "A"-“F” are to be given which

reflect the students' progress made in the students' home language. Comment No. 01, "Receiving bilingual instruction in this subject," is to be entered. Students who are receiving instruction in English using ESOL strategies must be given a letter grade of "A"- "F" that realistically reflects their achievement without interference from their lack of English proficiency. For such students, Comment No. 05, "Receiving instruction in English using ESOL strategies," is to be entered.

- **Fine Arts and Physical Education.** Letter grades of "A"- "F" are to be given which reflect the students' progress as a result of instruction provided in such a way that the students' lack of command of the English language does not affect progress.
- **English for Speakers of Other Languages.** Letter grades of "A"–"F" are to be given which reflect the students' progress in vocabulary development and in oral communication (listening and speaking).

For intermediate students who receive part of their ESOL instruction from a regular classroom teacher, the ESOL grade may reflect performance in some language components, while the language arts grade may reflect performance in other components that are provided to meet their special needs. This may require that more than one teacher grade the language arts/ESOL components.

- **Home Language Arts (Spanish-S, Haitian Creole Language Arts)** Letter grades of "A"–"F" are to be given which reflect the students' progress in oral communication, reading, and writing skills developed in the home language. On the report card students whose home language is Spanish are graded under Spanish-S. Students whose home language is Haitian-Creole are graded under Home Language Arts. Students not participating, or with interrupted participation, in Home Language Arts are not to receive a letter grade. Instead, they should receive Comment No. 26 – "No grade awarded due to student's alternate assignment."

ELLs in grades 1-5 who are functioning below grade level in home language arts, i. e., Spanish-S or Haitian Creole Language Arts, will receive the appropriate letter grade(s) and the teacher must enter Comment No. 21, "Working below grade level."

For ELLs, home language arts constitute an alternate language arts program, and, as such, represent a portion of the comparable time required for ESOL instruction.

### **Grades 6-12**

- **Language Arts/English Through ESOL Courses (State required)** For the Language Arts Through ESOL (1,2,3) for grades 6-8, and English Through ESOL (1, 2, 3, and 4) for grades 9-12, letter grades of "A"–"F" are to be given which reflect the students' progress in meeting the course objectives. If the student is not meeting proficiency level expectations, the teacher must enter Comment No. 20, "Working below proficiency level as measured by benchmark testing."

- **Developmental Language Arts through ESOL (required)** For M/J Developmental Language Arts Through ESOL in grades 6-8, the Developmental Language Arts Through ESOL in grades 9-12 letter grades of “A”-“F” are to be given which reflect the students’ progress in all modalities of the language: listening, speaking, reading, and writing.
- **Other Courses.** In subject areas such as mathematics, science, and social science, students are given an appropriate letter grade of “A”-“F.” If students are receiving instruction in their own language, Comment No. 01, “Receiving bilingual instruction in this subject, is to be entered. If students are receiving instruction in English using ESOL strategies,” Comment No. 05, “Receiving instruction in English using ESOL strategies, is to be entered.”

Grades are to be given which reflect instruction provided in such a way that the students’ lack of command of the English language does not affect progress.

For ESOL Levels 1 and 2 students, when instruction in social science, science, and mathematics is provided primarily in English using ESOL strategies, it may not always be possible to evaluate the students’ progress on the basis of course content mastered. When that occurs, the teacher should not enter a grade, but should enter Comment No. 39, “No grade received because of limitations in evaluating progress.” If appropriate, the same procedure should be followed for the second and third grading periods, with the awarding of a letter grade being postponed until the last grading period. Even though grading may be postponed, there must be documentation, on a nine - week basis, toward achieving the requirements of the course. This option allows students to have a grade entered later and receive credit for the course when their English language proficiency permits an evaluation.

For students entering a Miami-Dade County public school after the third marking period and who have not met course requirements because of their late arrival, Comment No. 49, “No final grade assigned due to limited time of enrollment,” should be entered in lieu of the final grade. When this option is used, students will not receive credit for that course and it will have to be repeated.

The existence of these options in no way relieves the school of its responsibility to provide content area instruction in the home language when possible. This instruction may be provided by either placing ELLs into bilingual curriculum courses (BCC), or by providing ELLs the opportunity to seek assistance from the Home Language Assistance Program (HLAP). Principals are to make certain that teachers who are working with ELLs are fully aware of the services available at the school site and fully understand and exercise the appropriate options in awarding grades.

Teachers and administrators at all levels are reminded that documentation of ELLs’ progress toward completion of the District’s Student Progression Plan requirements must take place, whether such instruction is provided through ESOL strategies or through the home language, or some combination thereof. Inherent in this requirement is the assignment of letter grades or other alternative written documents

assessing ELLs' progress as set forth in this section, Special Provisions for English Language Learners, or other documentation as may be authorized by the School Board.

**Grouping in ESOL:** As stipulated in Florida Board of Education Rule, [6A-6.0904](#), and in the 1990 League of United Latin American Citizens (LULAC) et al. v. State Board of Education [Consent Decree](#), all ELLs are entitled to equal access to instruction in English which is equal in amount, sequence, and scope as that provided to non-ELLs. The Language Arts Through ESOL courses are grade level courses, not proficiency level courses.

ELLs in middle school are to be scheduled in the M/J Language Arts Through ESOL course by grade level and in the M/J Developmental Language Arts Through ESOL course by English proficiency level. In senior high school, ELLs are to be scheduled in the English Through ESOL course by grade level and in the Developmental Language Arts Through ESOL course by English proficiency level. To support the academic achievement of ELLs, schools should make every attempt to schedule the grade level course, not only by grade level, but also by ESOL language level. The goal is to provide grade level instruction that maximizes students' language abilities. All ESOL courses, which count as English credits, are described and listed in the [FLDOE Course Code Directory](#) by grade level. As of 2014-2015 school year and thereafter, ELL students may not be scheduled into multiple grade combined Language Arts through ESOL (6-8) or English through ESOL (9-12).

The M/J Developmental Language Arts Through ESOL (6-8) and Developmental Language Arts Through ESOL (9-12) courses listed in the [FLDOE Course Code Directory](#) are intended to address the language proficiency needs of ELLs and, as such, students in various grades may be grouped in these courses. Only two consecutive language levels may be grouped together. However, it is recommended that newcomer ESOL Level 1 students be grouped alone if possible. For other proficiency levels, grouping should be as follows: ESOL Levels 1 and 2 or ESOL Levels 2 and 3 or ESOL Levels 3 and 4.

## **N. Special Provisions for Students with Disabilities (SWD)**

**Instructional Time:** Students with disabilities must be provided the required instructional time for all subject areas and interventions, as that provided to their non-disabled peers.

**Placement Decisions for Students with Disabilities:** The general education setting should be the first consideration when determining placement for students with disabilities. To the maximum extent appropriate, core instruction should be delivered in the general education classroom to students with disabilities. Placement decisions must be individually made on the basis of each student's abilities and needs. These decisions should not be based on factors such as disabling condition or label, degree of disabling condition, availability of services or space, configuration of the service delivery

system, or administrative convenience. Schools must provide evidence that the regular classroom placement is not appropriate for the student, rather than other individuals (parents, teachers) having to prove that the regular classroom is appropriate. The information contained in the IEP for each student should form the basis for the placement decision. (Refer to FLDOE BEESS Technical Assistance Paper ESE 10744)

**Standard vs. Modified Curriculum:** General education course code numbers must be used for students with disabilities who participate in state assessments (e.g. FAIR, as applicable, statewide standardized assessments) and do not meet exemption criteria. General education course codes must be used for core subjects.

7000 level core courses (7700, 7800, 7900) listed in the [Florida Course Code Directory](#) are intended only for students with the most significant cognitive disabilities who are eligible under the Individuals with Disabilities Education Improvement Act (IDEA) and meet the Florida Alternate Assessment (FAA) criteria.

**Elementary:** A regular Elementary School Academic Program (ESAP) Code should be used when a student with disabilities accesses the general education curriculum in the general education classroom for all classes. General education courses should be reflected for courses taught in the general education classroom.

A special ESAP Code should be used when a student with disabilities has one or more classes taught by an ESE teacher. The courses taught in the separate/pullout setting should reflect the special education ESAP program code numbers.

For further information related to course codes for students with disabilities please refer to the current Local Education Agency Implementation (LEA) Guide or the *ESE ESAP Guide for Grades K-5*.

**Secondary:** General education course codes must be used for students with disabilities who are accessing the NGSSS/FS in a general education class and/or in a separate Special Education class taught by an SPED ESE teacher. The general education courses taught by an ESE Teacher in an ESE class must be hard-coded line 200. General education course codes used for students in general education classes taught by a general education teacher are not hard-coded line 200. For additional information please refer to the current Local Education Agency Implementation (LEA) Guide.

**Career and Technical Education Courses:** Students with exceptionalities may be enrolled in general or specialized career and technical courses. Selected career and technical education courses for students with disabilities may be used to satisfy the practical arts requirement for obtaining a standard diploma. Modifications to basic career and technical courses shall not include modifications to the curriculum frameworks or student performance standards. For students with disabilities in a job preparatory program, one or more pre-established *occupational* completion points may be pursued. [Rule 6A-6.0312 FAC](#), Course Modifications for Exceptional Students, may be used in developing modifications to preexisting Occupational Completion Points. These modifications are developed as a part of the Transition Individual Education Plan (IEP) process.

The courses listed under *Career and Technical Education for Students with Disabilities* are designed to meet the specialized career and technical skill needs of students with disabilities. These courses integrate select program standards from Career and Technical Education Programs. The particular outcomes and student performance standards, which the secondary student must master to earn credit, must be specified on an individual basis. These courses are appropriate when it has been determined that accommodations or the use of modified occupational completion points are not sufficient for the successful mastery of general career and technical courses. When modifying vocational courses, the particular outcomes and student performance standards that a student must master to earn credit must be specified on the student individual educational plan (IEP).

When the program is offered at the secondary level, a student may earn multiple credits. Multiple credits may be earned sequentially or simultaneously. A student earns one (1) credit when the student performance standards stated on the IEP are mastered. The job or jobs for which the student is being trained should be reflected in the student's desired post-school outcome statement on the Transition Individual Educational Plan (Transition IEP).

**Instructional Grouping for Students with Disabilities:** Under the IDEA Act, students with disabilities are required to have a free appropriate public education (FAPE) and as such are entitled to equal access to instruction which is equal in amount, scope and sequence as that provided to non-disabled students. Unless a school groups non-SWDs into multi-grade combinations in the same course/class, SWDs may not be grouped in this manner. Students with disabilities in a pull-out/resource model should have no more than two consecutive grade levels and one subject area within a single instructional block in order to ensure fidelity of instruction in core curriculum.

#### **O. Establishment of Increased Requirements**

Individual schools may establish requirements greater than the prescribed District requirements, subject to the approval of the Regional Superintendent, the Chief Academic Officer and the Superintendent of Schools, or designee. An increase in academic requirements shall not apply to students at the time of the increase. In each instance, the school shall establish school-level procedures for waiving such requirements for students with a demonstrated educational need.

## II. ELEMENTARY SCHOOL REQUIREMENTS

### A. Required Program of Study

The required program of study for elementary school grades in M-DCPS reflects State and District requirements, including the NGSSS/FS for elementary education, as contained in the *M-DCPS District Pacing Guides*. The following subject areas of study **are required** for the elementary programs offered in each grade, K-5:

Language Arts/Reading/ESOL	Music
Mathematics	Physical Education
Science	Safety Education
Social Science	Recess
Art	Basic Skills in the Home Language (ELLs) Spanish or Haitian Creole
Health	World Languages

**English Language Arts/Reading:** In grades K-5, 90 minutes of consecutive, uninterrupted, daily instruction in language arts/reading (**Required**). Students in need of immediate intensive intervention in reading will be scheduled for a minimum of an additional 30 minutes daily during the school day as described in the [K-12 Comprehensive Research-based Reading Plan](#) (K-12 CRRP).

- **ELLs:** ELLs are required to have the same instructional time as non-ELLs for language arts/reading. Teachers providing any portion of the Language Arts/ESOL instruction must have appropriate certification and required training, i.e., ESOL endorsement.
- **Students with disabilities** are required to have the same instructional time (90 minutes of uninterrupted daily instruction) in reading/language arts only within a single instructional setting. Other subjects must not be taught during the reading/language arts instructional time/block. Students with disabilities who are following the NGSSS/FS must be enrolled in general education courses. The general education classroom must be the first placement consideration for scheduling and providing access to these courses for students with disabilities.

**Writing:** In grades K-5, 150 minutes of weekly writing instruction with a minimum of 30 minute instructional blocks (**Required**).

- Students with disabilities are required to have the same instructional time as their non-disabled peers.
- For Extended Foreign Language and Dual Language Programs, a portion of the instruction may be delivered in the target world language, e.g., French, Spanish.

**Mathematics:** In grades K-5, 60 minutes of consecutive, and uninterrupted, daily instruction in mathematics **(Required)**.

- Students with disabilities are required to have the same instructional time as their non-disabled peers.
- For Dual Language Programs, (BISO, EFL and IS) a portion of the instruction may be delivered in the target world language, e. g., French, Spanish.

**Science:** In grades K-1, 60 minutes per week of science instruction **(Required)**. In grades 2-5, 150 minutes per week of science instruction **(Required)**. This instruction is to include a block of scientific investigations using the inquiry approach (science lab) once a week.

- Students with disabilities are required to have the same instructional time as their non-disabled peers.
- For Extended Foreign Language and Dual Language Programs, a portion of the instruction may be delivered in the target world language, e. g., French, Spanish.

**Social Science:** In grades K-1, 60 minutes per week of social science instruction **(Required)**. In grades 2-5, 120 minutes per week of social science instruction **(Required)**.

- Students with disabilities are required to have the same instructional time as their non-disabled peers.
- For Extended Foreign Language and Dual Language Programs, a portion of the instruction may be delivered in the target world language, e. g., French, Spanish.

**Art:** In grades K-1 art instruction will be provided by the classroom teacher through an interdisciplinary model that integrates art throughout the core subject areas of mathematics, language arts, science, and social science **(Required)**. If time is available in the art specialist's schedule, K-1 art instruction will be provided through a collaboration model between the art specialist and the classroom teacher. In grades 2-5/6, 60 minutes a week of art instruction provided by the art education teacher **(Required)**.

**Music:** In grades K-1 music instruction will be provided by the classroom teacher through an interdisciplinary model that integrates art throughout the core subject areas of mathematics, language arts, science, and social science **(Required)**. If time is available in the music specialist's schedule, K-1 music instruction will be provided through a collaboration model between the art specialist and the classroom teacher. In grades 2-5/6, 60 minutes of music instruction provided by the music education teacher every week **(Required)**.

**Recess:** In grades Pre-K through grade 5, 20 minutes twice per week or 15 minutes three times per week of recess **(Required)**.

**Physical Education (1003.455, F.S.):** In grades K-1, 150 minutes of weekly instruction of physical education provided by a teacher **(Required)**. In grades 2-5/6, 150 minutes of

weekly instruction of physical education provided by the physical education teacher **(Required)**.

**Interventions for RtI/MTSS:** In grades K-5, a minimum of 30 minutes of uninterrupted, daily, immediate intensive intervention (iii), is **required** for Tier 2 students in addition to instruction in the 90-minute reading block as defined by the [K-12 CRRP](#). Individual intervention beyond the initial block and iii is **required** for students which have been identified through the RtI/MTSS process as Tier 3. Based on RtI/MTSS, time requirements for these students, including students with disabilities, may be modified in art, music and social science. A minimum of 30 minutes of instruction each for art and music and 60 minutes for social science per week must be provided. For physical education, per statutory language, time requirements may be modified for students requiring intervention in Tiers 2 and 3 with a minimum of 60 minutes of instruction required per week.

**Home Language Arts:** (Spanish-S and Haitian-Creole) - In grades K-5, 150 minutes weekly of Home Language Arts for all ELLs **(Required)**. For ELLs, Home Language Arts constitutes an alternative language arts program, and as such, may represent the comparable time required for intervention. Recommendations regarding the most appropriate intervention for ELLs are to be made through the action of the ELL Committee. An Individual Educational Plan (IEP) Team can consider the provision of Home Language Arts for ELL students with disabilities. The IEP Conference notes must be documented with the decision.

**Curriculum Content in the Home Language:** (Spanish and Haitian-Creole) In grades K-5, Curriculum Content in the Home Language (CCHL) for ELLs, Levels 1 and 2, (with less than two years in ESOL based on ESOL program entry date) must comply with SPP instructional time requirements, e. g., for mathematics it must be 60 consecutive, uninterrupted minutes. CCHL may be scheduled using pull-out or in-class models **(Required)**. An Individual Educational Plan (IEP) Team can consider the provision of Curriculum Content in the Home Language (CCHL) for ELL students with disabilities. The IEP ELL section is documented with the decision.

### **Pathways for Bi-Literacy in Elementary Education**

- **Spanish-S:** In grades 3-5, 150 minutes weekly of Spanish-S instruction. **(School year 2015-2016 - Recommended; School year 2016-2017- Required)**
- **World Languages:** In grades 3-5, 150 minutes weekly of World Languages - Spanish (formerly Spanish-SL) instruction. **(School year 2015-2016 - Recommended; School year 2016-2017 - Required)**

### **Dual Language Programs**

- **Bilingual School Organization (BISO) Pre-K-8:** BISO schools offer a school-wide dual language program model. This program serves those students who are

especially interested in developing their bilingual and bi-literate proficiency in English and one other language. BISO schools follow an instructional schedule where 60% of the day is devoted to instruction in or through English and 40% of the day is devoted to instruction in or through the language other than English. The time for instruction in the several areas of study follows the norms established for all elementary schools with the addition of sixty minutes daily for language arts in the language other than English. Instruction in the curriculum content areas is delivered in or through both languages. Upper academy students at K-8 Centers and middle school students pursue language and literature courses in the language of choice and take an additional course of Humanities instructed in the language-other than-English. Time requirements are as follow:

- Model C: 300 minutes weekly of instruction of language arts/reading/writing in the target world language and additional instruction of two core subject areas in the target world language. **(Required)**
- **Extended Foreign Language:** All schools implementing Extended Foreign Language programs must provide a minimum of 300 minutes of language arts/reading/writing instruction weekly in the target world language. This may be accomplished by delivering a portion of the required English language arts/reading or writing instructional block in the target world language or integrating writing in science/social science as needed in selected time blocks. The two options are:
  - Model A - 300 minutes weekly of instruction of language arts/reading/writing in the target world language. **(Required)**
  - Model B - 300 minutes weekly of instruction of language arts/reading/writing in the target world language and additional instruction of a core subject area in the target world language. **(Recommended)**
- **International Studies (IS) Program K-12:** In the IS program, students pursue an academic curriculum with an international focus that addresses rigorous standards of both US and European Union (EU) educational system. At the elementary level the program is delivered in an extended day model. In addition to the study of standard subject areas in English, students receive up to three hours of instruction in the language of choice. At the secondary level students pursue studies in literature, mathematics, and the social sciences in the target language and are encouraged to work at the highest levels in Honors and Advanced Placement (AP) courses in English. Time requirements are as follow:
  - Model C: 300 minutes weekly of instruction of language arts/reading/writing in the target world language and additional instruction of two core subject areas in the target world language. **(Required)**

## B. Virtual or Blended Instructional Programs

K-5 students enrolled in virtual or blended instruction programs may have modifications to non-core instructional design and presentation. All schedules for these students will comply with Florida State Statutes as adopted for the school year. Non-core will be defined, for these purposes, as anything that is not mathematics, English language arts, reading, science, and social science.

## C. Required Topics of Study for Elementary Grades

In addition to the aforementioned required subject areas that comprise the elementary program of study, various topics are embedded throughout the K-12 curriculum. These are in accordance with State Statutes and/or District requirements. Furthermore, as applicable, the District-developed resources to support instruction for the topics listed below are accessible through links.

- Required topics per [1003.42](#), F.S. [1003.46](#), F.S.
  - [African American history and culture](#) (K-5)
  - [Character education \(K-5\)](#) and *School Board Policy 2290*
  - [Comprehensive Health Education](#)
  - Conservation of natural resources
  - Elementary principles of agriculture
  - [Hispanic contributions to the United States](#) (K-5)
  - [History and content of the Declaration of Independence and the U.S. Constitution](#) (K-5)
  - [Holocaust education](#) (K-5)
  - History of the State
  - [Human Growth and Development](#) *School Board Policy 2417* (K-5)
  - Kindness to animals
  - [Pedestrian/bicycle safety](#) (K-5)
  - [Sacrifices made by veterans in protecting democratic values](#) (K-5)
  - [Women's contributions to the United States](#) (K-5)
  - Substance abuse education (K-5) *School Board Policy 5530*
- Child abuse prevention education (K-5)
- [HIV/AIDS Education](#)
- [Water safety](#), W.H.A.L.E. Tales (K-5)
- Digital Citizenship (K-5)
- [Multicultural education](#) (K-5) *School Board Policy 2225*
- [Bullying Curriculum](#) (K-5) [1006.147](#), F.S., *School Board Policy 5517.01*
- [Sexting Curriculum](#) (K-5) *School Board Policy 5136.02*

## D. Reading Deficiency and Parental Notification

Per s. [1008.25](#), F.S., any student who exhibits a substantial deficiency in reading, based upon locally determined or statewide assessments conducted in kindergarten or grade 1, grade 2, or grade 3, or through teacher observations, must be given intensive reading instruction immediately following the identification of the reading deficiency. The student's reading proficiency must be monitored and the intensive instruction must continue until the student demonstrates grade level proficiency in a manner determined by the district, which may include achieving a Level 3 on the statewide, standardized English Language Arts assessment. For strategies to assist students in grades K-3 with reading deficiencies, see the [K-12 CRRP](#).

To be promoted to grade 4, a student must score a Level 2 or higher on the statewide, standardized English Language Arts assessment required under [s. 1008.22](#) for grade 3. If a student's reading deficiency is not remedied by the end of grade 3, as demonstrated by scoring Level 2 or higher on the statewide, standardized assessment required under [s. 1008.22](#) for grade 3, the student must be retained.

The parent of any student, who exhibits a substantial deficiency in reading, as described in paragraph (a), must be notified in writing of the following:

- That his or her child has been identified as having a substantial deficiency in reading
- A description of the current services that are provided to the child
- A description of the proposed supplemental instructional services and supports that will be provided to the child that are designed to remediate the identified area of reading deficiency
- That if the child's reading deficiency is not remediated by the end of grade 3; the child must be retained unless he or she is exempt from mandatory retention for good cause.
- Strategies for parents to use in helping their child succeed in reading proficiency.
- That the statewide, standardized English Language Arts assessment is not the sole determiner of promotion and that additional evaluations, portfolio reviews, and assessments are available to the child to assist parents and the school district in knowing when a child is reading at or above grade level and ready for grade promotion.
- The district's specific criteria and policies for a portfolio and the evidence required for a student to demonstrate mastery of Florida's academic standards for English Language Arts. M-DCPS administers the [Grade 3 Reading Student Portfolio](#) to compile evidence of students' reading mastery, which may be used in promotion decisions for grade three students who may score at Level 1 on the third grade FSA ELA.
- The district's specific criteria and policies for midyear promotion. Midyear promotion means promotion of a retained student at any time during the year of retention once the student has demonstrated ability to read at grade level. The M-DCPS midyear promotion policy is explained in the *General Requirements* section beginning on page 14.

## E. Good Cause Exemptions for Grade 3 Students

A student who does not score a Level 2 or higher on the statewide, standardized English Language Arts Assessment for grade 3 must be retained unless good cause is met.

The School Board may only exempt students from mandatory retention, as provided in [1008.25\(5\)\(b\)](#), for good cause. A student who is promoted to grade 4 with a good cause exemption shall be provided intensive reading instruction and intervention that include specialized diagnostic information and specific reading strategies to meet the needs of each student so promoted. The district shall assist schools and teachers with the implementation of reading strategies for students promoted with a good cause exemption which research has shown to be successful in improving reading among students who have reading difficulties. Good cause exemptions are limited to the following:

1. Limited English proficient students who have had less than 2 years of instruction in an English for Speakers of Other Languages program based on the Date of Entry into a U. S. School (DEUSS).
2. Students with disabilities whose individual education plan indicates that participation in the statewide assessment program is not appropriate, consistent with the requirements of s. [1008.212](#), F.S.
3. Students who demonstrate an acceptable level of performance on an alternative standardized reading or English Language Arts assessment approved by the State Board of Education.
4. A student who demonstrates through a student portfolio that he or she is performing at least at Level 2 on the statewide, standardized English Language Arts assessment. The [M-DCPS Grade 3 Reading Student Portfolio](#) is in place for all grade three students.
5. Students with disabilities who takes the statewide, standardized English Language Arts assessment and who have an individual education plan or a Section 504 plan that reflects that the student has received intensive instruction in reading or English Language Arts for more than 2 years but still demonstrates a deficiency and was previously retained in kindergarten, grade 1, grade 2, or grade 3.
6. Students who have received intensive reading intervention for 2 or more years but still demonstrate a deficiency in reading and who were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of 2 years. A student may not be retained more than once in grade 3.
7. Students who have received intensive remediation in reading or English Language Arts for 2 or more years but still demonstrate a deficiency and who were previously retained in kindergarten, grade 1, grade 2, or grade 3 for a total of 2 years. Intensive instruction for students so promoted must include an altered instructional day that includes specialized diagnostic information and specific reading strategies for each student. The School Board shall assist schools and teachers to implement reading strategies that research has shown to be successful in improving reading among low-performing readers.

Grade 3 students who are eligible for promotion due to having met good cause criteria may still be retained at the recommendation of the principal with review by Regional Center staff.

A student who is promoted to grade 4 with a good cause exemption shall be provided intensive reading instruction and intervention that include specialized diagnostic information and specific reading strategies to meet the needs of each student so promoted. The district shall assist schools and teachers with the implementation of reading strategies for students promoted with a good cause exemption which research has shown to be successful in improving reading among students who have reading difficulties.

**Request for Good Cause Exemptions for Third Grade Students:** Request for good cause exemptions from mandatory retention requirements must include the following:

- Documentation submitted from the student's teacher to the principal that indicates that the promotion of the student is appropriate and is based upon the student's academic record. Documentation shall only consist of the existing IEP, or ELL Plan if applicable, report card, or student portfolio; and
- Discussion between the teacher and the school principal to review the recommendation and make the determination if the student should be promoted or retained. If the school principal determines that the student should be promoted, the principal must submit the recommendation in writing to the Superintendent, or designee. The Superintendent, or designee, shall accept or reject the principal's recommendation in writing.

## **F. Successful Progression for Retained Third Grade Students**

Per [1008.25, F.S.](#), third grade students who did not score a Level 2 or higher on the statewide, standardized English Language Arts assessment and were retained in grade three must be provided intensive interventions in reading to ameliorate the student's specific reading deficiency, as identified by a valid and reliable diagnostic assessment. This intensive intervention must include effective instructional strategies, participation in the school district's summer reading camp, and appropriate teaching methodologies necessary to assist those students in becoming successful readers, able to read at or above grade level, and ready for promotion to the next grade.

Each school district shall:

1. Provide third grade students who were retained because they did not score a Level 2 or higher on the statewide, standardized English Language Arts assessment with intensive instructional services and supports to remediate the identified areas of reading deficiency. This includes participation in the school district's summer reading camp and a minimum of 90 minutes of daily, uninterrupted, scientifically research-based reading instruction, which includes phonemic awareness, phonics, fluency,

vocabulary, and comprehension and other strategies prescribed by the school district, which may include, but are not limited to:

- a. Integration of science and social science content within the 90-minute block.
  - b. Small group instruction.
  - c. Reduced teacher-student ratios.
  - d. More frequent progress monitoring.
  - e. Tutoring or mentoring.
  - f. Transition classes containing 3rd and 4th grade students.
  - g. Extended school day, week, or year.
2. Provide written notification to the parent of a student who is retained that his or her child has not met the proficiency level required for promotion and the reasons the child is not eligible for a good cause exemption. The notification must comply with the provisions of s. [1002.20\(15\)](#) and must include a description of proposed interventions and supports that will be provided to the child to remediate the identified areas of reading deficiency.
  3. Implement a policy for the midyear promotion of a retained third grade student who can demonstrate that he or she is a successful and independent reader and performing at or above grade level in reading or, upon implementation of English Language Arts assessments, performing at or above grade level in English Language Arts. Tools that school districts may use in reevaluating a student retained may include subsequent assessments, alternative assessments, and portfolio reviews, in accordance with rules of the State Board of Education. Students promoted during the school year after November 1 must demonstrate proficiency levels in reading equivalent to the level necessary for the beginning of grade 4. The rules adopted by the State Board of Education must include standards that provide a reasonable expectation that the student's progress is sufficient to master appropriate grade 4 level reading skills. Additional information about mid-year promotion of third grade students is outlined in the *General Requirements* section of this document on page 14.
  4. Provide retained third grade students with a highly effective teacher as determined by the teacher's performance evaluation.
  5. Establish at each school, when applicable, an Intensive Acceleration Class for retained grade 3 students who score Level 1 on the required statewide, standardized assessment identified in s. [1008.22](#). Information regarding the M-DCPS Intensive Acceleration Class is explained in the *General Requirements* section beginning on page 18. The focus of the Intensive Acceleration Class shall be to increase a child's reading and English Language Arts skill level at least two grade levels in one school year. ELL students that are not eligible for good cause #1 may participate based on ELL committee recommendations. The Intensive Acceleration Class shall:
    - a. Have a reduced teacher-student ratio.

- b. Provide uninterrupted reading instruction for the majority of student contact time each day and incorporate opportunities to master the grade 4 Next Generation Sunshine State Standards in other core subject areas.
- c. Use a reading program that is scientifically research-based and has proven results in accelerating student reading achievement within the same school year.
- d. Provide intensive language and vocabulary instruction using a scientifically research-based program, including use of a speech-language therapist.

## **G. Student Performance Expectations and Monitoring Student Progress**

**Assessment, Evaluation, and Monitoring of Student Progress:** A student's progress toward meeting the NGSSS/FS standards in reading, writing, mathematics, science, and social science must be assessed in order to monitor student progress and provide appropriate instructional programs and/or interventions. The criteria for evaluating student performance and the specific levels of performance for each grade and content area must be considered in this process. The evaluation of each student's progress must be based upon classroom work; District, school, and classroom tests; and other relevant information. Please refer to the Progress Monitoring section in the *General Requirements*, page 17.

ELLs who are not meeting District and/or State student performance levels in language arts/reading/ESOL, and/or mathematics and have participated in the ESOL program for more than two consecutive years, must be involved in the schoolwide system for progress monitoring. ELLs who have participated in the ESOL program for less than two years are to participate in the progress monitoring assessments for monitoring progress only. Reading proficiency of recently classified ELLs must be assessed following procedures stipulated in the District's [K-12 CRRP](#) by the end of the first nine-weeks in an approved ESOL program.

For students with disabilities, the IEP will constitute involvement in the schoolwide system for progress monitoring.

**Specific Levels of Performance in K-5:** Each student in grades K-5 must meet specific levels of performance in reading, writing, mathematics, science and social science for progression from one grade to another. If a student fails to meet specific levels of performance on District and State assessments, as specified in the table *Student Performance Standards and Performance Levels, Grades K- 5* on the following page and/or if the teacher judges that the student is not proficient, the student must be provided with appropriate interventions, and student progress must be monitored, per the schoolwide system of progress monitoring.

## Student Performance Standards and Performance Levels, Grades K- 5

Subjects	Grades	Performance Standards and Performance Levels
Reading	K	<ul style="list-style-type: none"> <li>Stanford Achievement Test, 10th Edition (SESAT 2) Sentence Reading percentile score at or above the 25th percentile</li> </ul>
Reading	1 and 2	<ul style="list-style-type: none"> <li>Stanford Achievement Test 10th Edition (SAT-10) Reading Comprehension percentile score at or above the 25th percentile</li> </ul>
Reading	3	<ul style="list-style-type: none"> <li>Grade 3 statewide, standardized ELA assessment Achievement level 2 or higher; or</li> <li>Mastery of benchmarks on the <a href="#">Grade 3 Reading Student Portfolio</a> (mastery consists of 3 acceptable demonstrations on each standard as demonstrated by a grade of seventy percent or above on each example)</li> <li>Passing score on a Florida Board of Education approved alternative assessment; ITBS (at or above the 50<sup>th</sup> percentile) or SAT-10 (at or above the 45<sup>th</sup> percentile).</li> </ul>
Reading	4 and 5	<ul style="list-style-type: none"> <li>Statewide, standardized ELA assessment Achievement level 3 or higher;</li> </ul>
Mathematics	K	<ul style="list-style-type: none"> <li>Stanford Achievement Test, 10th Edition (SESAT 2) Mathematics percentile score at or above the 25th percentile</li> </ul>
Mathematics	1-5	<ul style="list-style-type: none"> <li>Stanford Achievement Test, -10th Edition (SAT-10) Mathematics Problem Solving percentile score at or above the 25th percentile (grades 1, 2); or</li> <li>Statewide, standardized assessment Mathematics Achievement level 3 or higher (grades 3-5 only).</li> </ul>
Science	5	<ul style="list-style-type: none"> <li>Statewide, standardized Science assessment Achievement level 3 or higher (grade 5 only)</li> </ul>

**Specific Levels of Performance for Grade 3 Reading:** The specific levels of performance on the statewide, standardized assessment in reading for grade 3 must be attained by the end of grade 3 for promotion to grade 4. Only the statewide, standardized assessment, the [Grade 3 Reading Student Portfolio](#), or an approved alternative assessment, may be considered for determining student proficiency. However, District assessments as delineated in the [K-12 CRRP](#) and other relevant academic information can and should be considered in the identification of the specific reading deficiencies, in designing the appropriate instructional interventions, and to monitor student progress.

Grade 3 students must score at Level 2 or higher on the statewide, standardized ELA assessment to be promoted to grade 4 unless exempt from mandatory retention for

good cause. (Refer to good cause exemptions beginning on page 52 and to specific procedures for retention in the *General Requirements* section beginning on page 15). The levels of performance for the [Grade 3 Reading Student Portfolio](#) and the alternative assessments listed in the chart below for grade 3 reading have been set by the state as two of the good cause exemptions (Good Cause # 3 and # 4).

### III. MIDDLE GRADES REQUIREMENTS

#### A. Required Program of Study

**Required Courses for Students in Middle Grades:** The required program of study for middle grades students in M-DCPS reflects State and District requirements, including the NGSSS/FS for middle grades education, as contained in the *M-DCPS District Pacing Guides*. This program of study includes the required courses in mathematics, English/language arts/ESOL, social sciences, science, physical education, and career exploration, as well as a range of exploratory/elective areas, including but not limited to music, art, theatre arts, dance, foreign language, and career and technical education.

Students with disabilities who are following the NGSSS/FS must be enrolled in general education courses. The general education classroom must be the first placement consideration for scheduling and providing access to these courses for students with disabilities.

**Required Participation in State EOC Assessments:** Note that all students must participate in Florida EOCs if they are enrolled in the corresponding courses (Algebra 1, Algebra 2, Biology, Civics, and Geometry), and the results must constitute 30% of the student's final course grade. Students who did not take a required Florida EOC when enrolled, and received a "NG" instead of a final grade in the course, must take the assessment and have the EOC score included to receive a grade in the course.

As per [1003.4156](#), F.S., *General requirements for middle grades promotion*, in order for a student to be promoted to high school from eighth grade, the student must successfully complete the following courses:

- **English Language Arts (ELA): Three middle grades or higher level courses.**
- **Mathematics: Three middle grades or higher level courses.**
  - **EOC/High School Credit:** Each school that includes middle grades must offer at least one high school level mathematics course for which students may earn high school credit. Successful completion of a high school level Algebra I or Geometry course is not contingent upon the student's performance on the statewide, standardized EOC assessment.
    - **Algebra 1:** To earn high school credit for Algebra I, a middle grades student must take the statewide, standardized Algebra I EOC assessment and pass the course. A middle grades student is not required to earn a passing score on the Algebra 1 EOC assessment in order to earn high school credit or be promoted to high school. However, students must pass the Algebra 1 EOC assessment in order to earn a standard high diploma. Beginning with the 2013-2014 school year and thereafter, a student's performance on the Algebra I EOC assessment constitutes 30 percent of the student's final course grade.
    - **Geometry:** To earn high school credit for a Geometry course, a middle grades student must take the statewide, standardized Geometry EOC

assessment, which constitutes 30 percent of the student's final course grade, and earn a passing grade in the course.

- **Social Studies: Three middle grades or higher level courses.**
  - **Civics Course Requirement:** Beginning with students entering grade 6 in the 2012-2013 school year, one of these courses must be at least a one-semester civics education course that includes the roles and responsibilities of federal, state, and local governments; the structures and functions of the legislative, executive, and judicial branches of government; and the meaning and significance of historic documents, such as the Articles of Confederation, the Declaration of Independence, and the Constitution of the United States. Middle grades students must pass the Civics course in order to be promoted to grade 9. Beginning with the 2013-2014 school year, each student's performance on the statewide, standardized EOC assessment in civics education constitutes 30 percent of the student's final course grade.
  - **Civics course requirement for incoming transfer students:** A middle grades student who transfers into the state's public school system from out of country, out of state, a private school, or a home education program after the beginning of the second term of grade 8 is not required to meet the civics education requirement for promotion from the middle grades if the student's transcript documents passage of three courses in social studies or two year-long courses in social studies that include coverage of civics education.
  
- **Science: Three middle grades or higher level courses.**
  - **EOC/High School Credit:** Successful completion of a high school level Biology course is not contingent upon the student's performance on the statewide, standardized EOC assessment required under s. [1008.22](#). However, beginning with the 2012-2013 school year, to earn high school credit for a Biology 1 course, a middle grades student must take the statewide, standardized Biology I EOC assessment, which constitutes 30 percent of the student's final course grade, and earn a passing grade in the course.
  
- **Career and education planning: One course** of the state-approved courses is to be completed in the 6th, 7th, or 8th grade.
  - The course must be Internet-based, easy to use, and customizable to each student and include research-based assessments to assist students in determining educational and career options and goals. The course must result in a completed personalized academic and career plan for the student; must emphasize the importance of entrepreneurship skills; must emphasize technology or the application of technology in career fields; and, beginning in the 2014-2015 academic year, must include information from the Department of Economic Opportunity's economic security report as described in s. [445.07](#). The course may be implemented as a stand-alone course or integrated into another course or courses.  
The required personalized academic and career plan must inform students of high school graduation requirements, including a detailed explanation of the

diploma designation options provided under s. [1003.4285](#); high school assessment and college entrance test requirements; Florida Bright Futures Scholarship Program requirements; state university and Florida College System institution admission requirements; available opportunities to earn college credit in high school, including Advanced Placement (AP) courses; the International Baccalaureate (IB) Program; the Advanced International Certificate of Education (AICE) Program; dual enrollment, including career dual enrollment; and career education courses, including career-themed courses and courses that lead to industry certification pursuant to s. [1003.492](#) or s. [1008.44](#).

- **Physical Education:** Beginning with the 2009-2010 school year, as per [1003.455](#), F.S., one class period per day of physical education for one semester of each year is required for students enrolled in grades 6 through 8. The requirement shall be waived for a student who meets one of the following criteria:
  - The student is enrolled or required to enroll in a remedial course; or
  - The student’s parent requests in writing to the school that the student enroll in another course from among those courses offered as options by the school district; or
  - The student’s parent indicates in writing to the school that the student is participating in physical activities outside the school day which are equal to or in excess of the mandated requirement.

Parents are to be notified of the waiver options before scheduling students in physical education. Students may elect additional physical education courses.

**Summary of Required Middle Grades Courses:** The following table summarizes the general requirements for courses at the middle grades:

Grade	ELA ✖	Math	Social Science	Science	Physical Ed.	Electives	Totals
6	1♦	1*	1	1	.5	1.5	6
7	1♦	1*	1	1	.5	1.5▲	6
8	1♦	1*	1	1	.5	1.5	6

- ♦ Students scoring at Levels 1 and Level 2 on the statewide, standardized assessment for ELA may be enrolled in an intensive reading course in lieu of an elective course.
- \* Students scoring at Levels 1 and Level 2 on the statewide, standardized assessment for Mathematics may be enrolled in an intensive mathematics course in lieu of an elective course.
- ✖ M/J Language Arts Through ESOL, as appropriate. ELLs scoring at Levels 1 and 2 on the most recent administration of the statewide, standardized ELA assessment are to be enrolled in a second ESOL course. The M/J Developmental Language Through ESOL course will count as an elective credit. For ELLs who scored at Levels 1 and 2 on the most recent statewide, standardized ELA assessment, this course is taken in lieu of an intensive reading course.
- ▲ Students are required to be enrolled in a course listed in the *Florida Course Code Directory*, which includes the development of a personalized academic and career plan.

## **B. Promotion, Retention and Academic Support for Students**

In considering the promotion or retention of students, teachers and administrators must consider all available data including standardized test results, progress tests, daily assignments, teacher observation, and other objective information. The student's mastery of the course content in which he/she is enrolled, as determined by the teacher, is a further condition for passing the course. Teachers should continually observe and carefully assess each student's performance throughout the school year to determine if expected achievement levels are being met. Under no circumstances should student performance be judged solely on the basis of a test(s).

**Promotion:** Students in Grades 6 and 7, who pass four (4) or five (5) courses at each grade level, including language arts or mathematics, are to be placed in the next grade level and double blocked in the regular school year or enrolled in alternative models.

**Retention:** Students who pass less than 4 courses are retained in the same grade. Interventions must be continued, and progress must be monitored as specified in the schoolwide system of progress monitoring. Prior to a recommendation for a second retention, a student is to be referred to a SST for consideration of placement in an alternative program or initiation of the comprehensive SST collaboration process.

The table on the following page outlines the promotion and placement requirements for middle grades student progression.

## Summary of Promotion and Placement Requirements for Middle Grades Students

End of Grade	Courses Passed	Status
6	<b>All Courses Passed</b>	<b>Promoted to Grade 7</b> Regular 7 <sup>th</sup> Grade Student
6	<b>4-5 Courses Passed</b> Must pass language arts* or mathematics and at least 3 other courses	<b>7<sup>th</sup> Grade Student</b> Placed in grade 7 and scheduled to repeat courses not passed, as appropriate.
6	<b>Less than 4 Courses Passes in Grade 6</b>	<b>Retained in Grade 6</b>
7	<b>12 Cumulative Courses Passed</b> 6 courses passed in grade 6 a and 6 courses passed in grade 7	<b>Promoted to Grade 8</b> Regular 8th grade student
7	<b>8-12 Cumulative Courses Passed</b> 4 courses passed in grade 6 including language arts*, mathematics, science, and social science. 4-5 courses passed in grade 7 including 7 <sup>th</sup> grade language arts* or mathematics, science or social science, and/or a course which incorporates career and education planning.	<b>8<sup>th</sup> Grade Student</b> Placed in grade 8 and scheduled to repeat courses not passed, as appropriate.
7	<b>7-8 Cumulative Courses Passed</b>	<b>Retained in Grade 7</b>
8	<b>15-18 Cumulative Courses Passed</b> Must pass 3 courses each in language arts*, mathematics, science, and social science, including a course which incorporates career and education planning and 3 additional courses. The student must also have completed his/her personalized academic and career plan.	<b>Promoted to Grade 9</b>
8	<b>14 or Fewer Courses Passed</b>	<b>Retained in Grade 8</b>

\* M/J Language Arts Through ESOL as appropriate

**English Language Learners and Elective Courses:** For ELLs scoring at Levels 1 and 2 on the most recent administration of the statewide standardized assessment in ELA, only one elective course is allowed since the second elective is the required M/J Developmental Language Arts through ESOL

**Grade Forgiveness Policy:** The grade forgiveness policy for students in grades 6-8 is explained under the *General Requirements* section, page 33.

**Semester System:** There are mechanisms which make it possible for students to benefit from the advantages of a semester system without the disadvantages of major rescheduling at midyear or midyear promotions. (See Appendix D)

**Middle School Course Recovery Options:** Students in grades 6 - 8 may retake failed courses by means of the following middle school course recovery options:

- Students in grades 7 or 8 who have failed a language arts, mathematics, science, or social studies course are eligible to retake the course in a modified time frame. A student can be promoted to the next grade level, where, in addition to taking the current grade level language arts, mathematics, science, or social studies course, the student will take the failed course in a concentrated one semester format. The middle school course recovery option can be delivered in either a computer-based or traditional classroom instructional model or a combination thereof.
- Modified/flexible student schedules during the regular school day or placement in alternative models developed by schools to meet these criteria, e.g., Early Bird, Extended School Day.

**Academic Support for Middle School Students for English Language Arts and Mathematics per House Bill 7069:** As part of the changes resulting from House Bill (HB) 7069, beginning with the 2015-2016 school year, the Florida Legislature amended s. [1003.4156](#) F.S., deleting the requirement for middle school students who score at Level 1 or Level 2 on the ELA FSA and/or Mathematics FSA to be enrolled in a remedial course or a content area course in which remediation strategies are incorporated. However, HB 7069 also states that students who do not achieve a Level 3 or above on statewide, standardized assessments in ELA, mathematics and Algebra 1 must be evaluated to determine the nature of students' difficulties and areas of academic need and be provided academic supports to improve the students' performance. The Florida Department of Education authorizes school districts to establish local policy regarding instructional support, remediation and course enrollment that are in the best interest of students. As such, M-DCPS provides academic support through Intensive Reading and Intensive Mathematics courses for secondary school students because students must pass both the Grade 10 ELA FSA and the Algebra 1 EOC to graduate from high school. These courses, approved for use in the [Florida Course Code Directory](#), are in addition to the regular language arts and mathematics courses and are offered as electives.

**Parental Opt Out Procedure for Intensive Reading Classes:** A parent may request that their child not participate in the Intensive Reading courses in secondary schools. While it is not the recommendation of the District to remove students from the Intensive Reading courses given the State's graduation requirement of passing the Grade 10 ELA

FSA, the Office of Academics and Transformation has a “Parental Opt Out” Procedure for the 2015-2016 school year. The Opt Out Procedure applies to selected secondary students who meet academic grade and test score criteria. If a parent/ guardian of a student who meets the 2015-2016 Opt Out criteria initiates a request to remove their child from the Intensive Reading course, the school shall follow instructions, as delineated in Weekly Briefings 17653 and 17897, which include having the parent meet with the school’s Reading Leadership Team, view a video (Weekly Briefing 17965) and sign the District’s release form acknowledging the District’s recommendation. The parental request should be made directly to the principal who must also sign the District release form. The original, signed copy of the letter should be maintained in the student’s cumulative folder. Questions from school sites about this Parental Opt Out Procedure may be addressed with the M-DCPS Department of Language Arts, Secondary, at 305 995 3122.

### **C. Required Topics of Study for Middle Grades**

In addition to the aforementioned required subject areas that comprise the middle grades program of study, several topics are also part of the curriculum and they are embedded within various authorized middle school courses. The topics are in accordance with State Statutes and/or District requirements and links to Florida Statutes and Board Policies are provided. Furthermore, as applicable, the District-developed resources to support instruction for the topics listed below are accessible through links.

- Required Topics as per [1003.42](#), F.S. and [1003.46](#), F.S.
  - [African American History](#) (Social Science, grades 6, 7, and 8)
  - [Character Education](#) (Social Science, grades 6, 7, and 8) *School Board Policy 2290*
  - [Comprehensive Health Education](#) (Science, grades 6, 7 and 8)
  - [Economic Education](#) (Social Science, grades 6, 7, and 8)
  - [Florida History, Government, and Geography](#) (Social Science, grades 6, 7 and 8)
  - [Hispanic contributions to the United States](#) (Social Science, grades 6, 7 and 8)
  - [History and content of the Declaration of Independence and the U.S. Constitution](#) (Social Science, grades 6, 7 and 8)
  - [History of the Holocaust](#) (Social Science, grades 6, 7 and 8)
  - [History of the U.S., including the period of discovery, early colonies, the War for Independence, the Civil War, the expansion of the U.S. to its present boundaries, the world wars, and the civil rights movement to the present](#) (Social Science, grade 8)
  - [Human Growth and Development](#) (Science, grades 6, 7 and 8) *School Board Policy 2417*
  - [Internet Safety](#) (Health Education Grades 6, 7 and 8)
  - Kindness to animals
  - [Sacrifices made by veterans in protecting democratic values](#) (Social Science, grades 6, 7 and 8)
  - Sexually Transmitted Diseases (including [HIV/AIDS Education](#)) (Science, grades 6, 7 and 8)
  - [Substance Abuse Education](#) (P.E. & Health, grades 6, 7 and 8) *School Board*

*Policy 5530*

- [Teen dating violence and abuse prevention](#) (P.E. & Health), grades 6, 7 and 8)
- The conservation of natural resources
- The elementary principals of agriculture
- [Women's contributions to the United States](#) (Social Science, grades 6, 7 and 8)
- [Bullying Curriculum](#) (Grades 6, 7 and 8) [1006.147](#), F.S. *School Board Policy 5517.01*
- Digital Citizenship (Grades 6, 7 and 8)
- [Multicultural Education](#) (Social Science, grades 6, 7 and 8) *School Board Policy 2225*
- [Sexting Curriculum](#) (Grades 6, 7 and 8) *School Board Policy 5136.02*

Instruction should be provided in critical thinking skills and other related skills in the context of mathematics, language arts/reading, science, social science, and elective courses.

#### **D. Acceleration for High Achievement**

Middle grades students may enroll in selected senior high school courses for the purpose of pursuing a more challenging curriculum. Students should be encouraged to enroll in advanced/honors mathematics and science courses whenever appropriate. Accelerating in mathematics and science offers students the opportunity to take higher level mathematics and science courses in senior high school. Students should begin this sequence early in order to follow a path leading to the successful completion of four credits of high school mathematics and a minimum of three credits of high school science. Note that middle grades students enrolled in Algebra I Honors must pass the EOC assessment to earn a standard high school diploma. For explanations on the acceleration options, see *Acceleration for High Achievement, General Requirements* section beginning on page 21 of this document.

## IV. SENIOR HIGH SCHOOL REQUIREMENTS

Miami-Dade County Public Schools is committed to educating students to reach their highest academic potential. The District's goal of student achievement encompasses measuring students' success, in part, by ensuring that students graduate and enter higher education and/or the workforce with the skills and knowledge necessary to be lifelong learners and global citizens of the 21<sup>st</sup> century.

### A. Planning for High School and Postsecondary Experiences

Students entering the ninth grade and their parents should be active participants in planning a high school program that will assist students in reaching their goals for the future. The wide range of courses and programs available in senior high schools will enable students, simultaneously, to prepare for college admission and learn skills for employment immediately after graduation, if they plan effectively.

**Notification Requirements:** The school district must notify students and parents, in writing, of the requirements for a standard high school diploma, available diploma designations, and the eligibility requirements for state scholarship programs and postsecondary admissions as per s. [1003.4282](#), F.S. (2).

**Counseling and Advisement:** High school students should meet with the school counselor for advisement to ensure that they are on the right path to meet graduation requirements and to make the most of the years in high school and beyond. Students are to be counseled regarding increases in the graduation requirements well in advance of the time such changes impact them. Additionally, students in a standard four-year graduation program, who have attained a cumulative GPA of 2.5 or below, are to be identified and provided assistance, e.g., counseling, academic review, forgiveness policy, summer school, schedule adjustments, and/or tutoring, to help them in achieving and maintaining a GPA that meets or exceeds the requirements for graduation

Students should be encouraged to enroll in honors, Advanced Placement, and dual enrollment courses, as appropriate. Students should start the sequence of courses early in order to enable them to take the higher level courses. Students should not be restricted from taking multiple numbers of these courses; however, it is a school-level responsibility to advise and caution students regarding an excessive workload.

Opportunities that will assist students in preparing for life after high school graduation include:

- enrolling in career academy and/or magnet programs;
- attaining industry certifications in Career Technical Education (CTE) programs of study, s. [1003.493](#), F.S.;
- earning college or post-secondary technical education credit upon completing select CTE programs
- attending career fairs to learn about employment opportunities and trends and to explore occupations of interest to them;

- learning more about their interests and aptitudes by completing interest and aptitude inventories;
- maintaining a personalized academic and career plan that allows them to reflect on what they have accomplished and plan for the future;
- using software or internet-based computer guidance programs to explore career and college choices and establish personal plans for future course work;
- participating in college readiness courses, designed in conjunction with Florida college faculty;
- participating in work-based learning experiences such as job shadowing internships and on-the-job training experiences to increase awareness of the skills and tasks involved;
- developing a plan for those involved in special education program to facilitate the smooth transition to postsecondary activities; and
- transition planning for students with disabilities beginning at age 14, or younger, if appropriate, to focus on the student’s anticipated course of study in secondary school.

## **B. High School Graduation Diploma Options, Designations and Certificates**

### **Diploma Options**

Florida students entering high school may select from four options to earn a standard high school diploma. The required credits may be earned through equivalent, applied, or integrated courses or career education courses. All of these graduation paths include opportunities to enroll in rigorous courses designed to prepare students for their future academic and career goals. The options are as follow:

- 24-credit program
- [Advanced International Certificate of Education](#) (AICE) curriculum
- [International Baccalaureate](#) (IB) curriculum
- 18-credit, ACCEL option (Refer to the *High School Acceleration Options* beginning on page 22 for more information)

The State’s high school graduation requirements, including requirements for students with disabilities, are specified in these sections of Florida Statutes:

- *Requirements for a standard high school diploma, s. [1003.4282](#), F.S.*
- *Academically Challenging Curriculum to Enhance Learning (ACCEL) Option, s. [1002.3105](#), F.S.*

**Standard Diploma:** Beginning with students entering grade 9 in the 2013-2014 school year, receipt of a standard high school diploma requires:

- Successful completion of 24 credits, an International Baccalaureate curriculum, or an Advanced International Certificate of Education curriculum;
- Earning a cumulative grade point average (GPA) of 2.0 on a 4.0 scale, and

- Attaining passing scores on required statewide, standardized assessments or concordant scores, as applicable

The required credits may be earned through equivalent, applied, or integrated courses or career education courses as defined in s. [1003.01\(4\)](#), including work-related internships approved by the State Board of Education and identified in the course code directory.

**International Baccalaureate Curriculum/Advanced International Certificate of Education Curriculum:** Students who complete an [International Baccalaureate](#) (IB) or [Advanced International Certificate of Education](#) (AICE) curriculum, take the required IB or AICE exams and meet state assessment requirements, shall receive a standard diploma, and may be eligible for the International Baccalaureate diploma from the International Baccalaureate Organization or an Advanced International Certificate of Education diploma from Cambridge International Examinations.

**Superintendent's Diploma of Distinction:** In addition to the State's high school diploma options, M-DCPS offers students the opportunity to obtain the Superintendent's Diploma of Distinction. This diploma is awarded to students who meet the requirements of the standard diploma and:

- Complete an academically rigorous program of study, including at least four honors, Advanced Placement (AP), International Baccalaureate (IB), Advanced International Certificate of Education (AICE), International Studies (IS), and/or dual enrollment courses;
- Complete a 75-hour community service project; and
- Earn a 3.5 weighted GPA by the end of the first semester of the senior year with no final grades reflected on the transcript less than a "C."

**Diploma and Certificate Options for Students with Disabilities:** Per [1003.4282](#) (10), students with disabilities may declare intent to graduate from high school with either a standard high school diploma by meeting the same graduation requirements as all students or to obtain a certificate of completion.

The supporting rule, [6A-1.09961](#) Florida Administrative Code that became effective December 23, 2014 describes two new high school graduation options available only to students with disabilities.

- Standard Diploma via Access Courses
- Standard Diploma via Academic and Employment-based Courses

**Special Diploma (Only for Cohorts 2011-12, 2012-13, 2013-14 or prior):**

- Students who graduated with a special diploma or who otherwise left the public school system without earning a standard high school diploma may return to public school to work toward a standard diploma until their 22<sup>nd</sup> birthday, as described in Rule [6A-1.09963](#), Florida Administrative Code F.A.C.

- Students who entered grade nine before the 2014-2015 school year and whose individual educational plan (IEP), as of June 20, 2014, contained a statement of intent to receive a special diploma may continue to work toward a special diploma.
- The IEP team, which includes the parent and the student, can determine, in alignment with post-secondary goals that the best option for the student is to change to a standard diploma via access course path. However, because these students did not begin to pursue a standard diploma in 9th grade, they may need additional time to complete all of the required coursework. **Once the student makes such a change, a special diploma is no longer an option.**
- A review of a student's course credit history/transcript must be conducted for each student changing diploma options in order to identify the courses that the student needs to be enrolled in to meet the requirement.
- Parents must give consent to any change to the high school graduation option specified in the student's IEP. Any waiver of the results of the statewide, standardized assessment requirements by the IEP team, pursuant to Section [1008.22\(3\)\(c\)](#), F.S., must be approved by the parents and is subject to verification for appropriateness by an independent reviewer selected by the parents as provided for in Section [1003.572](#), F.S.

#### **Standard Diploma Via Access Courses Cohorts 2014-2015 and Beyond:**

- Effective July 1, 2015, beginning with the 2014-2015 ninth grade cohorts, all students with disabilities, will work toward a standard diploma.
- Students must demonstrate proficiency on Florida Standards Alternate Assessments (FSAA) in English Language Arts and Access EOCs in Access Algebra I, Access Geometry, Access Biology; and Access United States History.
- For students who do not score proficient in the FSAA and/or Access EOCs, a portfolio of quantifiable evidence of achievement is required for the IEP Team to review for waiver consideration with parent consent.

A student with a disability who meets the standard high school diploma requirements in this section may defer the receipt of a standard high school diploma if the student:

- Has an individual education plan that prescribes special education, transition planning, transition services, or related services through age 21; and
- Is enrolled in accelerated college credit instruction pursuant to s. [1007.27](#), industry certification courses that lead to college credit, a collegiate high school program, courses necessary to satisfy the Scholar designation requirements, or a structured work-study, internship, or pre-apprenticeship program.

A student with a disability who receives a certificate of completion and has an individual education plan that prescribes special education, transition planning, transition services, or related services through 21 years of age may continue to receive the specified instruction and services.

Any waiver of the statewide, standardized assessment requirements by the individual education plan team, pursuant to s. [1008.22\(3\)\(c\)](#), must be approved by the parent and

is subject to verification for appropriateness by an independent reviewer selected by the parent as provided for in s. [1003.572](#).

## Diploma Designations

As per [1003.4285](#), F.S., students may earn one or both of the additional diploma designations, Scholar and/or Merit, on their standard high school diploma if they meet requirements. The following designations are in addition to the 24-credit program requirements:

- **Scholar Designation:** Students entering grade 9 in the **2014-2015 school year and thereafter:**
  - EOCs: Pass the Algebra 2, Geometry, Biology 1, and U.S. History EOCs.
  - Earn 1 credit each in the following courses: Algebra 2; statistics or an equally rigorous mathematics course; chemistry or physics; a course equally rigorous to chemistry or physics; 2 credits in the same world language, and at least 1 credit in AP, IB, AICE, or dual enrollment.
  - A student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology I or U.S. History course and the student takes the respective AP, IB or AICE assessment; and earns the minimum score
  
- **Scholar Designation:** Students entering grade 9 in the **2012-2013 and 2013-2014 school years:**
  - EOCs: Pass the Biology 1 and the U.S. History EOCs.
  - Earn 1 credit each in the following courses: Algebra 2; statistics or an equally rigorous mathematics course; chemistry or physics; a course equally rigorous to chemistry or physics; 2 credits in the same world language, and at least 1 credit in AP, IB, AICE, or dual enrollment.
  - A student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology I or U.S. History course and the student takes the respective AP, IB or AICE assessment and earns the minimum score to earn college credit.
  
- **Scholar Designation:** Students entering grade 9 in the **2011-2012 school year:**
  - EOCs: Pass the Biology 1 and the U.S. History EOCs.
  - Earn 1 credit each in the following courses: Algebra 2; statistics or an equally rigorous mathematics course; chemistry or physics; a course equally rigorous to chemistry or physics; 2 credits in the same world language, and at least 1 credit in AP, IB, AICE, or dual enrollment.
  - A student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology I or U.S. History course and the student takes the respective AP, IB or AICE assessment and earns the minimum score to earn college credit.

- **Merit Designation:** Students entering grade 9 in the **2011-2012 school year and thereafter:**
  - Attain one or more industry certifications from the list established per [1003.492](#), F.S.

**Students with Disabilities and Scholar and/or Merit Designations:** A student with a disability is eligible for a Scholar and/or Merit diploma designation and the student should have access to enroll in the required courses or programs. The Student's IEP must include a statement of intent to pursue a standard high school diploma and a Scholar and/or Merit designation, as determined by the student's parent.

**Seal of Biliteracy:** Beginning with the 2015-2016 school year, the Seal of Biliteracy shall be awarded to students in M-DCPS upon graduation who meet the following:

- Completed the English requirements for graduation with a cumulative grade point average of 2.0 or above;
- Earned a level 3 or above on the grade 10 statewide, standardized assessment in Reading/English Language Arts (FCAT/FSA); and
- Successfully completed four credits of sequential high school level world language instruction courses, attained a cumulative grade point average of 3.0 or higher in such courses, and demonstrated competency in one or more languages other than English through one of the following:
  - passed a World Language International Baccalaureate examination;
  - passed a World Language Advanced Placement examination; or
  - passed a World Language Cambridge Advanced International Certificate of Education.

## Certificates

**Certificate of Completion:** As per s. [1003.4282](#) (6)(c), a student who earns the required 24 credits or the required 18 credits (ACCEL Option) but fails to pass the required graduation assessments or achieve a 2.0 GPA, shall be awarded a certificate of completion in a form prescribed by the State Board of Education. A student who is otherwise entitled to a certificate of completion may elect to remain in high school either as a full-time student or a part-time student for up to 1 additional year and receive special instruction designed to remedy his or her identified deficiencies.

Students who receive a certificate of completion from a senior high school and subsequently pass the applicable graduation test in an adult education program should be given their diplomas by the senior high school.

**CPT-Eligible Certificate of Completion:** Pursuant to Florida Statute [1003.433](#), students who earn the 24 required credits and achieve a GPA of 2.0 or higher, but do not pass the graduation test(s), are eligible to receive the College Placement Test (CPT)-Eligible Certificate of Completion.

Students who receive a CPT-Eligible Certificate of Completion may enroll directly into a Florida community college or postsecondary career and technical education program.

Based upon the score the student receives on the CPT, the student may enroll in remedial or credit courses at the community college.

**International Studies Certificate:** Students who complete an International Studies (IS) curriculum and meet high school graduation requirements, shall receive a standard diploma, and may be eligible for a Certificate from the designated country of study.

### C. Graduation Requirements for High School Students

The required program of study for senior high school students in M-DCPS reflects State and District requirements, including the NGSSS/FS for high school education, as contained in the *M-DCPS District Pacing Guides*. This program of study includes the required courses in mathematics, English/language arts/ESOL, social sciences, science, physical education, and career exploration as well as a range of exploratory/elective areas, including but not limited to music, visual arts, theatre arts, dance, foreign language, and career and technical education.

Graduation requirements are listed according to cohort year for freshmen, sophomores, juniors and seniors, as per [1003.4282](#), F.S., *Requirements for a standard high school diploma*. In addition to meeting the requisite courses/credits and statewide, standardized assessments for graduation, students must earn a cumulative GPA of 2.0 on a 4.0 scale to graduate.

For additional information regarding statewide, standardized assessments refer to the *Student Assessment Program* section beginning on page 3 of this document. All students must participate in Florida EOCs if they are enrolled in the corresponding courses for each cohort of students below. Students who did not take a required Florida EOC when enrolled, and received “NG” instead of a final grade in the course, must take the assessment and have the EOC score included to receive a grade in the course.

**Freshmen:** Graduation requirements for students entering grade nine in the **2015-2016 school year** include the following:

- **Four Credits in English Language Arts (ELA):** The four credits must be in ELA I, II, III, and IV. ELA honors, AP, AICE, IB and dual enrollment courses may satisfy this requirement.  
**Graduation Test Requirement:** A student must pass the statewide, standardized grade 10 ELA assessment, or earn a concordant score, in order to earn a standard high school diploma.
- **Four Credits in Mathematics:** One of which must be Algebra I and one of which must be Geometry.
  - Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra I and Geometry). However, students who take approved industry certifications to meet high school diploma requirements in mathematics and science may not be eligible for standard

SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.

**Graduation Test Requirement and EOC:** A student must pass the Algebra 1 EOC assessment or earn a comparative score to earn a standard high school diploma. Students must participate in the Geometry EOC and the Algebra 2 EOC, if enrolled, and the results constitute 30% of the student's final course grade.

- **Three credits in Science:** One of which must be Biology I, two of which must be equally rigorous science courses. Two of the three required credits must have a laboratory component.
  - An industry certification that leads to college credit substitutes for up to one science credit (except for Biology I). An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology I). However, students who take approved industry certifications to meet high school diploma requirements in mathematics and science may not be eligible for standard SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.

**EOC Requirement:** Students must participate in the Biology 1 EOC assessment and the results constitute 30 percent of the final course grade.

- **Three Credits in Social Sciences:** One (1) credit in World History; one (1) credit in U.S. History; .5 credit in U.S. Government; and .5 credit in Economics with Financial Literacy.

**EOC Requirement:** Students must participate in U.S. History EOC assessment and the results constitute 30% of the final course grade.

- **One Credit in Fine or Performing Arts, Speech & Debate, or Practical Arts:** The practical arts course must incorporate artistic content and techniques of creativity, interpretation, and imagination. Eligible courses and eligible course substitutions are specified in the [Florida Course Code Directory](#).

- **One Credit in Physical Education:** Physical education must include the integration of health. Students must take .5 credit in Personal Fitness and .5 credit in any elective Physical Education course listed in the [M-DCPS Course Code Directory](#).

Participation in an interscholastic sport at the junior varsity or varsity level for two full seasons shall satisfy the one-credit requirement in physical education if the student passes a competency test on personal fitness with a score of "C" or better. The competency test on personal fitness developed by the Department of Education must be used. A district school board may not require that the one credit in physical education be taken during the 9th grade year. Completion of one semester with a grade of "C" or better in a marching band class, in a physical activity class that requires participation in marching band activities as an extracurricular activity, or in a dance class shall satisfy one-half credit in physical education or one-half credit in performing arts. This credit may not be used to satisfy the personal fitness requirement or the requirement for adaptive physical education under an individual education plan (IEP) or 504 plan. Completion of 2 years in a Reserve Officer

Training Corps (R.O.T.C.) class, a significant component of which is drills, shall satisfy the one-credit requirement in physical education and the one-credit requirement in performing arts. This credit may not be used to satisfy the personal fitness requirement or the requirement for adaptive physical education under an IEP or 504 plan.

- **Eight Elective Credits:** School districts must develop and offer coordinated electives so that a student may develop knowledge and skills in his or her area of interest, such as electives with a STEM or liberal arts focus. Such electives must include opportunities for students to earn college credit, including industry-certified career education programs or series of career-themed courses that result in industry certification or articulate into the award of college credit, or career education courses for which there is a statewide or local articulation agreement and which lead to college credit.
- **One Online Course:** At least one course within the 24 credits required for students seeking a standard diploma must be completed through online learning. A school district may not require a student to take the online course outside the school day or in addition to a student's courses for a given semester. An online (high school level) course taken in grade 6, grade 7, or grade 8 fulfills this requirement. This requirement is met through an online course offered by the Florida Virtual School, a virtual education provider approved by the State Board of Education, a high school, or an online dual enrollment course. Not all providers of online courses are accepted by the NCAA. Please contact the NCAA for more information. A student who is enrolled in a full-time or part-time virtual instruction program under s. [1002.45](#) meets this requirement.
  - This requirement does not apply to a student who has an individual education plan under s. [1003.57](#) which indicates that an online course would be inappropriate or to an out-of-state transfer student who is enrolled in a Florida high school and has 1 academic year or less remaining in high school.

**Sophomores:** Graduation requirements for students entering grade nine in the **2014-2015 school year** include the following:

- **Four Credits in English Language Arts (ELA):** The four credits must be in ELA I, II, III, and IV. ELA honors, AP, AICE, IB and dual enrollment courses may satisfy this requirement.
- **Graduation Test Requirement:** A student must pass the statewide, standardized grade 10 ELA assessment, or earn a concordant score in order to earn a standard high school diploma.
- **Four Credits in Mathematics:** One of which must be Algebra I and one of which must be Geometry.
  - Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra I and Geometry). However, students who take approved industry certifications to meet high school diploma

requirements in mathematics and science may not be eligible for standard SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.

- **Graduation Test Requirement and EOC:** A student must pass the Algebra 1 EOC assessment or earn a comparative score to earn a standard high school diploma. Students must participate in the Geometry EOC and the Algebra 2 EOC, if enrolled, and the results constitute 30% of the student's final course grade.
- **Three credits in Science:** One of which must be Biology I, two of which must be equally rigorous science courses. Two of the three required credits must have a laboratory component.
  - An industry certification that leads to college credit substitutes for up to one science credit (except for Biology I). An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology I). However, students who take approved industry certifications to meet high school diploma requirements in mathematics and science may not be eligible for standard SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.**EOC Requirement:** Students must participate in the Biology 1 EOC assessment and the results constitute 30 percent of the final course grade.
- **Three Credits in Social Sciences:** One (1) credit in World History; one (1) credit in U.S. History; .5 credit in U.S. Government; and .5 credit in Economics with Financial Literacy.**EOC Requirement:** Students must participate in U.S. History EOC assessment and the results constitute 30% of the final course grade.
- **One Credit in Fine or Performing Arts, Speech & Debate, or Practical Arts:** The practical arts course must incorporate artistic content and techniques of creativity, interpretation, and imagination. Eligible courses and eligible course substitutions are specified in the [Florida Course Code Directory](#).
- **One Credit in Physical Education:** Physical education must include the integration of health. Students must take .5 credit in Personal Fitness and .5 credit in any elective Physical Education course listed in the [M-DCPS Course Code Directory](#).

Participation in an interscholastic sport at the junior varsity or varsity level for two full seasons shall satisfy the one-credit requirement in physical education if the student passes a competency test on personal fitness with a score of "C" or better. The competency test on personal fitness developed by the Department of Education must be used. A district school board may not require that the one credit in physical education be taken during the 9th grade year. Completion of one semester with a grade of "C" or better in a marching band class, in a physical activity class that requires participation in marching band activities as an extracurricular activity, or in a dance class shall satisfy one-half credit in physical education or one-half credit in performing arts. This credit may not be used to satisfy the personal fitness

requirement or the requirement for adaptive physical education under an individual education plan (IEP) or 504 plan. Completion of 2 years in a Reserve Officer Training Corps (R.O.T.C.) class, a significant component of which is drills, shall satisfy the one-credit requirement in physical education and the one-credit requirement in performing arts. This credit may not be used to satisfy the personal fitness requirement or the requirement for adaptive physical education under an IEP or 504 plan.

- **Eight Elective Credits:** School districts must develop and offer coordinated electives so that a student may develop knowledge and skills in his or her area of interest, such as electives with a STEM or liberal arts focus. Such electives must include opportunities for students to earn college credit, including industry-certified career education programs or series of career-themed courses that result in industry certification or articulate into the award of college credit, or career education courses for which there is a statewide or local articulation agreement and which lead to college credit.
- **One Online Course:** At least one course within the 24 credits required for students seeking a standard diploma must be completed through online learning. A school district may not require a student to take the online course outside the school day or in addition to a student's courses for a given semester. An online (high school level) course taken in grade 6, grade 7, or grade 8 fulfills this requirement. This requirement is met through an online course offered by the Florida Virtual School, a virtual education provider approved by the State Board of Education, a high school, or an online dual enrollment course. Not all providers of online courses are accepted by the NCAA. Please contact the NCAA for more information. A student who is enrolled in a full-time or part-time virtual instruction program under s. [1002.45](#) meets this requirement.
  - This requirement does not apply to a student who has an individual education plan under s. [1003.57](#) which indicates that an online course would be inappropriate or to an out-of-state transfer student who is enrolled in a Florida high school and has 1 academic year or less remaining in high school.

**Juniors:** Graduation requirements for students entering grade nine in the **2013-2014 school year** include the following:

- **Four Credits in English Language Arts (ELA):** The four credits must be in ELA I, II, III, and IV. ELA honors, AP, AICE, IB and dual enrollment courses may satisfy this requirement.  
**Graduation Test Requirement:** A student must pass the statewide, standardized grade 10 ELA assessment, or earn a concordant score in order to earn a standard high school diploma.
- **Four Credits in Mathematics:** One of which must be Algebra I and one of which must be Geometry.

- Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra I and Geometry). However, students who take approved industry certifications to meet high school diploma requirements in mathematics and science may not be eligible for standard SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.

**Graduation Test Requirement and EOC:** A student must pass the Algebra 1 EOC assessment or earn a comparative score to earn a standard high school diploma. Students must participate in the Geometry EOC and the Algebra 2 EOC, if enrolled, and the results constitute 30% of the student’s final course grade.

- **Three credits in Science:** One of which must be Biology I, two of which must be equally rigorous science courses. Two of the three required credits must have a laboratory component.
  - An industry certification that leads to college credit substitutes for up to one science credit (except for Biology I). An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology I). However, students who take approved industry certifications to meet high school diploma requirements in mathematics and science may not be eligible for standard SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.

**EOC Requirement:** Students must participate in the Biology 1 EOC assessment and the results constitute 30 percent of the final course grade.

- **Three Credits in Social Sciences:** One (1) credit in World History; one (1) credit in U.S. History; .5 credit in U.S. Government; and .5 credit in Economics with Financial Literacy.

**EOC Requirement:** Students must participate in U.S. History EOC assessment and the results constitute 30% of the final course grade.

- **One Credit in Fine or Performing Arts, Speech & Debate, or Practical Arts:** The practical arts course must incorporate artistic content and techniques of creativity, interpretation, and imagination. Eligible courses and eligible course substitutions are specified in the [Florida Course Code Directory](#).

- **One Credit in Physical Education:** Physical education must include the integration of health. Students must take .5 credit in Personal Fitness and .5 credit in any elective Physical Education course listed in the [M-DCPS Course Code Directory](#).

Participation in an interscholastic sport at the junior varsity or varsity level for two full seasons shall satisfy the one-credit requirement in physical education if the student passes a competency test on personal fitness with a score of “C” or better. The competency test on personal fitness developed by the Department of Education must be used. A district school board may not require that the one credit in physical education be taken during the 9th grade year. Completion of one semester with a grade of “C” or better in a marching band class, in a physical activity class that

requires participation in marching band activities as an extracurricular activity, or in a dance class shall satisfy one-half credit in physical education or one-half credit in performing arts. This credit may not be used to satisfy the personal fitness requirement or the requirement for adaptive physical education under an individual education plan (IEP) or 504 plan. Completion of 2 years in a Reserve Officer Training Corps (R.O.T.C.) class, a significant component of which is drills, shall satisfy the one-credit requirement in physical education and the one-credit requirement in performing arts. This credit may not be used to satisfy the personal fitness requirement or the requirement for adaptive physical education under an IEP or 504 plan.

- **One Online Course:** At least one course within the 24 credits required for students seeking a standard diploma must be completed through online learning. A school district may not require a student to take the online course outside the school day or in addition to a student's courses for a given semester. An online (high school level) course taken in grade 6, grade 7, or grade 8 fulfills this requirement. This requirement is met through an online course offered by the Florida Virtual School, a virtual education provider approved by the State Board of Education, a high school, or an online dual enrollment course. Not all providers of online courses are accepted by the NCAA. Please contact the NCAA for more information. A student who is enrolled in a full-time or part-time virtual instruction program under s. [1002.45](#) meets this requirement.
  - This requirement does not apply to a student who has an individual education plan under s. [1003.57](#) which indicates that an online course would be inappropriate or to an out-of-state transfer student who is enrolled in a Florida high school and has 1 academic year or less remaining in high school.
- **Eight Elective Credits:** School districts must develop and offer coordinated electives so that a student may develop knowledge and skills in his or her area of interest, such as electives with a STEM or liberal arts focus. Such electives must include opportunities for students to earn college credit, including industry-certified career education programs or series of career-themed courses that result in industry certification or articulate into the award of college credit, or career education courses for which there is a statewide or local articulation agreement and which lead to college credit.

**Seniors:** Graduation requirements for students entering grade nine in the **2012-2013 school year** include the following:

- **Four Credits in English:** with major concentration in composition, reading for information, and literature  
**Graduation Test Requirement:** A student must pass the statewide, standardized grade 10 reading assessment, or earn a concordant score in order to earn a standard high school diploma.
- **Four Credits in Mathematics:** One of which must be Algebra 1 and one of which must be Geometry.

- Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra I and Geometry). However, students who take approved industry certifications to meet high school diploma requirements in mathematics and science may not be eligible for standard SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.

**Graduation Test Requirement and EOC:** A student must pass the Florida EOC in Algebra 1 or earn a comparative score to earn a standard high school diploma if the Algebra 1 course was taken after the 2010 school year. Students must participate in the Geometry EOC if the Geometry course was taken after the 2010 school year.

- **Three credits in Science:** One of which must be Biology I, two of which must have a laboratory component.
  - An industry certification that leads to college credit substitutes for up to one science credit (except for Biology I). An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology I). However, students who take approved industry certifications to meet high school diploma requirements in mathematics and science may not be eligible for standard SUS admissions nor meet NCAA requirements for participation in intercollegiate athletics.

**EOC Requirement:** Students must participate in the Biology 1 EOC assessment.

- **Three Credits in Social Sciences:** One (1) credit in World History; one (1) credit in U.S. History; .5 credit in U.S. Government; and .5 credit in Economics.

**EOC Requirement:** Students must participate in U.S. History EOC assessment (if enrolled after 2011-2012) and the results constitute 30% of the final course grade.

- **One Credit in Fine or Performing Arts, Speech & Debate, or Practical Arts:** The practical arts course must incorporate artistic content and techniques of creativity, interpretation, and imagination. Eligible courses and eligible course substitutions are specified in the [Florida Course Code Directory](#).
- **One Credit in Physical Education:** Physical education must include the integration of health. Students must take .5 credit in Personal Fitness and .5 credit in any elective Physical Education course listed in the [M-DCPS Course Code Directory](#).

Participation in an interscholastic sport at the junior varsity or varsity level for two full seasons shall satisfy the one-credit requirement in physical education if the student passes a competency test on personal fitness with a score of “C” or better. The competency test on personal fitness developed by the Department of Education must be used. A district school board may not require that the one credit in physical education be taken during the 9th grade year. Completion of one semester with a grade of “C” or better in a marching band class, in a physical activity class that requires participation in marching band activities as an extracurricular activity, or in a dance class shall satisfy one-half credit in physical education or one-half credit in performing arts. This credit may not be used to satisfy the personal fitness

requirement or the requirement for adaptive physical education under an individual education plan (IEP) or 504 plan. Completion of 2 years in a Reserve Officer Training Corps (R.O.T.C.) class, a significant component of which is drills, shall satisfy the one-credit requirement in physical education and the one-credit requirement in performing arts. This credit may not be used to satisfy the personal fitness requirement or the requirement for adaptive physical education under an IEP or 504 plan.

- **One Online Course:** At least one course within the 24 credits required for students seeking a standard diploma must be completed through online learning. A school district may not require a student to take the online course outside the school day or in addition to a student's courses for a given semester. An online (high school level) course taken in grade 6, grade 7, or grade 8 fulfills this requirement. This requirement is met through an online course offered by the Florida Virtual School, a virtual education provider approved by the State Board of Education, a high school, or an online dual enrollment course. Not all providers of online courses are accepted by the NCAA. Please contact the NCAA for more information. A student who is enrolled in a full-time or part-time virtual instruction program under s. [1002.45](#) meets this requirement.
  - This requirement does not apply to a student who has an individual education plan under s. [1003.57](#) which indicates that an online course would be inappropriate or to an out-of-state transfer student who is enrolled in a Florida high school and has 1 academic year or less remaining in high school.
- **Eight Elective Credits:** School districts must develop and offer coordinated electives so that a student may develop knowledge and skills in his or her area of interest, such as electives with a STEM or liberal arts focus. Such electives must include opportunities for students to earn college credit, including industry-certified career education programs or series of career-themed courses that result in industry certification or articulate into the award of college credit, or career education courses for which there is a statewide or local articulation agreement and which lead to college credit.

The State's Florida High School Graduation charts, found in Appendix D also summarize the graduation requirements and other information by cohort year.

#### **D. Students with Disabilities: Statewide, Standardized Assessments and Course Accommodations**

**Test Exemptions for Students with Disabilities:** Participation in the statewide, standardized assessment programs is mandatory for all students, including students with disabilities. This includes statewide standardized assessments, such as the FSA FCAT and Florida EOCs for all enrolled students; and ACCESS for ELLs 2.0 for all eligible ESOL students, including students with disabilities. The decision regarding whether a student will be exempted or tested with or without accommodations is made by the student's IEP team and recorded on the IEP. Students with disabilities who are

exempt from the regular standards will be assessed through the Florida Standards Alternate Assessment and Alternate ACCESS for ELLs 2.0, as documented on the IEP.

Students with disabilities are required to take applicable EOC tests one time, after which assessment results may be waived for the purpose of determining the student's course grade and credit if the IEP committee determines an EOC assessment cannot accurately measure the student's abilities, taking into consideration all allowable accommodations.

Generally, all students with disabilities, including ELLs with disabilities whose instructional program incorporates the general education objectives and competencies, should participate in state assessment programs. Students placed exclusively in programs for the Speech Impaired, Homebound or Hospitalized, Visually Impaired, or Gifted must participate in the state assessment programs.

In many instances, students with disabilities will require accommodations and support in order to demonstrate proficiency on state or district assessments. These accommodations and support should be used during classroom instruction and for classroom testing purposes, as documented on the IEP. The document provided by the Florida Department of Education, *Accommodations for Florida's Statewide Student Assessments*, lists appropriate accommodations for students with disabilities.

**Testing Accommodations for Students with Disabilities:** The IEP or Section 504 plan team makes decisions about accommodations for an individual student with a disability when they evaluate the impact of the student's disability and need for accommodations in classroom instruction and assessment activities. The following guidelines indicate that accommodations:

- The student's need for accommodations should be based on objective data.
- Facilitate an accurate demonstration of what the student knows or can do.
- Do not provide the student with an unfair advantage or interfere with the validity of the test.
- The same accommodations are used by the student in classroom instruction and for assessments.
- Are necessary for enabling the student to demonstrate knowledge, ability, skill or mastery.
- Are permitted by the testing protocol for each specific district and/or state assessment.

**Parental Rights Regarding the Statewide Standardized Assessments for Students with Disabilities:** State mandates for Florida public schools regarding student assessment and accommodations indicate that parents must:

- be notified and provided with information regarding the implication of non-participation, should their child not participate in the assessment;
- be informed when their child is being provided with accommodations in the classroom that are not permitted on state assessments;

- sign consent in order for their child to receive accommodations in the classroom that would not be permitted on state assessments;
- acknowledge in writing that they understand the implications of their child receiving accommodations in the classroom that are not permitted on state assessments; and
- be informed of the potential impact on their child's ability to meet expected proficiency levels in reading, writing, and math when students are provided with accommodations in the classroom that are not permitted on state.

These regulations must be addressed at every IEP meeting.

**Waivers for Statewide, Standardized Graduation Tests for Students with Disabilities:** Legislation provides for a waiver of statewide, standardized assessment graduation requirements for students with disabilities whose abilities cannot be accurately measured by the assessments. A student with a disability, as defined in s. [1007.02\(2\)](#), for whom the individual education plan (IEP) team determines that the statewide, standardized assessments under this section cannot accurately measure the student's abilities, taking into consideration all allowable accommodations, shall have assessment results waived for the purpose of receiving a course grade and a standard high school diploma. Such waiver shall be designated on the student's transcript. The *M-DCPS Waiver for Students with Disabilities*, [FM 6624](#), should be used for this purpose.

In order to be considered for the waiver from the statewide, standardized assessment graduation test requirement, the student must:

- be identified as a student with a disability, as defined in s. 1007.02(2), F. S.
- have an IEP;
- have been provided with instruction to prepare students to demonstrate proficiency in the core content knowledge and skills necessary for grade-to-grade progression;
- have taken the Grade 10 statewide, standardized assessment with appropriate allowable accommodations at least twice, once in grade 10 and once in grade 11; and
- be progressing toward meeting the State's credit/course and 2.0 cumulative GPA requirements and any other district requirements for graduation with a standard diploma.

Certain students with disabilities will be eligible for waivers for EOC assessments after they have taken an assessment at least once. The decision regarding the waiver of the EOC results must be made by the IEP team and documented on the *Waiver of End of Course (EOC) Assessment Results Requirements for Students with Disabilities*, on SPED EMS. The team may convene at any time after the student has taken the assessment at least once and it has been determined that the student failed to earn a passing score on an EOC assessment. The EOC assessment results can be waived if the student meets all of the following criteria:

- be identified as a student with a disability,
- have an active IEP,

- have taken the EOC assessment with appropriate allowable accommodations at least once,
- have demonstrated, as determined by the IEP team, achievement of the course standards (must earn course credit by passing the course).

The EOC waiver does not apply to students who are determined eligible solely for the Hospital/Homebound program or to students with only a 504 plan.

For certain students with disabilities, an IEP Team, under specific circumstances and/or conditions, may request through the Superintendent of Schools to the Commissioner of Education for an exemption from the graduation test requirement for students with disabilities seeking a standard diploma.

**Course Accommodations:** Course accommodations for students with disabilities which shall be available, based upon assessment of student need, and specified on the student's IEP in both basic (general education) and special education courses include but are not limited to:

- an increase or decrease in instructional time;
- variations of instructional strategies;
- teacher instruction or student response through special communication systems;
- accommodation of content where specific sensory or motor functioning is severely impaired; and
- accommodation of test administration procedures and other evaluation systems to accommodate the student's disability permitted by the testing protocol for each specific district and/or state assessment.

M-DCPS provides students with disabilities certain adaptations to basic education or CTE courses and programs of study to ensure students with disabilities the opportunity to meet graduation requirements for a standard diploma. Modifications to basic courses shall not include modifications to the curriculum frameworks or student performance standards. When adapting CTE courses, the particular outcomes and student performance standards which a student must master to earn credit must be specified on the student's IEP. Allowable adaptations to basic or CTE courses may include any of the following:

- the instructional time may be increased or decreased;
- instructional methodology/strategies may be varied;
- special communications systems may be used by the teacher or the student; and
- classroom and district test administration procedures and other evaluation procedures may be adapted to accommodate the student's disability.

The time required to complete grades 9-12 will depend upon the time necessary for the student to earn the required number of credits for the selected diploma option and fulfill other requirements for graduation. Promotion is based upon the same criteria as that of the general education population. Students with disabilities may remain in school until they meet graduation requirements. A student with a disability who has completed the

requirements for a standard diploma may defer the diploma and get services, such as dual enrollment, until they are 22.

The potential to defer receipt of a standard high school diploma applies to any student with a disability, as long as the requirements of s. 1003.4282(10)(c) are met.

### E. Concordant and Comparative Scores for the Statewide, Standardized Graduation Assessments

All grade 10 students must take the Grade 10 FSA ELA and students enrolled in Algebra 1 must take the Florida EOC in Algebra 1. However, a student who does not receive a passing score on either assessment may apply a concordant/comparative score achieved on a designated college readiness assessment to meet the high school graduation test requirements per s. [1003.4282\(3\)\(a\)](#).

Concordant scores required to meet graduation test requirements for the Grade 10 FCAT 2.0 Reading or FSA ELA assessments, for students who entered grade 9 in 2010-2011 and beyond are: ACT Reading 19 or SAT 430. New concordant scores may be set by the FL-DOE for the FSA ELA assessments when the required studies have been completed, per Florida statute.

The comparative score required to meet graduation test requirements for the Florida EOC in Algebra 1, for students who entered grade 9 in 2011-2012 and beyond is the PERT score of 97. New comparative scores may also be set by the FL-DOE for the FSA EOC in Algebra 1 when the required study is completed. The table below provides the applicable concordant and comparative scores.

<b>Concordant and Comparative Scores for High School Graduation Tests</b>				
<b>Graduation Test</b>	<b>Cohort Year (Incoming 9<sup>th</sup> Graders)</b>			
	<b>2012-2013</b>	<b>2013-2014</b>	<b>2014-2015</b>	<b>2015-16</b>
<b>Reading/ELA</b>	<b>FCAT Reading 2.0 (Pass = Level 3 or 245)</b>	<b>FSA ELA Linked Score</b>	<b>FSA ELA Level 3</b>	<b>FSA ELA Level 3</b>
<b>Concordant Scores</b>	<b>ACT: 19 SAT: 430</b>	<b>ACT: 19 SAT: 430</b>	<b>ACT: 19 SAT: 430</b>	<b>ACT: 19 SAT: 430</b>
<b>Algebra 1</b>	<b>NGSSS Algebra 1 (Pass=Level 3 or 399)</b>	<b>NGSSS Algebra 1 (Pass=Level 3 or 399 and 30%)</b>	<b>FSA Algebra 1 Linked Score (No 30%)</b>	<b>FSA Algebra 1 Level 3 and (30%)</b>
<b>Comparative Scores</b>	<b>PERT: 97</b>	<b>PERT: 97</b>	<b>PERT: 97</b>	<b>PERT: 97</b>

## F. Senior High School Placement, Grade Promotion and Academic Support

Each student is required to have mastered the appropriate state standards, which are incorporated in the *M-DCPS District Pacing Guides* in order to be eligible for graduation from M-DCPS. The following table provides the senior high school promotion and retention requirements for students, including SWD:

### Summary of Promotion and Placement Requirements for Senior High School Students

End Of Grade	Minimum Cumulative Total Of Credits For the Four-Year, 24 Credit Standard Program
9	4 credits, which will include one ELA or one mathematics
10	9 credits, which will include: <ul style="list-style-type: none"><li>two ELA, one mathematics, and one science</li></ul> OR <ul style="list-style-type: none"><li>one ELA, two mathematics and one science</li></ul>
11	16 credits, which will include: <ul style="list-style-type: none"><li>three ELA, two mathematics, and two science</li></ul> OR <ul style="list-style-type: none"><li>two ELA, three mathematics and two science</li></ul>
12	24 credits required for graduation

**Students with disabilities (SWD):** SWD who are following the NGSSS/FS must be enrolled in general education courses. The general education classroom must be the first placement consideration for scheduling and providing access to these courses for students with disabilities. Before a student with a disability turns the age of 14 or not later than the first IEP to be in place when the student attains the age of 16, the IEP must include a statement of intent to pursue a standard high school diploma and a Scholar or Merit designation as determined by the parent. Students entering 9th grade in the 2014-15 school year and thereafter, may not work toward a special diploma, they must choose a standard diploma option the special diploma option was eliminated. Students who in the school year 2014-2015 were in grades 10-12 and were working toward a special diploma had the option of changing to a standard diploma if they met criteria set forth by State Board of Education Rule.

**Academic Support for High School Students for English Language Arts and Mathematics per House Bill 7069:** As part of the changes resulting from House Bill (HB) 7069, beginning with the 2015-2016 school year, the Florida Legislature amended

s. [1003.4282](#), F.S., deleting the requirement for high school students who score at Level 1 or Level 2 on the ELA FSA and/or Algebra 1 EOC to be enrolled in a remedial course or a content area course in which remediation strategies are incorporated. However, HB 7069 also states that students who do not achieve a Level 3 or above on statewide, standardized assessments in ELA, mathematics and Algebra 1 must be evaluated to determine the nature of students' difficulties and areas of academic need and be provided academic supports to improve the students' performance. The Florida Department of Education authorizes school districts to establish local policy regarding instructional support, remediation and course enrollment that are in the best interest of students. As such, M-DCPS provides academic support through Intensive Reading and Intensive Mathematics courses for secondary school students because students must pass both the Grade 10 ELA FSA and the Algebra 1 EOC to graduate high school. These courses, approved for use in the [Florida Course Code Directory](#), are in addition to the regular language arts and mathematics courses and are offered as electives.

**Parental Opt Out Procedure for Intensive Reading Classes:** A parent may request that their child not participate in the Intensive Reading courses in secondary schools. While it is not the recommendation of the District to remove students from the Intensive Reading courses given the State's graduation requirement of passing the Grade 10 ELA FSA, the Office of Academics and Transformation has a "Parental Opt Out" Procedure for the 2015-2016 school year. The Opt Out Procedure applies to selected secondary students who meet academic grade and test score criteria. If a parent/ guardian of a student who meets the 2015-2016 Opt Out criteria initiates a request to remove their child from the Intensive Reading course, the school shall follow instructions, as delineated in Weekly Briefings 17653 and 17897, which include having the parent meet with the school's Reading Leadership Team, view a video (Weekly Briefing 17965) and sign the District's release form acknowledging the District's recommendation. The parental request should be made directly to the principal who must also sign the District release form. The original, signed copy of the letter should be maintained in the student's cumulative folder. Questions from school sites about this Parental Opt Out Procedure may be addressed with the M-DCPS Department of Language Arts, Secondary, at 305 995 3122.

**Grade Forgiveness Policy:** The grade forgiveness policy for students in grades 9-12 is explained under the *General Requirements* section of this document beginning on page 33 of this document.

**Semester System:** There are mechanisms which make it possible for students to benefit from the advantages of a semester system without the disadvantages of major rescheduling at midyear or midyear promotions. These are outlined on s. [1003.436](#), F.S., and in Appendix D).

**Transfer Students in 11<sup>th</sup> or 12<sup>th</sup> grade:** Procedures regarding students who enter a Florida public school at the 11<sup>th</sup> or 12<sup>th</sup> grade from out of state or out of country are explained in the *General Requirements* section of this document on page 12.

## G. Required Topics of Study for Senior High School

In addition to the aforementioned required courses that comprise the high school graduation requirements, several topics are also part of the curriculum and they are embedded within various authorized high school courses. The topics are in accordance with State Statutes and/or District requirements. Furthermore, where available, the District-developed resources to support instruction for the topics listed below are accessible through links.

- Required Topics as per [1003.42](#), F.S. and [1003.46](#), F.S.:
  - [African American History, Culture and Experiences](#)
  - [Character Education](#) *School Board Policy 2290*
  - [Comprehensive Health Education](#)
  - [Economic Education](#)
  - [Florida History, Government, and Geography](#)
  - [Hispanic contributions to the United States](#)
  - [History/content of the Declaration of Independence and the U.S. Constitution](#)
  - [History of the Holocaust](#)
  - [History of the U.S., including the period of discovery, early colonies, War for Independence, Civil War, expansion of the U.S. to its present boundaries, world wars, and the civil rights movement to the present](#)
  - [Human Growth and Development](#) *School Board Policy 2417*
  - [Internet Safety](#)
  - Kindness to animals
  - [Sacrifices made by veterans in protecting democratic values world wide](#)
  - [Sexually Transmitted Diseases](#) (including [HIV/AIDS Education](#)) [1003.46](#), F.S.
  - [Substance Abuse Education](#) *School Board Policy 5530*
  - [Teen dating violence and abuse prevention](#)
  - The conservation of natural resources
  - The elementary principles of agriculture
  - [Women's contributions to the United States](#)
- [Bullying Curriculum](#) [1006.147](#), F.S. *School Board Policy 5517.01*
- Digital Citizenship
- [Multicultural Education](#) *School Board Policy 2225*
- [Sexting Curriculum](#) *School Board Policy 5136.02*

## H. Scheduling of Students

Each student in senior high school must be scheduled for a minimum of six annual credits per year. Florida Virtual School (FLVS) courses and dual enrollment courses can be applied toward the six annual credits per year requirement. Additionally, a senior needing five credits or less to graduate may be scheduled for only five periods upon approval by the principal and Regional Superintendent, or designee. The approval of the parent is also required. This requirement may be waived for a student with disabilities if a shortened school day has been included in the student's IEP and if the resultant schedule is in accordance with relevant Florida Statutes and Florida State Board of Education (FBE) rules.

Grades earned through FLVS will be entered into the student's permanent record. WF (Withdrawal/Failing) and CF (Complete/Failing) are recorded as F grades.

Students may not withdraw from a course in progress and enroll in the same or equivalent course through FLVS except for extenuating circumstances.

### **I. Definition of "Credit"**

**High School Credit:** As per s. [1003.426](#), F.S., for the purposes of requirements for high school graduation, one full credit means a minimum of 135 hours of bona fide instruction in a designated course of study that contains student performance standards.

The "one-half credit earned system" allows for students to receive one-half credit for courses provided on a full-year basis. The hourly requirements for one-half credit are one-half the requirements for a full credit. A student enrolled in a full-year course shall receive one-half credit if the student:

- successfully completes half of a full-year course (either the first or the second half);
- fails to successfully complete the other half of the course; and
- the averaging of the grades obtained in each half would not result in a passing grade.

A student attending a school-sponsored and approved activity directly related to the student's academic program shall be considered as present for instruction.

**Credits in High Schools with Block Scheduling:** One full credit means a minimum of 120 hours of bona fide instruction in a designated course of study that contains student performance standards for purposes of meeting high school graduation requirements.

### **J. Additional Information regarding High School and Graduation**

**Acceleration Provisions:** M-DCPS provides for the accelerated coursework that allows students to pursue a more challenging program of study. These acceleration options are explained in the *General Requirements* section of this document beginning on page 20.

**Community Service:** A community service project, which is described in [Community Service Implementation Guidelines](#), incorporated by reference in this School Board Policy 5410 *Student Progression Plan*, is required for graduation for those students who select a four-year, 24-credit standard program. The school must approve and verify that the student's community service complies with the requirements specified in the [Community Service Implementation Guidelines](#). In the implementation of the project, the student is to identify a social problem of interest, develop a plan for personal involvement in addressing the problem, and, through papers or presentations, evaluate and reflect upon the experience. No specific numbers of hours are required for graduation. A community service project is not a graduation requirement for students enrolled in the 18-credit ACCEL option. However, it should be noted that the [Florida](#)

[Bright Futures Scholarship Program](#) requires community service hours as part of the eligibility requirements for the Florida Academic Scholars Award, the Florida Medallion Scholars Award and the Florida Gold Seal Vocational Scholars Award. Additionally, students should seek advisement regarding community service requirements for certain diploma options, such as the Superintendent's Diploma of Distinction, AICE, and IB, from their school counselor.

**Interscholastic Extracurricular Eligibility:** Guidelines for student participation in extracurricular activities, as per [1006.15](#), F.S., are delineated in School Board Policy 5845, *Student Activities*. The term "extracurricular" refers to any school-authorized or education-related activity occurring during or outside the regular instructional school day. Student eligibility requirements and rules for participation in interscholastic extracurricular athletics and activities are explained in the District's [Student Activities Handbook](#). Any student who participates in extracurricular athletics and activities must have a completed, signed *Contract for Student Participation in Interscholastic Competition or Performances*, [FM 7155](#).

**Science Courses:** College-bound students should strongly consider taking four years of science, to include chemistry and/or physics, along with the required Biology 1 course, in order to remain competitive with their national and international peers.

**Course Code Directory:** Any course listed in the current [Florida Course Code Directory](#), or the District's [Course Code Directory](#)/Curriculum Bulletin-1(CB-1) which is appropriate for grades 9 or above may fulfill an elective credit for graduation except Study Hall and other courses identified as noncredit (NC), Adult Basic Education, and GED Preparation. In selecting their electives, students shall consider a specific career course plan.

**Career and Technical Course Substitutions:** Career and Technical Education Course substitutions are permitted for students completing job preparation programs as specified in [CB-1](#) and Florida Board of Education rule. However, substitutions may not exceed two credits in each of the required academic areas of English, mathematics, and science, and may apply to only one area. It should be noted that program substitutions will remain in effect for students entering the ninth grade prior to 2011-2012. Students entering the ninth grade in or after 2011-2012 will not be eligible for program substitutions.

**Adult Education Program Credit:** A student who is eligible may, with prior written approval of the high school principal and acceptance into the adult education high school credit program, earn two courses per school year from the adult education program to apply toward graduation requirements for a high school diploma. The form *Credit Certification for Adult Education* [FM-4269](#) should be used for this purpose. Students can only take courses in the adult education program previously failed in the day school program. It should be noted that adult education high school courses taken through the regular adult education program may not be recognized by the National Collegiate Athletic Association (NCAA) as meeting eligibility requirements to participate in college athletics.

Senior high school students may not withdraw from a senior high school class and enroll in the same or equivalent class for graduation credit through adult education in the same academic year except for extenuating circumstances and only by permission of the principal.

A *Credit Certification for Adult Education* form, [FM 4269](#), should be completed for each student who will transfer credits earned in an adult education program to his/her high school transcript. This form should also be used when the student is no longer enrolled in senior high school, but will use the adult education credit(s) to earn his/her diploma.

**Establishment of Increased Graduation Requirements by Senior High Schools:** Individual senior high schools may not establish graduation requirements greater than the prescribed State requirements for students enrolled in the four-year, 24-credit standard program, subject to the approval of the Regional Superintendent and the Superintendent of Schools, or designee.

## **K. State University System and Florida College System**

**State University System Entrance Requirements:** Admission into Florida’s public universities is competitive. Prospective students should complete a rigorous curriculum in high school and apply to more than one university to increase their chance for acceptance. To qualify to enter one of Florida’s public universities, a first-time-in-college student must meet the following minimum requirements:

- High school graduation with a standard diploma
- Admission test scores
- GPA requirement
- 16 credits of college preparatory academic courses
  - 4 English (3 with substantial writing)
  - 4 Mathematics (Algebra 1 level and above)
  - 3 Natural Science (2 with substantial lab)
  - 3 Social Science
  - 2 World Language - sequential, in the same language (Appendix J)
- 2 approved electives

Additional information is available at the [State University System of Florida](#).

**Florida College System:** Florida’s College System includes 28 state colleges that have a general open-door admissions policy for students who have a high school diploma or GED®. These institutions offer career-related certificates and two-year associate degrees that prepare students to transfer to a bachelor’s degree program or to enter jobs requiring specific skills. Many also offer baccalaureate degrees in high-demand fields. Each college has a different process for admissions. Additional information is available at [The Florida College System](#).

## L. Florida Bright Futures Scholarship Program

The Florida Department of Education's Office of Student Financial Assistance oversees the [Florida Bright Futures Scholarship Program](#). In addition to providing information about this program, this website facilitates application to the program for interested students.

**Program Description:** The Florida Bright Futures Scholarship Program, as per s. [1009.53](#), F.S., is created to establish a lottery-funded scholarship program to reward any Florida high school graduate who merits recognition of high academic achievement and who enrolls in a degree program, certificate program, or applied technology program at an eligible Florida public or private postsecondary education institution within 3 years of graduation from high school. The Bright Futures Scholarship Program consists of three types of awards: the Florida Academic Scholarship, the Florida Medallion Scholarship, and the Florida Gold Seal Vocational Scholarship. Each award has specific eligibility requirements and award criteria, which are outlined in the [Bright Futures Student Handbook](#) and the [Bright Futures Eligibility](#) table.

**Application Process:** Students must apply for the scholarship by submitting the *Florida Financial Aid Application (FFAA)* beginning December 1 of their senior year and by no later than August 31 after high school graduation. All eligibility requirements must be met by high school graduation, but scores of ACT®/SAT®/P.E.R.T. tests taken through June 30 are accepted for evaluation purposes.

After submitting the FFAA, the student is responsible for tracking the application and award status online and keeping the Office of Student Financial Assistance (OSFA) informed of any demographic or institutional changes.

## V. THE ADULT HIGH SCHOOL CREDIT PROGRAM

### A. Standard High School Diploma for Adult Education Students

An adult student in an adult general education program as provided under s. [1004.93](#) F.S. shall be awarded a standard high school diploma if the student meets the requirements of this section or s. [1002.3105](#). Grades 9-12 (or equivalent) students in adult high school credit programs must meet essentially the same standards for graduation as those in the four-year, 24-credit standard program. These students will be assessed a block tuition rate of \$30 per term.

For high school graduation course/credit requirements and statewide, standardized assessments for graduation, see *Graduation Requirements for High School Students*, which begins on page 73 of this document. For earlier cohorts, refer to the table below:

School Year Enrolled in Grade 9	Original Graduation Test Requirement	Passing Reading Score	Passing Mathematics Score
2006-2007 or Earlier	HSCT or FCAT	* ACT 15 SAT 410	* ACT 15 SAT 340
2007-08 or 2008-09	FCAT	* ACT 18 SAT 420	* ACT 15 SAT 340
2009-10	FCAT 2.0 Reading FCAT Mathematics	FCAT 2.0 241 ACT 18 SAT 420	* ACT 15 SAT 340
2010-11	FCAT 2.0 Reading	FCAT 2.0 245 (Level 3) ACT 19 SAT 430	n/a
2011-12	FCAT Reading 2.0 NGSSS Algebra 1	FCAT 2.0 245 (Level 3) ACT 19 SAT 430	NGSSS Algebra 1 399 (Level 3) PERT 97

\* HSCT and FCAT Reading and Mathematics Retake are no longer offered. Students may earn concordant/comparative scores on the ACT, SAT, or PERT, as shown above, or earn a passing score on the currently available state assessment.

The one credit in physical education is not required and may be substituted with elective credit, keeping the total credits required for graduation the same. Any course listed within the [Florida Course Code Directory](#) in the areas of art, theatre arts, dance, music, speech, or identified CTE courses may be taken by adult secondary education students to satisfy the one required credit in performing arts. However, beginning with the 2009-2010 school year and beyond, adult high school students may enroll in any approved elective course in lieu of the one required performing arts credit. The science lab component may be waived when facilities are not available. The community service graduation requirement is encouraged, but it is not a requirement to earn a standard diploma.

To obtain a standard adult high school diploma, a student must earn the required 24 credits and pass the required statewide, standardized assessments or attain concordant and/ or comparative scores. A cumulative GPA of 2.0 on a 4.0 scale is required for all adult high school students. Instructional credits and additional provisions as applied toward a diploma in this program are defined as follows:

- Credits are earned by successful completion of course requirements and attainment of a satisfactory grade on an end-of-course exam.
- One annual credit is the equivalent of two semester credits.
- Students may be assigned to a high school basic skills class as determined by assessment. This class may not be offered as a part of an adult basic education program. A student shall earn only elective credit toward graduation for high school remedial language arts and high school remedial mathematics classes. A maximum of two such credits may be earned.
- The courses or subjects specified below are the minimum required for graduation through the adult education program.
- Students who entered adult high school in 2014-2015 and beyond will need one course within the 24-credit program to be completed through online learning.
- Students who entered adult high school in 2013-2014 or who are currently enrolled will be required to take the U.S. History EOC assessment when taking the course with results counting as 30% of the final grade. Eligible adult high school program students who had previously earned passing HSCT scores may apply these scores toward the graduation requirement.

**B. 18 Credit ACCEL Option:** The 18 Credit (ACCEL) Option for Adult High School graduation requirements are as follows:

- 14 core courses required for standard diploma
- 4 elective credits
- Physical education is not required (adult students are exempt).
- Online course is not required.
- All other graduation requirements for a 24-credit standard diploma must be met.

**C. Certificate of Completion:** A student who earns the required 24 credits, or the required 18 credits under s. [1002.3105\(5\)F.S.](#), but fails to pass the assessments required under s. [1008.22\(3\)F.S.](#) or achieve a 2.0 GPA shall be awarded a certificate of

completion in a form prescribed by the State Board of Education. However, a student who is otherwise entitled to a certificate of completion may elect to remain in high school either as a full-time student or a part-time student for up to 1 additional year and receive special instruction designed to remedy his or her identified deficiencies.

**D. GED® Program:** Upon successful completion of the official GED Test, a candidate shall be awarded a State of Florida High School Diploma and shall be considered a high school graduate. For specific information regarding the GED® program, please refer to the [Adult and Career Technical Education Procedures Handbook](#).

**E. Performance-Based Exit Option Model:** Currently enrolled high school students at risk of dropping out or of not graduating with their cohort group are eligible to take the GED Test. If students pass the GED Test along with other applicable state graduation tests, they are eligible to graduate receiving a State of Florida High School Performance-Based Exit Option Model. Students must meet the following eligibility criteria to access this alternate graduation option:

- are 16 years old and currently enrolled in a PK-12 program;
- are enrolled in courses that meet the high school graduation requirements;
- are over-age for grade, behind in credits, below the 2.0 GPA, and are in jeopardy of not graduating with their cohort group;
- have demonstrated a probability for success on the GED Test as documented by the OPT;
- have passed the applicable graduation tests or earned an applicable concordant score along with other applicable state graduation tests;
- have maintained enrollment through their prescribed graduation date;
- have not graduated before the commencement date of the class with whom they entered kindergarten; and
- achieved a minimum 9th grade reading level as documented by an assessment to determine grade level proficiency.

Students with disabilities will continue to be eligible for FAPE until the end of the school year in which the student turns 22 years of age, if they have not earned a standard diploma, even if they have earned a GED credential. The only exception includes students with disabilities who successfully utilize the Performance-Based Exit Option Model.

## **APPENDIX A**

### **Academically Challenging Curriculum to Enhance Learning (ACCEL) Options**

**1002.3105 Florida Statutes**

## Academically Challenging Curriculum to Enhance Learning (ACCEL) Options, 1002.3105, F.S.

The Florida Legislature enacted 1002.3105, F.S. for implementation beginning with the 2012-2013 school year. School districts are required to implement the following ACCEL Options for eligible students: whole-grade promotion, midyear promotion, and subject-matter acceleration resulting in the promotion or acceleration taking place within the same school or to a new school; and virtual instruction in higher grade level subjects. Additionally, as per 1003.4295 F.S., students may participate in the Credit Acceleration Program, which allows students to take End-of-Course (EOC) Examinations and to receive credit for the corresponding high school courses if students pass the EOC. Additional ACCEL Options specified in 1002.3105, F.S. may be offered by principals at individual schools.

### Procedures for implementation of ACCEL Options:

Minimum student eligibility requirements to be considered for participation in ACCEL Options:

- The student's performance on a locally determined assessment, a statewide assessment, or a statewide, standardized assessment administered pursuant to 1008.22, F.S., reflecting above grade level performance content standards;
- A student's grade point average should be a 3.0 (unweighted) or above in the core academic subjects of mathematics, science, language arts/reading, and social studies;
- The student's attendance and conduct record must comply with School Board Policy 5200, *Student Attendance*. A student's conduct record should reflect a 3.0 grade point average for eligibility in an ACCEL Option. [Board Policy 5500](#), *Student Conduct and Discipline and the Code of Student Conduct, Elementary and Secondary*, provide guidance for schools;
- Letter(s) of recommendation from one or more of the student's teachers in core curriculum courses (language arts/reading, mathematics, science and/or social studies); and
- A letter of recommendation from a school counselor at the student's school.

Parent notification of ACCEL Options and procedures for parents to request consideration for students to participate in ACCEL Options:

- A letter from the Superintendent on the District's Dadeschools.net Parent Portal will inform parents of the ACCEL Options and will specify student eligibility criteria;
- Parents requesting that their child be considered to participate in an ACCEL Option should contact the school counselor or a school administrator;
- Students must meet the minimum eligibility criteria to be considered for ACCEL participation;
- High school students must meet high school graduation criteria including earning required credits to be eligible for graduation;
- In the event of a grade promotion in grades K-8, FM [2228](#)\* should be completed and processed at the school; and
- A student performance contract is required by Section 1002.3105 (3)(c), F.S., if participation in an ACCEL Option results from a parental request. M-DCPS FM [7488](#)\* is to be used for this purpose. The contract must be signed by the student, parent, and principal. The contract is not required if student participation is initiated by the principal but may be used at the discretion of the principal.

\*Form 2228 and Form 7488 must be maintained in the student's cumulative folder along with other documentation to include teacher and counselor letters of recommendation, assessment results, and any other information that supports the acceleration or promotion.

## **APPENDIX B**

### **Activities Associated with Elementary School Retention**

## ACTIVITIES ASSOCIATED WITH ELEMENTARY SCHOOL STUDENT RETENTION

### 1. Prior to First Retention

Code

**P-1 - Parent Conference - Possible Retention:** In this conference, the administrator and/or teacher shall discuss with the student and his/her parent the lack of progress in academic achievement and/or the deficiencies exhibited by the student which will impede success at the next level and the steps to be taken by all those concerned for the student to succeed. If a parent conference is not possible, every effort shall be made to communicate the purpose and the content of the retention prevention plan with the parent through the use of other strategies, e.g., home visits by the school social worker or written communication.

**CA - Conference - Teacher/Student:** During this session, the teacher shall discuss with the student the specific reasons for retention, e.g., failure to demonstrate mastery of basic skills, insufficient progress in academic achievement, lack of readiness for the next level of instruction, and/or absenteeism. Refer to the actions required by the retention prevention plan.

**A9 - Conference - Principal/Teacher - Possible Retention:** When it has been determined that a student is functioning at an unsatisfactory level and, therefore, is in danger of being retained, the principal shall meet with the teacher to review instructional materials in relation to the student's reading level, the instructional methodology being used, the teacher/student relationship, and any other variable that may affect the student's progress.

**I-4 - Individual Counseling - Possible Retention:** A student who is functioning at an unsatisfactory level and is, therefore, in danger of being retained, shall be the recipient of counseling services on a periodic basis. This includes a review of the student's academic growth and emotional/physical well-being in order to determine whether the student needs additional services, e.g., tutoring, alternative education, and/or referral to another agency. These services may be provided by the school counselor or other qualified staff member.

**D-3 - Developmental Group Counseling:** A student who is functioning at an unsatisfactory level and is, therefore, in danger of being retained, shall be involved in group counseling sessions specifically designed to develop skills for improving academic progress, e.g., study skills, goal setting, decision making, and/or self-concept. These services may be provided by the school counselor or other qualified staff member.

### 2. Prior to Second Retention

Code

**P-1 - Parent Conference - Possible Retention:** In this conference, the administrator and/or teacher shall discuss with the student and his/her parent the lack of progress in academic achievement and/or the deficiencies exhibited by the student which will impede success at the next level and the steps to be taken by all those concerned for the student to succeed. It is the intent that a parent conference takes place. However, if a parent conference is not possible, every effort shall be made to communicate with the parent through the use of other strategies, e.g., home visits by the school social worker or written communication. During the conference the student's academic intervention(s) identified as part of the schoolwide system of progress monitoring must be reviewed and revised as needed.

**CA - Conference - Teacher/Student:** During this session, the teacher shall discuss with the student the specific reasons for retention, e.g., failure to demonstrate mastery of basic skills, insufficient progress in academic achievement, lack of readiness for the next level of instruction, and/or absenteeism. Refer to the procedures necessary for achieving success and the actions required by the retention prevention plan.

**CR - Counseling - Retained Student:** The retained student shall be involved in individual or group counseling activities specifically designed to address the needs of the retained students, e.g., study skills, decision making, and/or self-concept. These services may be provided by the school counselor or other qualified staff member.

**A-8 - Academic Review - Retained Student:** The principal or assistant principal shall meet with the retained student's teachers to assure that the student is involved in an appropriate instructional program, e.g., tutorial programs, alternative education, extended school day, peer tutoring, and/or Saturday school.

**3. A student is not to be retained a third time in grades 2-5 except on special recommendation of the principal and written approval by the Regional Superintendent.**

**SUMMARY OF INTERVENTION STRATEGIES**

Intervention Strategies	Prior to First Retention	Prior to Second Retention
CA Teacher/Student Conference	✓	✓
A9 Principal Teacher Conference	✓	
I-4 Individual Counseling	✓	
D-3 Developmental Group Counseling	✓	
P-1 Parent Conference – Possible Retention	✓	✓
CR Counseling Retained Student		✓
A-8 Academic Review		✓

**Note:**

1. Documentation of DSIS intervention strategies is required for students in programs for Speech/Language Impaired and Gifted.

## **APPENDIX C**

### **SENIOR HIGH SCHOOL GRADUATION CHARTS**

## Students Entering Grade Nine in the 2011-2012 School Year

### What Students and Parents Need to Know

#### What are the diploma options?

Students must successfully complete one of the following diploma options:

- 24-credit standard diploma
- 18-credit Academically Challenging Curriculum to Enhance Learning (ACCEL) option
- Advanced International Certificate of Education (AICE) curriculum
- International Baccalaureate (IB) Diploma curriculum

#### What are the state assessment requirements\*?

Students must pass the following statewide assessments:

- Grade 10 reading (or ACT/SAT concordant score)
- Algebra I end-of-course (EOC) if Algebra I is taken after 2010–2011 or a comparative score on the Postsecondary Education Readiness Test (P.E.R.T.)

Students must participate in the following EOC assessments:

- Algebra I (if enrolled after 2010-2011)
- Biology I (if enrolled after 2010-2011)
- Geometry (if enrolled after 2010-2011)
- U.S. History (if enrolled after 2011-2012)

#### What is the credit acceleration program (CAP)?

This program allows a student to earn high school credit if the student passes a statewide course assessment without enrollment in the course. The courses include the following subjects:

- Algebra I
- Geometry
- U.S. History
- Biology I
- Algebra II

Photo courtesy of iStock/Thinkstock

#### What are the requirements for the 24-credit standard diploma option?

<b>4 Credits English Language Arts (ELA)</b>
<b>4 Credits Mathematics</b>
<ul style="list-style-type: none"> <li>▪ One of which must be Algebra I and one of which must be Geometry</li> <li>▪ Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra I and Geometry)</li> </ul>
<b>3 Credits Science</b>
<ul style="list-style-type: none"> <li>▪ One of which must be Biology I, two of which must have a laboratory component</li> <li>▪ An industry certification that leads to college credit substitutes for up to one science credit (except for Biology I)</li> <li>▪ An identified rigorous Computer Science course with a related industry certification substitutes for up to one science credit (except for Biology I)</li> </ul>
<b>3 Credits Social Studies</b>
1 credit in World History 1 credit in U.S. History .5 credit in U.S. Government .5 credit in Economics
<b>1 Credit Fine and Performing Arts, Speech and Debate, or Practical Arts</b>
Eligible courses are specified in the Florida Course Code Directory at <a href="http://www.fldoe.org/articulation/CCD/default.asp">http://www.fldoe.org/articulation/CCD/default.asp</a> .
<b>1 Credit Physical Education</b>
To include the integration of health
<b>8 Elective Credits</b>
<b>1 Online Course</b>
Students must earn a 2.0 grade point average on a 4.0 scale.

#### What is the distinction between the 18-credit ACCEL option and the 24-credit option?

- 3 elective credits instead of 8
- Physical Education is not required
- Online course is not required

All other graduation requirements for a 24-credit standard diploma must be met (per section 1003.4282(10)(d)1.-5., Florida Statutes [F.S.]).

## What are the requirements for standard diploma designations?

### Scholar Diploma Designation

In addition to meeting the 24-credit standard high school diploma requirements, a student must

- Earn 1 credit in Algebra II;
- Earn 1 credit in Statistics or an equally rigorous mathematics course;
- Pass the Biology I EOC;
- Earn 1 credit in Chemistry or Physics;
- Earn 1 credit in a course equally rigorous to Chemistry or Physics;
- Pass the U.S. History EOC;
- Earn 2 credits in the same World Language; and
- Earn at least 1 credit in AP, IB, AICE or a dual enrollment course.

A student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology I or U.S. History course and the student

- Takes the respective AP, IB or AICE assessment; and
- Earns the minimum score to earn college credit.

### Merit Diploma Designation

- Meet the standard high school diploma requirements
- Attain one or more industry certifications from the list established (per s. 1003.492, F.S.)

## Can a student who selects the 24-credit program graduate early?

Yes, a student who completes all the 24-credit program requirements for a standard diploma may graduate in fewer than eight semesters.

## Where is information on Bright Futures Scholarships located?

The Florida Bright Futures Scholarship Program rewards students for their academic achievements during high school by providing funding to attend a postsecondary institution in Florida. For more information, go to

<http://www.floridastudentfinancialaid.org/SSFAD/bf/>.

## What are the public postsecondary options?

### SUS (State University System)

Admission into Florida's public universities is competitive. Prospective students should complete a rigorous curriculum in high school and apply to more than one university to increase their chance for acceptance. To qualify to enter one of Florida's public universities, a first-time-in-college student must meet the following minimum requirements:

- High school graduation with a standard diploma
- Admission test scores
- 16 credits of college preparatory academic courses
- 4 English (3 with substantial writing)
- 4 Mathematics (Algebra I level and above)
- 3 Natural Science (2 with substantial lab)
- 3 Social Science
- 2 World Language (sequential, in the same language)
- 2 approved electives

<http://www.flbog.edu/forstudents/planning>

### The Florida College System

Includes 28 state colleges. These institutions offer career-related certificates and two-year associate degrees that prepare students to transfer to a bachelor's degree program or to enter jobs requiring specific skills. Many also offer baccalaureate degrees in high-demand fields. Florida College System institutions have an open door policy. This means that students who have earned a standard high school diploma, have earned a high school equivalency diploma or have demonstrated success in postsecondary coursework will be admitted to an associate degree program.

<http://www.fldoe.org/fcs>

### Career and Technical Centers

Florida also offers students 46 accredited career and technical centers throughout the state, which provide the education and certification necessary to work in a particular career or technical field. Programs are flexible for students and provide industry-specific education and training for a wide variety of occupations.

<http://www.fldoe.org/workforce/pdf/DistrictTechnicalCenterDirectors.pdf>

## Where is information on financial aid located?

The Office of Student Financial Assistance State Programs administers a variety of postsecondary educational state-funded grants and scholarships.

<http://www.floridastudentfinancialaid.org/>

\* Policy adopted in rule by the district school board may require for any cohort of students that performance of a statewide, standardized EOC assessment constitute 30 percent of a student's final course grade

## Students Entering Grade Nine in the 2012-2013 School Year Academic Advisement Flyer–What Students and Parents Need to Know

### What are the diploma options?

Students must successfully complete one of the following diploma options:

- 24-credit standard diploma
- 18-credit Academically Challenging Curriculum to Enhance Learning (ACCEL) option
- Advanced International Certificate of Education (AICE) curriculum
- International Baccalaureate (IB) Diploma curriculum

### What are the state assessment requirements\*?

Students must pass the following statewide assessments:

- Grade 10 reading (or ACT/SAT concordant score)
- Algebra I end-of-course (EOC) if Algebra I is taken after 2010–2011 or a comparative score on the Postsecondary Education Readiness Test (P.E.R.T.)

Students must participate in the following EOC assessments:

- Algebra I (if enrolled after 2010-2011)
- Biology I (if enrolled after 2010-2011)
- Geometry (if enrolled after 2010-2011)
- U.S. History (if enrolled after 2011-2012) and performance on the EOC constitutes 30 percent of the final course grade

### What are the graduation requirements for students with disabilities?

Two options are available only to students with disabilities. Both require the 24 credits listed in the table and both allow students to substitute a career and technical (CTE) course with related content for one credit in ELA IV, mathematics, science and social studies (excluding Algebra I, Geometry, Biology I and U.S. History).

- Students with significant cognitive disabilities may earn credits via access courses and be assessed via an alternate assessment.
- Students who choose the academic and employment option must earn at least .5 credit via paid employment.
- Certain students may earn a special diploma.

\* Policy adopted in rule by the district school board may require for any cohort of students that performance of a statewide, standardized EOC assessment constitute 30 percent of a student's final course grade.

### What are the requirements for the 24-credit standard diploma?

<p>In addition to meeting the 24-credit standard high school diploma requirements, a student must</p> <ul style="list-style-type: none"> <li>▪ Earn 1 credit in Algebra II;</li> <li>▪ Earn 1 credit in statistics or an equally rigorous mathematics course;</li> <li>▪ Pass the Biology I EOC;</li> <li>▪ Earn 1 credit in chemistry or physics;</li> <li>▪ Earn 1 credit in a course equally rigorous to chemistry or physics;</li> <li>▪ Pass the U.S. History EOC;</li> <li>▪ Earn 2 credits in the same world language; and</li> <li>▪ Earn at least 1 credit in AP, IB, AICE or a dual enrollment course.</li> </ul> <p>A student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology I or U.S. History course and the student</p> <ul style="list-style-type: none"> <li>▪ Takes the respective AP, IB or AICE assessment; and</li> <li>▪ Earns the minimum score to earn college credit.</li> </ul>
Merit Diploma Designation
<ul style="list-style-type: none"> <li>▪ Meet the standard high school diploma requirements</li> <li>▪ Attain one or more industry certifications from the list established (per section 1003.492, Florida Statutes [F.S.]).</li> </ul>

**Can a student who selects the 24-credit program graduate early?**

Yes, a student who completes all the 24-credit program requirements for a standard diploma may graduate in fewer than eight semesters.

**What is the distinction between the 18-credit ACCEL option and the 24-credit option?**

- 3 elective credits instead of 8
- Physical education is not required
- Online course is not required

All other graduation requirements for a 24-credit standard diploma must be met (per s. 1003.4282(3)(a)-(e), F.S.).

**Where is information on Bright Futures Scholarships located?**

The Florida Bright Futures Scholarship Program rewards students for their academic achievements during high school by providing funding to attend a postsecondary institution in Florida. For more information, visit <http://www.floridastudentfinancialaid.org/SSFAD/bf/>.

**What are the public postsecondary options?**

State University System
<p>Admission into Florida’s public universities is competitive. Prospective students should complete a rigorous curriculum in high school and apply to more than one university to increase their chance for acceptance. To qualify to enter one of Florida’s public universities, a first-time-in-college student must meet the following minimum requirements:</p> <ul style="list-style-type: none"> <li>▪ High school graduation with a standard diploma</li> <li>▪ Admission test scores</li> <li>▪ 16 credits of approved college preparatory academic courses</li> <li>▪ 4 English (3 with substantial writing)</li> <li>▪ 4 Mathematics (Algebra I level and above)</li> <li>▪ 3 Natural Science (2 with substantial lab)</li> <li>▪ 3 Social Science</li> <li>▪ 2 World Language (sequential, in the same language)</li> <li>▪ 2 approved electives</li> </ul> <p><a href="http://www.flbog.edu/forstudents/planning">http://www.flbog.edu/forstudents/planning</a></p>
The Florida College System
<p>The 28 state colleges offer career-related certificates and two-year associate degrees that prepare students to transfer to a bachelor’s degree program or to enter jobs requiring specific skills. Many also offer baccalaureate degrees in high-demand fields. Florida College System institutions have an open door policy. This means that students who have earned a standard high school diploma, have earned a high school equivalency diploma or have demonstrated success in postsecondary coursework will be admitted to an associate degree program.</p> <p><a href="http://www.fldoe.org/schools/higher-ed/fl-college-system/index.stml">http://www.fldoe.org/schools/higher-ed/fl-college-system/index.stml</a></p>
Career and Technical Centers
<p>Florida also offers students 46 accredited career and technical centers throughout the state, which provide the education and certification necessary to work in a particular career or technical field. Programs are flexible for students and provide industry-specific education and training for a wide variety of occupations.</p> <p><a href="#">Career and Technical Directors</a></p>

## Students Entering Grade Nine in the 2014-2015 School Year Academic Advisement Flyer–What Students and Parents Need to Know

### What are the diploma options?

Students must successfully complete one of the following diploma options:

- 24-credit standard diploma
- 18-credit Academically Challenging Curriculum to Enhance Learning (ACCEL) option
- Advanced International Certificate of Education (AICE) curriculum
- International Baccalaureate (IB) Diploma curriculum

### What are the state assessment requirements?

Students must pass the following statewide assessments:

- Grade 10 ELA (or ACT/SAT concordant score)
- Algebra I end-of-course (EOC) or a comparative score on the Postsecondary Education Readiness Test (P.E.R.T.)

Students must participate in the EOC assessments and the results constitute 30 percent of the final course grade. These assessments are in the following subjects:

- Algebra I\*
- Biology I
- Geometry\*
- U.S. History
- Algebra II (if enrolled)\*

\*Special Note: Thirty percent not applicable if enrolled in the 2014-2015 school year.

### What is the credit acceleration program (CAP)?

This program allows a student to earn high school credit if the student passes a statewide course assessment without enrollment in the course. The courses include the following subjects:

- Algebra I
- Geometry
- U.S. History
- Biology I
- Algebra II

### What are the graduation requirements for students with disabilities?

Two options are available only to students with disabilities. Both require the 24 credits listed in the table and both allow students to substitute a career and technical (CTE) course with related content for one credit in ELA IV, mathematics, science and social studies (excluding Algebra I, Geometry, Biology I and U.S. History).

- Students with significant cognitive disabilities may earn credits via access courses and be assessed via an alternate assessment.
- Students who choose the academic and employment option must earn at least .5 credit via paid employment.

### What are the requirements for the 24-credit standard diploma option?

<b>4 Credits English Language Arts (ELA)</b>
<ul style="list-style-type: none"> <li>▪ ELA I, II, III, IV</li> <li>▪ ELA honors, Advanced Placement (AP), Advanced International Certificate of Education (AICE), International Baccalaureate (IB) and dual enrollment courses may satisfy this requirement</li> </ul>
<b>4 Credits Mathematics</b>
<ul style="list-style-type: none"> <li>▪ One of which must be Algebra I and one of which must be Geometry</li> <li>▪ Industry certifications that lead to college credit may substitute for up to two mathematics credits (except for Algebra I and Geometry)</li> </ul>
<b>3 Credits Science</b>
<ul style="list-style-type: none"> <li>▪ One of which must be Biology I, two of which must be equally rigorous science courses.</li> <li>▪ Two of the three required credits must have a laboratory component.</li> <li>▪ An industry certification that leads to college credit substitutes for up to one science credit (except for Biology I)</li> <li>▪ An identified rigorous computer science course with a related industry certification substitutes for up to one science credit (except for Biology I)</li> </ul>
<b>3 Credits Social Studies</b>
1 credit in World History 1 credit in U.S. History .5 credit in U.S. Government .5 credit in Economics with Financial Literacy
<b>1 Credit Fine and Performing Arts, Speech and Debate, or Practical Arts<sup>†</sup></b>
<b>1 Credit Physical Education<sup>†</sup></b>
To include the integration of health
<sup>†</sup> Special Note: Eligible courses and eligible course substitutions are specified in the Florida Course Code Directory at <a href="http://www.fldoe.org/policy/articulation/ccd">http://www.fldoe.org/policy/articulation/ccd</a> .
<b>8 Elective Credits</b>
<b>1 Online Course</b>
Students must earn a 2.0 grade point average on a 4.0 scale.

**What are the requirements for standard diploma designations?**

Scholar Diploma Designation
<p>In addition to meeting the 24-credit standard high school diploma requirements, a student must</p> <ul style="list-style-type: none"> <li>▪ Earn 1 credit in Algebra II (must pass EOC);</li> <li>▪ Pass the Geometry EOC;</li> <li>▪ Earn 1 credit in statistics or an equally rigorous mathematics course;</li> <li>▪ Pass the Biology I EOC;</li> <li>▪ Earn 1 credit in chemistry or physics;</li> <li>▪ Earn 1 credit in a course equally rigorous to chemistry or physics;</li> <li>▪ Pass the U.S. History EOC;</li> <li>▪ Earn 2 credits in the same world language; and</li> <li>▪ Earn at least 1 credit in AP, IB, AICE or a dual enrollment course.</li> </ul> <p>A student is exempt from the Biology I or U.S. History assessment if the student is enrolled in an AP, IB or AICE Biology I or U.S. History course and the student</p> <ul style="list-style-type: none"> <li>▪ Takes the respective AP, IB or AICE assessment; and</li> <li>▪ Earns the minimum score to earn college credit.</li> </ul>
Merit Diploma Designation
<ul style="list-style-type: none"> <li>▪ Meet the standard high school diploma requirements</li> <li>▪ Attain one or more industry certifications from the list established (per section 1003.492, Florida Statutes [F.S.]).</li> </ul>

**Can a student who selects the 24-credit program graduate early?**

## **APPENDIX D**

### **ELEMENTS OF THE SEMESTER SYSTEM**

# ELEMENTS OF THE SEMESTER SYSTEM

A modified semester system provides educational benefits to M-DCPS secondary students, especially those at risk of dropping out of school. The school system's modified semester system is in compliance with Section 1003.436(2), Florida Statutes, which partially states: "In awarding credit for high school graduation, each school district shall maintain a one-half credit earned system which shall include courses provided on a full-year basis. A student enrolled in a full-year course shall receive one-half credit if the student successfully completes either the first half or the second half of a full-year course but fails to successfully complete the other half of the course and the averaging of the grades obtained in each half would not result in a passing grade."

Personnel in M-DCPS strongly believe that continuous effort, resulting in academic achievement, is essential to progressive scholastic growth. As a result, M-DCPS submitted a waiver to the Florida Department of Education to permit a teacher to override a passing end-of-year grade for an annual course for students who do not earn a minimum of five (5) grade points in the second semester. The waiver was granted; it enables teachers to override a passing end-of-year grade for an annual course by awarding a failing grade despite the fact that the average for the year in an annual course yields a passing grade.

When a student receives credit for an annual course as the result of averaging a failing semester and a passing semester, that student must also meet additional requirements, such as class attendance, homework, participation, and other indicators of performance. Where appropriate, the teacher may continue to use an override or the "incomplete" grade entry.

## Advantages of a Modified Semester System

1. Students who fail a course do not have to repeat a 180-day course to receive credit. Under a modified semester system, however, there is no need to develop two master schedules per year and to reschedule all classes during the second half of the school year.
2. The availability of semester courses provides the flexibility necessary to assist students who are having difficulties with certain subjects or with school in general.
3. Flexible promotion schedules benefit students who need either longer or shorter lengths of time to master the basic curriculum. For example, by relaxing entry requirements to the ninth and to the tenth grade, at-risk students are able to receive a more appropriate curriculum, but are still responsible for high school completion requirements.
4. Increased opportunities for the advanced student make acceleration possible.
5. Utilization of the state system of course codes (and the district computerized curriculum bulletin) allow semester credit to be granted for partial completion of a course which has been designated as an annual course by the state.
6. The district computerized system permits a teacher to override computer-average grades in all cases except in assigning the grade of "F." This means that a student who is failing a course can demonstrate mastery of course standards and be awarded a passing grade, even though a strict numerical average might not yield one. This eliminates the problem that results when students who are failing a course feel there is no point in trying harder since the final, strictly-derived average would still be below passing.
7. The enhancement of various bilingual programs makes it possible for students with limited English proficiency to stay current in subject matter in the home language while learning English. This helps to prevent failure and "out-of-phase" schedules.

8. A student who has amassed sufficient credits to graduate can begin post-secondary experiences at the end of the first semester of the final year. Students can still participate in the graduation ceremony at the conclusion of the school year.
9. Special programs and procedures designed to help at-risk students allow for promotion and scheduling flexibility to meet individual needs. Examples of these are: the forgiveness policy for "D" and "F" grades; adult education; special education strategies, which can be used to help special students meet promotional requirements; and expanded opportunities for students to take adult courses to assist with graduation requirements.

### **Basic Features of the Modified Semester Plan**

The basic features of the modified semester plan are:

1. Student course schedules are developed on a yearly basis.
2. When it is beneficial to students, semester credit is awarded for partial completion of an annual course.
3. When it is in the student's best interest, a student who is failing a course is moved to another related course at a lower level and, subsequently, can receive full credit in the second course upon successful completion.
4. Alternative scheduling mechanisms and programs are formally encouraged.

Comment: NEWCOMERS ESOL Level I students in grades K-5 receive instruction in Reading, Language Arts and ESOL. They receive "Comment 02" in Reading and Language Arts with an N/G on the report card. The ESOL grade is a combination of the ESOL, Language Arts and Reading grades.

Comment codes:
01: Receiving bilingual instruction in this subject. (CCHL)
02: Language Arts/Reading grade received within the ESOL grade.
05: Receiving instruction in English using ESOL strategies
21: Working below grade level

GRADE	GRADE	NUMERICAL VALUE	VERBAL INTERPRETATION	GRADE POINT VALUE
E	A	90 - 100%	Outstanding progress	4
G	B	80 - 89%	Above average progress	3
S	C	70 - 79%	Average progress	2
M	D	60 - 69%	Lowest acceptable progress	1
U	F	0 - 59%	Failure	0

## **APPENDIX G**

### **ADMISSION AND GRADUATION REQUIREMENTS FOR STUDENTS WITH DISABILITIES AT POST SECONDARY CAREER TECHNICAL CENTERS - GUIDELINES**

## **ADMISSION AND GRADUATION REQUIREMENTS FOR STUDENTS WITH DISABILITIES AT POST-SECONDARY CAREER TECHNICAL CENTERS - GUIDELINES**

M-DCPS adheres to a policy of nondiscrimination in requirements for admission to and graduation from programs offered at post-secondary career technical centers operated by the District. The District will provide on a case-by-case basis, waivers, accommodations, and reasonable substitutions in meeting the admission and graduation requirements for students with disabilities.

### **I. GENERAL PROCEDURES**

#### **A. Eligibility**

To identify persons eligible for waivers, accommodations, and reasonable substitutions due to hearing and vision impairment, dyslexia, or other specific learning disability:

Each career technical center will designate a qualified counselor to serve as the primary contact point for persons seeking waivers, accommodations, and reasonable substitutions. In order to identify qualified persons, all students will be advised of the opportunity to identify a disabling condition that requires special consideration in order to request waivers, accommodations, and reasonable substitutions. In addition, they will be asked to supply documentation to verify the disabling condition. All of this information will be maintained in confidence.

#### **B. Identification of Waivers, Accommodations, and Reasonable Substitutions**

To identify waivers, accommodations, and reasonable substitutions as criteria for admission to the institution, admission to a program of study, entry to upper division, or graduation related to each disability:

M-DCPS adheres to a policy of open admission to career technical centers. The district will establish a committee to periodically review various program requirements and identify potential barriers related to specific disabling conditions.

Inservice training for the career technical center faculty and staff will be provided to assist in identifying the need for waivers, accommodations, reasonable substitutions, and in implementing procedures to support M-DCPS policy.

#### **C. Communications**

To make designated waivers, exemptions, accommodations, and reasonable substitutions known to affected persons:

The existence of a mechanism for waivers, exemptions, accommodations, and reasonable substitutions will be printed in *Curriculum Bulletin-I*, Weekly Briefing ID# 5772, student handbooks, and faculty handbooks.

D. Process

To make waiver, accommodation, and reasonable substitution decisions on an individual basis:

Following enrollment in any program or course offered at a post-secondary career technical center, a student may request a waiver, accommodation, or a reasonable substitution. The teacher will evaluate the request to determine need.

All teacher decisions regarding waivers, accommodations, and reasonable substitutions will be forwarded to and maintained by the designated counselor.

E. Appeal

To appeal a denial of a waiver, accommodation, and reasonable substitution or to appeal a determination of ineligibility:

A student may appeal the denial of a waiver, accommodation, and reasonable substitution by submitting a request to the designated counselor who will forward it to a school level committee composed of an administrator, counselor, teacher, and department chairperson.

If an appeal is denied at the career technical center it will be submitted to a district review committee composed of administrators representing the Offices of School Operations, Career Technical Education, and Civil Rights Compliance to assure that the student has been afforded due process. The decision of the district review committee is final.

## II. RECORD KEEPING

Each request for a waiver, exemption, accommodation, and reasonable substitution will be maintained in the student's permanent record. Records will also be maintained on all decisions regarding requests, approvals, denials, and appeals.

## **APPENDIX H**

### **Waiver of World Language Credit for Same Second Language Proficiency**

## World Language Credit Requirement Through Demonstration of Proficiency

Pursuant to s. [1003.4285](#), F.S., in order to earn the Scholar designation, a student must complete two credits in the same foreign language. As authorized by the Florida Department of Education, if a student is a native speaker of a language other than English and can demonstrate proficiency, a student may substitute up to two academic credits for the two required credits in the same foreign language. The transcripts of students who demonstrate proficiency in a language other than English should indicate course number 0791920, *World Language Waiver*, which represents the waiver of the world language credit requirement through demonstration of proficiency. Districts may document proficiency through a variety of methods, including:

- Exit tests or assessments used in IB, AP, or AICE programs
- Language placement tests used by the modern languages department at the local college or state university
- Use of a commercially-developed language proficiency test, such as the College Level Examination Program (CLEP), in languages other than English, the Oral Proficiency Interview designed by the American Council on Education, or the SAT II (formerly Achievement Test) designed by the College Board.

Per s. [1007.2615](#), F.S.(2)(b), students taking American Sign Language for foreign-language credit must be advised prior to enrollment in such course that state universities and postsecondary institutions outside of Florida may not accept such credits as satisfying foreign-language requirements.

## **APPENDIX I**

### **COMPARISON OF INDIVIDUAL STUDENT PLANS**

Plan Element	Schoolwide System of Progress Monitoring	Individual Education Plan (IEP)	Section 504 Plan	Limited English Proficient (LEP) Student Plan
Authority	Section 1008.25(4), F.S.	Individuals with Disabilities Education Act and Rule 6A-6.03028, FAC	Section 504 of the Rehabilitation Act of 1973	Consent Decree, <i>LULAC et. al. v. State Board of Education</i> (1990)
Purpose	To assist the student in meeting state and district expectations for proficiency for promotion in reading, writing, mathematics, and science	To address the unique educational needs of a student with a disability to ensure a free and appropriate public education	To provide students with disabilities equal opportunity to benefit from educational programs, services, or activities as is provided their nondisabled peers	To ensure the provision of appropriate services to students with limited English proficiency and to monitor the progress made by such students
Target Audience/ Student Eligibility	Students who do not meet specific levels of performance as determined by the School Board in reading and mathematics for each grade level, or who do not meet specific levels of performance as determined by the Commissioner of Education on statewide assessments at selected grade levels.	Students who meet the eligibility requirements under IDEA and State Board of Education Rules must have an IEP developed and implemented.	Students with a current physical or mental impairment, which substantially limits one or more major life activities	Students identified through a home language survey and oral/aural and reading/writing (grades 4-12) assessments to be limited English proficient
Goals	Identification of the desired level of performance in area(s) of deficiency in reading, specifically in the areas of phonemic awareness, phonics, fluency, comprehension, and vocabulary	Identification of measurable annual goals to address the student's priority educational needs	n/a	Develop as effectively and efficiently as possible each child's English language proficiency and academic potential. Ensure equal access to programming and comprehensible instruction.

Plan Element	Schoolwide System of Progress Monitoring	Individual Education Plan (IEP)	Section 504 Plan	Limited English Proficient (LEP) Student Plan
Basis	Identify the student's specific area(s) of deficiency in reading, specifically in the areas of phonemic awareness, phonics, fluency, comprehension, and vocabulary	Identify present levels of educational performance (effects of the disability) including strengths of the student and how the disability affects progress in the general education curriculum	Determination of necessary accommodations based on the individual needs of the student	Identification of eligible students through a home language survey and subsequent oral/aural and reading/writing (grades 4-12 only) assessments
Monitoring	Schools must also provide for the frequent monitoring of the student's progress in meeting the desired levels of performance.	Statement of how progress toward annual goals will be measured.	Periodic reevaluations are required, but no specific timeframe is provided.	Until reclassification as English proficient using same or comparable assessment, procedures, or standards as at entry; also two years post-exit
Parent Involvement	Schools are to advise parents when students are not meeting levels of performance for the academic grade through various means of communication to include conferences, report card comments, progress reports, telephone calls and others.	Parents are integral members of the student's IEP team; documentation is required demonstrating that the parent was afforded the opportunity to participate.	Parents are not required by law to be members of the 504 Committee, although best practice dictates that they have involvement in the evaluation and placement process. Federal law requires schools to provide parents regarding the procedural protection provision.	Parent involvement shall be promoted by the establishment of Parent Leadership Councils at the school or district level in addition to the training and promotion of parents of LEP students on other advisory councils in the district.
Service Delivery	Identification and provision of the instructional and support services to be provided to meet the desired levels of performance	Identification and delivery of special education and related services, accommodations, and/or modifications	Individualized based on the student's required accommodations and/or modifications	Intensive English language instruction and instruction in basic subject that are comprehensible and equal to that provided to English proficient students in scope, sequence, etc.
Combinations	n/a	n/a	n/a	LEP student plan may be combined with an IEP

Plan Element	Schoolwide System of Progress Monitoring	Individual Education Plan (IEP)	Section 504 Plan	Limited English Proficient (LEP) Student Plan
Other Requirements	<p>District school boards shall assist schools and teachers to implement research-based reading activities that have been shown to be successful in teaching reading to low-performing students.</p> <p>Remedial instruction provided during high school may not be in lieu of English and mathematics credits required for graduation.</p>	An IEP may suffice for the progress monitoring process.	There are no specific requirements for the content of a Section 504 plan; the plan identifies services or accommodations to be provided. Students eligible for a Section 504 plan may also participate in the schoolwide system of progress monitoring if they are experiencing academic difficulties.	The LEP or Student plan may be included in or attached to an existing student's plan, e. g., IEP, or may be a separate document for a given student or students.

## **APPENDIX J**

### **End of Course Assessment Waiver For Students with Disabilities**

## End of Course Assessment Waiver for Students with Disabilities

Section 1008.22(3)(c)(2) F.S., states that, "A student with a disability, as defined in s.1007.02(2), F.S., for whom the Individual Education Plan (IEP) committee determines that an end of course assessment cannot accurately measure the student's abilities, taking into consideration all allowable accommodations, shall have the end of course assessment results waived for the purpose of receiving a course grade and a high school diploma, as applicable."

### 2010-2011

- Ninth grade students who completed the Algebra 1 curriculum in 2010-2011 were required to take the Algebra 1 EOC assessment and have the Algebra 1 EOC Assessment score count as 30 percent of their course grade.
- The FLDOE issued a memorandum indicating, "If the EOC assessment score used to calculate the student's grade negatively impacts the student's grade, but does not result in the student failing the course, the IEP team can recommend a waiver of the EOC results."
- The District used an algorithm to calculate student grades. No IEP team must convene in order to consider waiving Algebra 1 EOC results at this time.

### 2011-2012

- Algebra 1, Biology 1, and Geometry will have EOC assessments, which will count in the following ways:
  - First time ninth grade students in 2010-11 retain the requirement that the Algebra 1 EOC counts as 30 percent of the final grade, even if they take it after ninth grade. Subsequent cohorts (first-time ninth graders in 2011-12 and beyond) must pass the EOC to obtain credit in Algebra 1.
  - Geometry and Biology 1 EOC tests count as 30 percent of the final grade in the corresponding courses for first-time ninth grade students in 2011-12 and 2012-2013. The 30 percent requirement remains for this first cohort of students, regardless of the grade level in which they take these courses.
- Certain students with disabilities will be eligible for waivers for these EOC assessments after they have taken an assessment at least once.
- The decision regarding the waiver of the EOC results must be made by the IEP team and documented on the IEP through SPED EMS
- The team may convene at any time after the student has taken the assessment at least once and it has been determined that the student failed to earn a passing score on an EOC assessment.

If an EOC exam waiver is granted, the final course grade will be recalculated so that the EOC score does not reflect performance on the EOC exam.

At present, there are EOC Exams for Algebra 1, Algebra 2, Biology 1, Geometry, U.S. History, and Civics, The EOC assessment results can be waived if the student meets all of the following criteria:

1. Be identified as a student with a disability.
2. Have an active IEP
3. Have taken the EOC assessment with appropriate allowable accommodations at least once
4. Have demonstrated, as determined by the IEP team, achievement of the course standards (must earn course credit by passing the course)

The EOC waiver does not apply to students who are determined eligible solely for the Hospital/Homebound program or to students with only a 504 plan. The Waiver of End of Course (EOC) Assessment Results Requirements for Students with Disabilities is available is through SPED EMS.

Beginning with students who entered grade 9 in the 2014-2015 school year, parents must approve any waiver of the statewide, standardized assessment requirements by the individual educational plan (IEP) team. The waiver is subject to verification for appropriateness by an independent reviewer selected by the parent as provided in s. 1003.572. For further information please refer to DPS: 2015-2016 April 17, 2015 Florida Department of Education, Technical Assistance Paper: Waiver of Statewide, Standardized Assessment Results for Students with Disabilities.

## Anti-Discrimination Policy

### Federal and State Laws

The School Board of Miami-Dade County, Florida adheres to a policy of nondiscrimination in employment and educational programs/activities and strives affirmatively to provide equal opportunity for all as required by:

**Title VI of the Civil Rights Act of 1964** - prohibits discrimination on the basis of race, color, religion, or national origin.

**Title VII of the Civil Rights Act of 1964 as amended** - prohibits discrimination in employment on the basis of race, color, religion, gender, or national origin.

**Title IX of the Education Amendments of 1972** - prohibits discrimination on the basis of gender.

**Age Discrimination in Employment Act of 1967 (ADEA) as amended** - prohibits discrimination on the basis of age with respect to individuals who are at least 40.

**The Equal Pay Act of 1963 as amended** - prohibits gender discrimination in payment of wages to women and men performing substantially equal work in the same establishment.

**Section 504 of the Rehabilitation Act of 1973** - prohibits discrimination against the disabled.

**Americans with Disabilities Act of 1990 (ADA)** - prohibits discrimination against individuals with disabilities in employment, public service, public accommodations and telecommunications.

**The Family and Medical Leave Act of 1993 (FMLA)** - requires covered employers to provide up to 12 weeks of unpaid, job-protected leave to "eligible" employees for certain family and medical reasons.

**The Pregnancy Discrimination Act of 1978** - prohibits discrimination in employment on the basis of pregnancy, childbirth, or related medical conditions.

**Florida Educational Equity Act (FEEA)** - prohibits discrimination on the basis of race, gender, national origin, marital status, or handicap against a student or employee.

**Florida Civil Rights Act of 1992** - secures for all individuals within the state freedom from discrimination because of race, color, religion, sex, national origin, age, handicap, or marital status.

**Title II of the Genetic Information Nondiscrimination Act of 2008 (GINA)** - prohibits discrimination against employees or applicants because of genetic information.

**Boy Scouts of America Equal Access Act of 2002** – no public school shall deny equal access to, or a fair opportunity for groups to meet on school premises or in school facilities before or after school hours, or discriminate against any group officially affiliated with Boy Scouts of America or any other youth or community group listed in Title 36 (as a patriotic society).

*Veterans are provided re-employment rights in accordance with P.L. 93-508 (Federal Law) and Section 295.07 (Florida Statutes), which stipulate categorical preferences for employment.*

#### **In Addition:**

**School Board Policies 1362, 3362, 4362, and 5517** - Prohibit harassment and/or discrimination against students, employees, or applicants on the basis of sex, race, color, ethnic or national origin, religion, marital status, disability, genetic information, age, political beliefs, sexual orientation, gender, gender identification, social and family background, linguistic preference, pregnancy, and any other legally prohibited basis. Retaliation for engaging in a protected activity is also prohibited.
